### **DEPARTMENT OF LABOR**

# **Employment and Training Administration**

#### Workforce Investment Act, 1998

**AGENCY:** Employment and Training Administration.

**ACTION:** Notice on Reallotment of Workforce Investment Act (WIA) Title I Formula Allotted Funds for Dislocated Worker Activities for Program Year (PY) 2005.

SUMMARY: Section 132(c) of the Workforce Investment Act (WIA) (Pub. L. 105–220), requires the Secretary to conduct reallotment of excess unobligated WIA Adult and Dislocated Worker formula funds based on state financial reports submitted as of the end

of the prior program year. The procedures the Secretary uses for recapture and reallotment of funds are described in WIA regulations at 20 CFR 667.150. This notice publishes Dislocated Worker PY 2005 funds to be recaptured and amounts reallotted to eligible states. No PY 2005 Adult funds are being recaptured.

**DATES:** Effective Date: This notice is effective April 7, 2006.

FOR FURTHER INFORMATION CONTACT: Ms. Christine D. Kulick, at telephone number (202) 693–3937 (this is not a toll free number). U.S. Department of Labor, Employment and Training Administration, Room C–4510, 200 Constitution Avenue, NW., Washington, DC 20210; or transmit via fax (202) 693–3015.

SUPPLEMENTARY INFORMATION: Training and Employment Guidance Letter (TEGL) 23–04 advised states that the reallotment of funds under WIA will occur during PY 2005 based on state obligations made in PY 2004. WIA Adult and Youth PY 2005 funds are not subject to recapture because in no case do PY 2004 unobligated funds exceed

the statutory requirement of 20 percent of state allotted funds. No WIA funds were recaptured and reallotted in PY 2004.

Excess unobligated state funds in the amount of \$239,605 will be recaptured from PY 2005 formula allotted funds for the Dislocated Worker program for two states and distributed by formula as PY 2005 Dislocated Worker funds for eligible states. The methodology used for the calculation of the recapture/reallotment amounts and distribution of changes to PY 2005 formula allotments for Dislocated Worker activities are attached.

WIA section 132 (c) requires the Governor to prescribe equitable procedures for making funds available from the state and local areas in the event that a state is required to make funds available for reallotment.

Signed: at Washington, DC this 31st day of March, 2006.

#### **Emily Stover DeRocco,**

Assistant Secretary for Employment and Training.

# Dislocated Worker State Formula PY 2005 Reallotment Methodology

Source data: State WIA 6/30/05 financial status reports

Statewide Activities (plus State Administrative breakout)

Rapid Response Activities Local Administration

Local Dislocated Worker Program Dislocated Worker program = sum of:

Estimated Dislocated Worker portion of Statewide Activities (less State Administrative portion)

Rapid Response Activities

Estimated Dislocated Worker portion of Local Administration

Local Dislocated Worker program

Years covered: PY 2004 and FY 2005

### Methodology for disaggregating Statewide Activities/Local Admin report data by program:

	Statewide Activities – 15%	Local Administration – 10%
Auth	Fed NOO \$ to State by pgm less est Local Admin Auth by pgm less rptd Local Pgm Auth by pgm less rptd Rapid Response Auth (DW only)	Prorated using reported Local Program Auth by program
Oblig	Prorated using Statewide Auth est by pgm	Considered 100% Obligated

### Reallotment calculations:

- (1) Each state's total amount of state obligations of PY 2004 (including FY 2005) funds for the Dislocated Worker (DW) program is calculated. State obligations are considered to be the total of the estimated DW share of statewide activities obligations, Rapid Response obligations, 100% of local DW program authorized, and 100% of estimated DW portion of local admin authorized. The DW total unobligated balance is the DW 2004 allotment amount (adjusted for rescissions) less the calculated total DW obligations. (Navajo Nation funds are added back to the New Mexico and Arizona for reallotment purposes and treated like a local area.)
- (2) Section 667.150 of the regulations provides that the recapture calculations exclude the reserve for state administration. Data on state administrative amounts are not normally available on WIA financial reports. Therefore, additional data on state administrative amounts included in the PY 2004 and FY 2005 Statewide Activities amounts authorized and obligated as of 6/30/05 are requested from those states calculated to be potentially liable for recapture.
- (3) In the preliminary calculation of states potentially liable for recapture, the DW portion of the state administrative amounts authorized and obligated is estimated using the DW relative share of the state allotment amounts for all programs (adjusted for rescissions). If a State provides actual DW portions in revised reports, this data is replaces the estimates. Based on the additional requested data submitted on revised reports, the DW total allotment for these states is reduced by the DW portion of the state administrative amount authorized and the DW total obligations for these states are reduced by the DW portion of the state administrative amounts obligated. These calculations are done separately for PY 2004 and FY 2005.
- (4) States (including those adjusted by State administrative data) with unobligated balances for combined PY 2004/FY 2005 exceeding 20% of the combined PY2004/FY2005 DW allotment (adjusted for rescissions) will have their DW 2005 funding reduced (recaptured) by the amount of the excess.
- (5) As calculated above, states with unobligated balances not exceeding 20% will receive a share of the total recaptured amount based on their share of the total PY 2004/FY2005 DW allotments amount (adjusted for rescissions) for all such states.

