Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St. NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). #### Alabama Power Company; Notice of Availability of Environmental Assessment

March 29, 2006.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, the Office of Energy Projects has reviewed the application requesting the Commission's authorization for non-project use of project lands and waters for a water withdrawal at the Logan Martin development of the Coosa River Project. The proposed withdrawal would be located south of Ragland, Alabama. An environmental assessment (EA) has been prepared.

In the EA, the Commission's staff concludes that approval of the licensee's application would not produce any significant adverse environmental impacts, consequently the proposal would not constitute a major federal action significantly affecting the quality of the human environment.

A copy of the EA is attached to the Commission order titled "Approving Non-Project use of Project Lands and Waters, issued March 28, 2006, and is available at the Commission's Public Reference Room. A copy of the EA may also be viewed on the Commission's

Web site at <http://www.ferc.gov> using the "elibrary" link. Enter the docket numbers (P–2146) in the docket field to access the document. For assistance, call (202) 502–8222 or (202) 502–8659 (for TTY).

[Docket No. PF06–17–000]

#### Gulf South Pipeline Company; Notice of Intent To Prepare an Environmental Impact Statement for the Proposed East Texas Expansion Project and Request for Comments on Environmental Issues

March 28, 2006.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental impact statement (EIS) for the East Texas Expansion Project proposed by the Gulf South Pipeline Company (Gulf South). This notice describes the proposed project, the EIS process and how the public can participate in our<sup>1</sup> analysis.

This notice is being sent to affected landowners; Federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. We encourage government representatives to notify their constituents of this proposed project and encourage them to comment on their areas of concern.

An effort is being made to send this notice to all individuals, organizations and government entities interested in and/or potentially affected by the proposed project. This includes all landowners who are potential right-of-way grantors, whose property may be used temporarily for project purposes or who own homes within distances defined in the Commission's regulations of certain aboveground facilities.

If you received this notice, you are on the environmental mailing list for this project. If you would like to remain on our mailing list, please return the Information Request (Appendix 2). If you do not return the Information Request, you will be removed from the

<sup>1</sup> "We," "us," and "our" refer to the environmental staff of the FERC's Office of Energy Projects.
