Description: Under the Employee Retirement Income Security Act of 1974, 29 U.S.C. 1001 *et seq.* (ERISA), the Department of Labor (Department) has responsibility to administer the reporting, disclosure, fiduciary and other standards for pension and welfare benefit plans. In 1976, the Department issued ERISA Procedure 76-1, Procedure for ERISA Advisory Opinions (ERISA Procedure), in order to establish a public process for requesting guidance from the Employee Benefits Security Administration (EBSA) on the application of ERISA to particular circumstances. The ERISA Procedure sets forth specific administrative procedures for requesting either an advisory opinion or an information letter and describes the types of questions that may be submitted. As part of the ERISA Procedure, requesters are instructed to provide information to EBSA concerning the circumstances governing their request. EBSA relies on the information provided by the requester to analyze the issue presented and provide guidance. The ERISA Procedure has been in use since 1976, and the Department has issued hundreds of advisory opinions and information letters under its rules.

Acting Departmental Clearance Officer.