# Notice of Intent To Grant Exclusive License

**AGENCY:** National Aeronautics and Space Administration.

**ACTION:** Notice of Intent to Grant

Exclusive License.

**SUMMARY:** This notice is issued in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(i). NASA hereby gives notice of its intent to grant an exclusive license in the United States to practice the invention described in Invention Disclosure KSC–12713 entitled "Cam and Groove Coupling Halves Safety Modification" to P-T Coupling Company, having its principal place of business in Enid, Oklahoma. The patent rights in this invention will be assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective exclusive license will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7.

DATES: The prospective exclusive license may be granted unless, within fifteen (15) days from the date of this published notice, NASA receives written objections including evidence and argument that establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7. Competing applications completed and received by NASA within fifteen (15) days of the date of this published notice will also be treated as objections to the grant of the contemplated exclusive license

Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act, 5 U.S.C. 552.

ADDRESSES: Objections relating to the prospective license may be submitted to Patent Counsel, Office of the Chief Counsel, Mail Code CC–A, NASA John F. Kennedy Space Center, Kennedy Space Center, FL 32899. Telephone: 321–867–7214; Facsimile: 321–867–1817.

### FOR FURTHER INFORMATION CONTACT:

### Privacy Act of 1974; Privacy Act System of Records

**AGENCY:** National Aeronautics and Space Administration (NASA).

**ACTION:** Notice of Privacy Act system of records.

**SUMMARY:** Each Federal agency is required by the Privacy Act of 1974 to publish description of the systems of records it maintains containing personal information when a system is substantially revised, deleted, or created. In this notice, NASA provides the required information for a new system of records that will enable NASA civil servants and support contractors to evaluate education programs. The information collected is used in the administration of Federal funded Training Programs and is used to document the nomination of participants and completion of training; and it serves as the principal repository of personal, fiscal, and administrative information about participants and the programs in which they participate. In order to measure the reach of NASA's Education Programs, some requested personal information such as gender, nationality, disability, and ethnicity is only requested on a voluntary basis. Finally, in order to assess training program effectiveness and to determine necessary changes/improvements to its programs, NASA needs to be able to contact program participants and principal investigators and is collecting and maintaining personal data in order

**DATES:** Submit comments on or before 60 calendar days from the date of this publication.

ADDRESSES: Send comments to Patti F. Stockman, Privacy Officer, Office of the Chief Information Officer, Suite 6Q79, NASA Headquarters, 300 E Street, SW., Washington, DC 20546–0001, NASA–PAOfficer@nasa.gov.

#### SYSTEM NAME:

NASA Education Program Evaluation System.

### SECURITY CLASSIFICATION:

None.

#### SYSTEM LOCATION:

Secure NASA and NASA contractor Servers in Locations 1 through 11 as set forth in Appendix A.

## CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Records will be maintained on NASA civil servants and contractors serving as Education Program/Project Managers and Session Presenters, as well as on Program Participants and members of the public including students (K–12 and Higher Education), teachers, faculty, school administrators, and participants' parents/guardians/family members. Records are also maintained on the performance outcomes by Principal Investigators and their institutions and organizations that have been awarded grants under the Minority University Research and Education Program.

## CATEGORIES OF RECORDS IN THE SYSTEM:

Records in the system include identifying information about students enrolled in and/or graduated from NASA programs and whether students are promoted to the next grade level in math and/or science. Personal data is also maintained on Program managers, Program points of contact, and Session Presenters including information that includes, but is not limited to name, work address and telephone. Information about Program participants includes, but is not limited to, name, permanent and school addresses, ethnicity, gender, school grade or college level, highest attained degree and degree field, institution type, and ratings about program/experience.

## AUTHORITY FOR MAINTENANCE OF THE SYSTEM:
