Liquidation

The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated exporter/importer-specific assessment rates. To calculate these rates, we divided the total dumping margins for the reviewed sales by the total entered value of those reviewed sales for each importer. *Id.* The Department will issue appropriate assessment instructions directly to CBP within 15 days of publication of these final results of review. We will direct CBP to assess the appropriate assessment rate against the entered Customs values for the subject merchandise on each of the importer's entries under the relevant order during the POR.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of stainless steel butt-weld pipe fittings from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a) of the Tariff Act of 1930, as amended (the Act): (1) Because the cash deposit rate for the reviewed company is *de minimis*, (see 19 CFR 351.106(c)) no cash deposit shall be required; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 21.2 percent. This rate is the "All Others" rate from the amended final determination in the LTFV investigation. See *Antidumping Duty Order: Certain Welded Stainless Steel Butt-Weld Pipe Fittings From Korea*, 58 FR 11029 (February 23, 1993). These deposit requirements shall remain in effect until the publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 7, 2006.

David M. Spooner,

Assistant Secretary for Import Administration.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules").
