II. What Action Is EPA Taking Today?

EPA is proposing to approve revisions to the Indiana SIP in one area: To repeal 326 IAC 6–1, and to replace it with 326 IAC 6.5 “Particulate Matter Limitations for all counties with the exception of Lake County,” and 326 IAC 6.8 “Particulate Matter Limitations for Lake County.”

This revision renumbers and simplifies the organizational structure of the rule. IDEM has done this in order to streamline future rule amendment processes by having a separate section for each company. This rule eliminates the submittal of hundreds of pages of paper for one emission limit amendment. The revision does not change any control requirements or any other provisions in 326 IAC 6–1.

III. Where Can I Find More Information About This Proposal and the Corresponding Direct Final Rule?

For additional information, see the Direct Final Rule which is located in the Rules section of this **Federal Register**. Copies of the request and the EPA’s analysis are available electronically at

RME or in hard copy at the above address. (Please telephone Jonathan Nichols at (312) 353–7942 before visiting the Region 5 Office.)

SUPPLEMENTARY INFORMATION: This proposal addresses the following local rules: WCDBH Rules 040.031 and 040.032. In the Rules and Regulations section of this **Federal Register**, we are approving these local rules in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Please note that if we receive adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.
