**Attachment III – Used Equipment Information and Questionnaire**

**USED AND REFURBISHED EQUIPMENT**

Equipment that has been previously owned or placed into service is generally eligible for support under Ex-Im Bank's loan, guarantee and insurance programs, provided certain criteria are met. To be eligible for Ex-Im Bank support, used equipment, including equipment that has been refurbished in the U.S., must meet the following eligibility criteria:

1. To be considered U.S. content, the used equipment must be of original U.S. manufacture, AND, if previously exported, must have been in use in the U.S. for at least one year prior to export.
2. The U.S. costs associated with the refurbishment of the equipment are eligible for Ex-Im Bank support, provided they meet Ex-Im Bank's foreign content policy parameters. Ex-Im Bank can support the lesser of 85 percent of the U.S. Contract Price of the item or 100% of the actual U.S. content of the item provided that (a) the item is shipped from the U.S. and (b) the foreign content of the item does not exceed 50 percent of the item's total production cost.
3. If the used equipment is of either original foreign manufacture or original U.S. manufacture, previously exported and has not been in use in the U.S. for at least one year prior to its proposed export, then Ex-Im Bank will treat it as foreign content and the following applies:
  - a. If the equipment is to be refurbished, the used equipment procurement cost is considered eligible foreign content provided that this cost is less than 50 percent of the total procurement and refurbishment cost.
  - b. If the foreign content of the used equipment exceeds 50 percent of the cost associated with the procurement and refurbishment of the equipment, then only the U.S. refurbishment portion will be considered eligible for Ex-Im Bank support.
4. Previously exported goods that benefited from Ex-Im Bank financing in the past will be considered eligible for Ex-Im Bank support provided that the original financing has been paid in full and that the equipment has been in use in the U.S. at least one year.
5. The repayment term that Ex-Im Bank offers for used and refurbished equipment will be consistent with Ex-Im Bank's international agreements for repayment terms based on contract value. Ex-Im Bank, at its sole discretion, will determine the remaining useful life of such equipment.
  - a. If the remaining useful life of the equipment is at least half the useful life of equivalent new equipment, then Ex-Im Bank may support a repayment term equal to that offered new equipment.
  - b. If the remaining useful life of the equipment is less than half the useful life of equivalent new equipment, then Ex-Im Bank may support a repayment term equal to the useful life remaining.
  - c. If the sale includes more than one item, including a mixture of new and used items, a weighted average of the useful lives of all the items will be calculated by applying the rules of 5(a) and 5(b) above.
6. Foreign Content for used pieces should be determined by contacting the original manufacturer to ascertain the value on a percentage basis of foreign components contained in the equipment during the manufacturing process. This percentage should be applied to the supplier's purchase price to determine the current value of foreign components. This value should then be adjusted to account for the value of any additional foreign components installed during the refurbishment process.

## FEDERAL RESERVE SYSTEM

### Agency Information Collection Activities: Announcement of Board Approval Under Delegated Authority and Submission to OMB

**ACTION:** Board of Governors of the Federal Reserve System

**SUMMARY:** Background.

Notice is hereby given of the final approval of proposed information collections by the Board of Governors of the Federal Reserve System (Board) under OMB delegated authority, as per 5 CFR 1320.16 (OMB Regulations on Controlling Paperwork Burdens on the Public). Board-approved collections of information are incorporated into the official OMB inventory of currently approved collections of information. Copies of the OMB 83-Is and supporting statements and approved collection of information instrument(s) are placed into OMB's public docket files. The Federal Reserve may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

**FOR FURTHER INFORMATION CONTACT:** Federal Reserve Board Clearance Officer—Michelle Long—Division of Research and Statistics, Board of Governors of the Federal Reserve System, Washington, DC 20551 (202-452-3829).

OMB Desk Officer—Mark Menchik—Office of Information and Regulatory Affairs, Office of Management and

Budget, New Executive Office Building, Room 10235, Washington, DC 20503, or e-mail to mmenchik@omb.eop.gov.

**Final approval under OMB delegated authority of the extension for three years, with revision of the following reports:**

1. *Report title:* Quarterly Report of Assets and Liabilities of Large Foreign Offices of U.S. Banks

*Agency form number:* FR 2502q

*OMB Control number:* 7100-0079

*Frequency:* Quarterly

*Reporters:* Large foreign branches and banking subsidiaries of U.S. depository institutions

*Annual reporting hours:* 826 hours

*Estimated average hours per response:* 3.5 hours

*Number of respondents:* 59

*General description of report:* This information collection is required (12 U.S.C. §§ 248(a) (2), 353 et seq., 461, 602, and 625) and is given confidential treatment (5 U.S.C. § 552(b) (4)).

*Abstract:* This reporting form collects data quarterly on the geographic distribution of the assets and liabilities of major foreign branches and subsidiaries of U.S. commercial banks and of Edge and agreement corporations. Data from this reporting form comprise a piece of the flow of funds data that are compiled by the Federal Reserve.

*Current Actions:* On January 24, 2006, the Federal Reserve published a notice soliciting comments on the proposed revisions to the Quarterly Report of Assets and Liabilities of Large Foreign Offices of U.S. Banks (71 FR 3844). The comment period ended on March 27, 2006. The Federal Reserve will implement the following revisions, effective for the March 31, 2006 report date: (1) discontinue Schedule A as a result of the elimination of M3 and (2) reduce the reporting panel to require offices located only in the Caribbean and the United Kingdom to file the FR 2502q. In addition, the Federal Reserve will implement the following revisions, effective for the June 30, 2006 report date: (1) discontinue Memorandum item 3a; (2) revise the instructions for data to be reported in the unallocated data items; and (3) conform the names of several countries and one region to the country list compiled by the U.S. Treasury.
