## Description

Section 17(d)(2)(A) of the Child Nutrition Act of 1966 (42 U.S.C. 1786 (d)(2)(A)) requires the Secretary of Agriculture to establish income criteria to be used with nutritional risk criteria in determining a person's eligibility for participation in the WIC Program. The law provides that persons will be income eligible for the WIC Program only if they are members of families that satisfy the income standard prescribed for reduced-price school meals under section 9(b) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1758(b)). Under section 9(b), the income limit for reduced-price school meals is 185 percent of the Federal poverty guidelines, as adjusted.

Section 9(b) also requires that these guidelines be revised annually to reflect changes in the Consumer Price Index. The annual revision for 2006 was published by the Department of Health and Human Services (HHS) at 71 FR 3848, January 24, 2006. The guidelines published by HHS are referred to as the

poverty guidelines. Section 246.7(d)(1) of the WIC regulations (Title 7, Code of Federal Regulations) specifies that State agencies may prescribe income guidelines either equaling the income guidelines established under section 9 of the Richard B. Russell National School Lunch Act for reduced-price school meals or identical to State or local guidelines for free or reducedprice health care. However, in conforming WIC income guidelines to State or local health care guidelines, the State cannot establish WIC guidelines which exceed the guidelines for reduced-price school meals, or which are less than 100 percent of the Federal poverty guidelines. Consistent with the method used to compute income eligibility guidelines for reduced-price meals under the National School Lunch Program, the poverty guidelines were multiplied by 1.85 and the results rounded upward to the next whole

At this time the Department is publishing the maximum and minimum WIC income eligibility guidelines by household size for the period July 1, 2006, through June 30, 2007. Consistent with section 17(f)(17) of the Child Nutrition Act of 1966 (42 U.S.C. 1786(f)(17)), a State agency may implement the revised WIC income

eligibility guidelines concurrently with the implementation of income eligibility guidelines under the Medicaid program established under Title XIX of the Social Security Act (42 U.S.C. 1396, et seq.). State agencies may coordinate implementation with the revised Medicaid guidelines, but in no case may implementation take place later than July 1, 2006.

State agencies that do not coordinate implementation with the revised Medicaid guidelines must implement the WIC income eligibility guidelines on July 1, 2006. The first table of this notice contains the income limits by household size for the 48 contiguous

States, the District of Columbia and all Territories, including Guam. Because the poverty guidelines for Alaska and Hawaii are higher than for the 48 contiguous States, separate tables for Alaska and Hawaii have been included for the convenience of the State agencies.
