7. Abstract: Each licensee authorized to possess special nuclear material totaling more than 350 grams of contained uranium-235, uranium-233, or plutonium, or any combination thereof, are required to submit DOE/NRC Forms 742 and 742C. In addition, any licensee authorized to possess 1,000 kilograms of source material is required to submit DOE/NRC Form 742. The information is used by NRC to fulfill its responsibilities as a participant in US/IAEA Safeguards Agreement and various bilateral agreements with other countries, and to satisfy its domestic safeguards responsibilities.

Submit, by June 5, 2006, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

2. Is the burden estimate accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?
