#### I. Program History

The Great Lakes Pilotage Act of 1960 requires foreign-flag vessels and U.S.-flag vessels in foreign trade to use Federal Great Lakes registered pilots while transiting the St. Lawrence Seaway and the Great Lakes system. 46 U.S.C. Chapter 93. The Coast Guard is responsible for administering this pilotage program, which includes setting rates for pilotage service.

The Coast Guard pilotage regulations require that the Coast Guard annually review pilotage rates and establish new rates at least once every five years, or sooner, if the annual reviews show a need to do so. 46 CFR part 404.

On January 23, 2003, the Coast Guard published a notice of proposed rulemaking (NPRM). 68 FR 3202. That NPRM recommended a 25 percent average increase in pilotage rates. That recommended increase was based on a
