

to register for-hire motor carriers of regulated commodities under the provisions of 49 U.S.C. 13902, surface freight forwarders under the provisions of 49 U.S.C. 13903, and property brokers under the provisions of 49 U.S.C. 13904. These persons may conduct interstate transportation services only if they are registered pursuant to 49 U.S.C. 13901. As a condition of registration under 49 U.S.C. 13902 and 13903 [The Interstate Commerce Commission Termination Act of 1995 (ICCTA), (Pub. L. 104–88, 109 Stat. 803), (now codified at 49 U.S.C. 14708(a))], a carrier providing transportation of household goods subject to jurisdiction under subchapters I or III of chapter 135, title 49, U.S.C., must agree to offer arbitration to HHGs shippers as a means of settling disputes concerning damage or loss to the household goods transported, and to determine whether carrier charges, in addition to those collected at delivery, must be paid by shippers for transportation and services related to transportation of household goods [Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU), Public Law 109–59, 119 Stat. 1144, Aug. 10, 2005 (H.R. 3, Sec. 4208. Arbitration Requirements)].

Under 49 U.S.C. 14708(g), the Secretary is required to complete an assessment of the dispute settlement program and if, after notice and opportunity for comment, it is determined that changes to the program are necessary, the Secretary will implement such changes and provide a report to Congress on the changes made. The General Accountability Office (GAO) recommended such an assessment in their March 2001 review (Report Number GAO–01–318). The Secretary has delegated authority pertaining to these registrations and arbitration matters to FMCSA.

Since the passage of the ICCTA, the level of Federal involvement in mitigating interstate HHGs disputes has been significantly reduced. FMCSA is responsible for overseeing the arbitration process, but has provided only limited attention, staffing, and resources to this non-safety related function. Shippers of household goods unhappy about loss or damage to property during their move with an interstate HHGs carriers may follow one of several paths to settle disputes as follows: (1) File a complaint with consumer assistance organizations or FMCSA; (2) agree to participate in a binding arbitration process with the American Moving and Storage Association (AMSA) or some other organization that runs an arbitration

process; or (3) pursue civil litigation. Each carrier providing transportation of household goods must agree to offer to shippers of HHGs neutral arbitration, as well as a concise easy-to-read, accurate summary of the arbitration procedure, any applicable costs, and disclosure of the legal effects of election to utilize arbitration and inform shippers about the availability of this process to resolve complaints (49 U.S.C. § 14708(a) and (b)(2)). As mandated by Congress, FMCSA is required to determine the effectiveness of arbitration as a means of settling HHGs disputes from the point of view of both interstate shippers and carriers. The increasing number of consumer complaints related to HHGs shipments received by FMCSA and other consumer protection organizations demonstrates the current need for such an assessment.

Frequency: Annually.

Respondents: Household goods shippers and carriers.

Estimated Number of Respondents: 324 [100 respondents × 3 surveys + 24 respondents × 1 survey = 324 respondents].

Average Burden per Response: 30 minutes per survey.

Total Annual Hours Requested: The estimated total annual burden is 162 hours for the information collection comprised of four arbitration satisfaction surveys—one for HHGs arbitration users, one for HHGs arbitration complainants, one for HHGs carriers; and one for HHGs arbitration filers who have filed complaints with FMCSA [100 respondents × 3 surveys + 24 respondents × 1 survey × 30 minutes / 60 minutes = 162 hours].

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of FMCSA, including whether the information will have practical utility; (b) the accuracy of the estimated burden; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, without reducing the quality of the collected information. All responses to this notice will be summarized and included in the request for OMB approval.

Issued on: March 24, 2006.

Qualification of Drivers; Exemption Applications; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of renewal of exemption; request for comments.

SUMMARY: FMCSA announces its decision to renew the exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations for 16 individuals. FMCSA has statutory authority to exempt individuals from its vision standards if the exemptions granted will not compromise safety. The Agency has concluded that granting these exemptions will provide a level of safety that is equivalent to, or greater than, the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

DATES: This decision is effective April 14, 2006. Comments must be received on or before May 1, 2006.

ADDRESSES: You may submit comments identified by DOT Docket Management System (DMS) Docket Numbers FMCSA–99–5578, FMCSA–99–6156, FMCSA–99–6480, FMCSA–2002–13411, FMCSA–2003–16241 and FMCSA–2003–16564, using any of the following methods.

SUPPLEMENTARY INFORMATION:

Exemption Decision

Under 49 U.S.C. 31315 and 31136(e), FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption." The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381. This Notice addresses 16 individuals who have requested renewal of their exemptions in a timely manner. FMCSA has evaluated these 16 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

Lawrence M. Daley
Clifford H. Dovel
Glenn E. Gee
Robert N. Heaton

Laurent G. Jacques
Jay W. Jarvis
Michael W. Jones
Earl E. Martin
Craig W. Miller
Jack D. Miller
Eric M. Moats, Sr.
Robert W. Nicks
Tommy L. Ray, Jr.
Wolfgang V. Spekis
Edward J. Sullivan
Steven L. Valley

These exemptions are extended subject to the following conditions: (1) That each individual have an examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the standard in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retain a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31315 and 31136(e).

