Notice of Availability of the Record of Decision, West Mojave Plan, California

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act, the Federal Land Policy and Management Act and Bureau of Land Management (BLM) management policies, the BLM announces approval of the West Mojave (WEMO) Plan and Record of Decision (ROD). The approved WEMO Plan/ROD amends the California Desert Conservation Area (CDCA) Plan by providing management direction for approximately 3.3 million acres of public lands administered by the BLM's

California Desert District, located in Inyo, Kern, Los Angeles, and San Bernardino Counties in southern California. Approval of the WEMO Plan/ROD terminates all interim measures identified in the *Consent Decree in Center for Biological Diversity, et al. v. BLM* (C-00-0927 WHA (JCS)) with regard to the West Mojave Planning area.

DATES: The approved WEMO Plan is effective upon signing of the ROD.

ADDRESSES: The WEMO Plan/ROD is available on the BLM Web site, <http://www.ca.blm.gov>. Copies of the WEMO Plan/ROD are also available upon request from the District Manager, California Desert District Office, located at 22835 Calle San Juan De Los Lagos, Moreno Valley, CA 92553. Copies may be examined at the District Office in Moreno Valley, and at BLM's Ridgecrest Field Office, located at 300 S. Richmond Road, Ridgecrest CA 93555, and Barstow Field Office located at 2601 Barstow Road, Barstow CA 92311, during regular business hours from 7:45 a.m. to 4 p.m., Monday through Friday, except holidays.

FOR FURTHER INFORMATION CONTACT: Stephen Razo, California Desert District, at (951) 697-5217.

SUPPLEMENTARY INFORMATION: The approved WEMO Plan is associated with a multi-jurisdictional habitat conservation plan (HCP), encompassing 9.3 million acres in Inyo, Kern, Los Angeles, and San Bernardino counties, to be conducted under the lead jurisdiction of San Bernardino County and the City of Barstow. The ROD approves only the WEMO Plan, which applies to the Federal lands managed by BLM. Approval of the HCP is dependent on future local government actions.

An approved WEMO Plan and HCP will provide a streamlined program for public agencies and private parties to comply with requirements of the State and Federal Endangered Species Acts.

BLM, San Bernardino County, the City of Barstow, and many other entities cooperated or participated in the WEMO Plan's development. Those entities include three other counties, 10 other cities, the California Department of Fish and Game, the California Department of Transportation, the U.S. Fish and Wildlife Service, four U.S. military bases, and numerous non-governmental organizations and businesses. Extensive public involvement occurred during scoping, draft WEMO Plan/EIS, and proposed WEMO Plan/Final EIS reviews.

BLM's approval of the WEMO Plan/ROD enables BLM, its partners, and its stakeholders to begin implementing

actions that will protect and conserve species and their habitats while providing for appropriate use of desert resources and the future growth and development of desert communities.

Dated: January 27, 2006.

Proposed Reinstatement of Terminated Oil and Gas Leases NMNM 112261 and NMNM 112262

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of reinstatement of terminated oil and gas leases.

SUMMARY: Under the provisions of Public Law 97-451, Elk Oil Company timely filed a petition for reinstatement of oil and gas leases NMNM 112261 and NMNM 112262 for lands in Chaves County, New Mexico, and was accompanied by all required rentals and royalties accruing from October 1, 2005, the date of the terminations.

FOR FURTHER INFORMATION CONTACT: Becky C. Olivas, BLM, New Mexico State Office, (505) 438-7609.

SUPPLEMENTARY INFORMATION: No valid lease has been affecting the lands. The lessee has agreed to new lease terms for rentals and royalties at rates of \$10.00 per acre or fraction thereof and 16²/₃ percent, respectively. The lessee has paid the required \$500.00 administrative fees and has reimbursed the Bureau of Land Management for the cost of this **Federal Register** notice.

The lessee has met all the requirements for reinstatement of the leases as set out in Sections 31(d) and (e) of the Mineral Lease Act of 1920 (30 U.S.C. 188), and the Bureau of Land Management is proposing to reinstate the leases effective October 1, 2005, subject to the original terms and conditions of the leases and the increased rentals and royalty rates cited above.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR 203, Relief or Reduction in Royalty Rates.

OMB Control Number: 1010-0071.

Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended by Public Law 104-58, Deep Water Royalty Relief Act (DWRRA), gives the Secretary of the Interior (Secretary) the authority to reduce or eliminate royalty or any net profit share specified in OCS oil and gas leases to promote increased production. The DWRRA also authorized the

Secretary to suspend royalties when necessary to promote development or recovery of marginal resources on producing or non-producing leases in the Gulf of Mexico (GOM) west of 87 degrees, 30 minutes West longitude.

Section 302 of the DWRRA provides that new production from a lease in existence on November 28, 1995, in a water depth of at least 200 meters, and in the GOM west of 87 degrees, 30 minutes West longitude qualifies for royalty suspension in certain situations. To grant a royalty suspension, the Secretary must determine that the new production or development would not be economic without royalty relief. The Secretary must then determine the volume of production on which no royalty would be due in order to make the new production from the lease economically viable. This determination must be done on a case-by-case basis. Production from leases in the same water depth and area issued after November 28, 2000, also can qualify for royalty suspension in addition to any that may be included in their lease terms.

In addition, federal policy and statute require us to recover the cost of services that confer special benefits to identifiable non-federal recipients. The Independent Offices Appropriation Act (31 U.S.C. 9701), OMB Circular A-25, and the Omnibus Appropriations Bill (Pub. L. 104-133 110 Stat. 1321, April 26, 1996) authorize MMS to collect these fees to reimburse us for the cost to process applications or assessments.

Regulations at 30 CFR part 203 implement these statutes and policy and require respondents to pay a fee to request royalty relief. Section 30 CFR 203.3 states that, "We will specify the necessary fees for each of the types of royalty-relief applications and possible MMS audits in a Notice to Lessees. We will periodically update the fees to reflect changes in costs as well as provide other information necessary to administer royalty relief."

MMS uses the information to make decisions on the economic viability of leases requesting a suspension or elimination of royalty or net profit share. These decisions have enormous monetary impacts to both the lessee and the Federal Government. Royalty relief can lead to increased production of natural gas and oil, creating profits for lessees and royalty and tax revenues for the government that they might not otherwise receive. We could not make an informed decision without the collection of information required by 30 CFR part 203.

We will protect information from respondents considered proprietary
