

4. *Alternatives.* Alternatives initially being considered for the proposed improvement project include the following:

(a) Alternate location(s) for the Terminal Improvements (within the State or within the Ports of Los Angeles/Long Beach).

(b) Development of new landfills for a container terminal.

(c) Non-containerized use of terminal (i.e., lumber, autos).

(d) Non-shipping use i.e., park, cruise terminal, commercial development, empty container storage, etc.

(e) No Federal action (No wharf construction or dredging—construction of only backlands developments for Phases I and II) with and without Harry Bridges being relocated.

(f) Larger facility (14-acre fill for more storage area).

(g) Reduce Wharf (reduced fill—reduction in rip-rap, pilings, and dredging).

(h) Proposed project without Harry Bridges Boulevard being relocated.

(i) No Project (no physical changes).

5. *Comment Process.* All comments received as part of the 2003 scoping period will remain part of the administrative record and be addressed in the Draft EIR/EIS. A new public scoping meeting will not be held. Written comments to the Corps and Port regarding the Project changes will be received until April 28, 2006. Written comments should be addressed to the address below:

U.S. Army Corps of Engineers, Los Angeles District, Regulatory Branch and the Los Angeles Harbor Department, c/o Dr. Joshua Burnam and Dr. Ralph G. Appy, Attn: 2003-0-1142-JLB, P.O. Box 532711, Los Angeles, California 90053-2325.

Parties interested in being added to the Corps' electronic mail notification list for the Port of Los Angeles can register at: <http://www.spl.usace.army.mil/regulatory/register.html>. This list will be used in the future to notify the public about scheduled hearings and availability of future public notices.

6. *Availability of the Draft EIS/EIR.* The joint lead agencies expect the Draft EIS/EIR to be made available to the public in Summer 2006. A public hearing will be held during the public comment period for the Draft EIS/EIR.