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two-year periods. In accordance with 49 U.S.C. 31315 and 31136(e), each of the 16 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (64 FR 27027; 64 FR 51568; 67 FR 10475; 69 FR 8260; 64 FR 54948; 65 FR 159; 67 FR 17102; 69 FR 17267; 64 FR 68195; 65 FR 20251; 67 FR 76439; 68 FR 10298; 68 FR 61857; 68 FR 75715; 68 FR 74669; 69 FR 10503). Each of these 16 applicants has requested timely renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the standard specified at 49 CFR 391.41(b)(10) and that the vision

impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption standards. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31315 and 31136(e). However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by May 1, 2006.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31315 and 31136(e) can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequently comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 16 individuals from the vision requirement in 49 CFR 391.41(b)(10). That final decision to grant the exemption to each of these individuals was based on the merits of each case and only after careful consideration of the comments received to its Notices of applications. Those Notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties possessing information that would suggest that any, or all of these drivers, are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31315 and 31136(e), FMCSA will take immediate steps to revoke the exemption(s) in question.

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Agency Request for Emergency Processing of Collection of Information by the Office of Management and Budget

AGENCY: Federal Railroad Administration, DOT.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and its implementing regulations, the Federal Railroad Administration (FRA) hereby announces that it is seeking an extension of the following currently approved information collection activities. These information collection activities received a six-month emergency approval from OMB. FRA seeks this extension while it works on developing a proposed rule related to the same topic of railroad operating rules. Before submitting these information collection requirements for clearance by the Office of Management and Budget (OMB), FRA is soliciting public comment on specific aspects of the activities identified below.

DATES: Comments must be received no later than May 30, 2006.

ADDRESSES: Submit written comments on any or all of the following proposed activities by mail to either: Mr. Robert Brogan, Office of Safety, Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1120 Vermont Ave., NW., Mail Stop 17, Washington, DC 20590, or Mr. Victor Angelo, Office of Support Systems, RAD-20, Federal Railroad Administration, 1120 Vermont Ave., NW., Mail Stop 35, Washington, DC 20590. Commenters requesting FRA to acknowledge receipt of their respective comments must include a self-addressed stamped postcard stating, "Comments on OMB control number

2130-0568." Alternatively, comments may be transmitted via facsimile to (202) 493-6230 or (202) 493-6170, or e-mail to Mr. Brogan at *robert.brogan@fra.dot.gov*, or to Mr. Angelo at *victor.angelo@fra.dot.gov*. Please refer to the assigned OMB control number in any correspondence submitted. FRA will summarize comments received in response to this notice in a subsequent notice and include them in its information collection submission to OMB for approval.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1120 Vermont Ave., NW., Mail Stop 17, Washington, DC 20590 (telephone: (202) 493-6292) or Victor Angelo, Office of Support Systems, RAD-20, Federal Railroad Administration, 1120 Vermont Ave., NW., Mail Stop 35, Washington, DC 20590 (telephone: (202) 493-6470). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Pub. L. No. 104-13, § 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to provide 60-days notice to the public for comment on information collection activities before seeking approval for reinstatement or renewal by OMB. 44 U.S.C. 3506(c)(2)(A); 5 CFR 1320.8(d)(1), 1320.10(e)(1), 1320.12(a). Specifically, FRA invites interested respondents to comment on the following summary of proposed information collection activities regarding (i) Whether the information collection activities are necessary for FRA to properly execute its functions, including whether the activities will have practical utility; (ii) the accuracy of FRA's estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (iii) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (iv) ways for FRA to minimize the burden of information

collection activities on the public by automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses). See 44 U.S.C. 3506(c)(2)(A)(i)-(iv); 5 CFR 1320.8(d)(1)(i)-(iv). FRA believes that soliciting public comment will promote its efforts to reduce the administrative and paperwork burdens associated with the collection of information mandated by Federal regulations. In summary, FRA reasons that comments received will advance three objectives: (i) Reduce reporting burdens; (ii) ensure that it organizes information collection requirements in a "user friendly" format to improve the use of such information; and (iii) accurately assess the resources expended to retrieve and produce information requested. See 44 U.S.C. 3501.

Below is a brief summary of currently approved information collection activities that FRA will submit for clearance by OMB as required under the PRA:

OMB Control Number: 2130-0568.

Title: FRA Emergency Order No. 24, Notice No. 1.

Abstract: The collection of information is due to a recent rash of railroad accidents caused by human failure to properly set hand-operated main track switches in non-signalized territory. FRA has determined that public safety compels the issuance of Emergency Order No. 24 and necessitates this collection of information in order that railroads modify their operating rules and take certain other actions necessary to ensure that their employees who operate hand-operated main track switches in non-signalized territory restore the switches to their proper (normal) position after use. The Emergency Order is intended to reduce the risk of serious injury or death both to railroad employees and the general public.

Form Number(s): N/A.

Affected Public: Businesses.

Respondent Universe: 685 railroads; 100,000 Railroad Employees.

Frequency of Submission: One-time; On occasion.
