DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Amendment of February 4, 2004, Order To Embargo Birds and Bird Products Imported From Jordan

SUMMARY: On February 4, 2004, the Centers for Disease Control and Prevention (CDC) within the U.S. Department of Health and Human Services issued an order to ban immediately the import of all birds (Class: *Aves*) from specified countries, subject to limited exemptions for returning pet birds of U.S. origin and certain processed bird-derived products. HHS/CDC took this step because birds from these countries potentially can infect humans with avian influenza (influenza A/ [H5N1]). The February 4, 2004, order complemented a similar action taken at the same time by the Animal and Plant Health Inspection Service (APHIS) within the U.S. Department of Agriculture (USDA).

On March 10, 2004, HHS/CDC lifted the embargo of birds and bird products from the Hong Kong Special Administrative Region (HKSAR) because of the documented public-health and animal health measures taken by Hong Kong officials to prevent spread of the outbreak within the HKSAR, and the absence of highly pathogenic avian influenza H5N1 cases in Hong Kong's domestic and wild bird populations. USDA/APHIS took a similar action. On September 28, 2004, HHS/CDC extended the embargo on birds and bird products to include Malaysia because of the documented cases of highly pathogenic avian influenza A H5N1 in poultry in

Malaysia. On July 20, 2005, USDA/APHIS adopted as a final rule the interim rule that became effective on February 4, 2004, which amended its regulations to prohibit or restrict the importation of birds, poultry, and unprocessed birds and poultry products from regions that have reported the presence of highly pathogenic avian influenza H5N1 in poultry. (See 70 FR 41608 [July 20, 2005].) As the United Nations Food and Agriculture Organization and the World Organization for Animal Health (OIE) have confirmed additional cases of highly pathogenic avian influenza (H5N1), USDA/APHIS has added additional countries to its ban. Because of the documentation of highly pathogenic avian influenza H5N1 in poultry, HHS/CDC added the following countries to its embargo: Kazakhstan, Romania, Russia, Turkey, and Ukraine on December 29, 2005; Nigeria on February 8, 2006; India on February 22, 2006; Egypt on February 27, 2006; Niger on March 2, 2006; Albania, Azerbaijan, Cameroon, and Burma (Myanmar) on March 15, 2006; Israel on March 20, 2006; and Afghanistan on March 21, 2006.

On March 23, 2006, OIE reported confirmation of highly pathogenic avian influenza H5N1 in poultry in Jordan. At this time, HHS/CDC is adding Jordan to its current embargo. This action is effective on March 29, 2006, and will remain in effect until further notice.

SUPPLEMENTARY INFORMATION:

Background

On March 23, 2006, OIE reported confirmation of highly pathogenic avian influenza H5N1 in chickens and turkeys in Kofranja, Jordan.

Introduction of birds infected with highly pathogenic avian influenza H5N1 into the United States could lead to outbreaks of disease among birds and among the human population, a significant public health threat. Banning the importation of all avian species from affected countries is an effective means of limiting this threat. HHS/CDC is therefore taking this action to reduce the likelihood of introduction or spread of influenza A H5N1 into the United States.

Immediate Action

Therefore, pursuant to 42 CFR 71.32(b), HHS/CDC is amending the February 4, 2004, order to add Jordan to the list of countries subject to the order's embargo of birds and products derived from birds. All other portions of the February 4, 2004, order, as further amended on March 10, 2004, September 28, 2004, December 29, 2005, February

8, 2006, February 22, 2006, February 27, 2006, March 2, 2006, March 25, 2006, March 20, 2006, and March 21, 2006 shall remain in effect until further notice.

Dated: March 30, 2006.

Director, Centers for Disease Control and Prevention, U.S. Department of Health and Human Services.

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS) is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Conditions for Coverage of Suppliers of End Stage Renal Disease (ESRD) Services and Supporting Regulations Contained in 42 CFR 405.2100-405.2171; *Use:* The requirements associated with the Medicare and Medicaid Conditions for Coverage for Suppliers of ESRD Services fall into two categories: record keeping requirements and reporting requirements. With regard to the recordkeeping requirements, CMS uses these conditions for coverage to certify health care facilities that want to participate in the Medicare or Medicaid

programs. These record keeping requirements are no different than other conditions for coverage in that they reflect comparable standards developed by industry organizations such as the Renal Physicians Association, American Society of Transplant Surgeons, and the National Association of Patients on Hemodialysis and Transplantation. With respect to reporting requirements, the information is needed to assess and ensure proper distribution and effective utilization of ESRD treatment resources while maintaining or improving quality of care. It is CMS's responsibility to closely monitor ESRD service utilization to prevent over-expansion of facilities and resultant under-utilization.; *Form Number:* CMS-R-52 (OMB#: 0938-0386); *Frequency:* Recordkeeping and Reporting—Annually; *Affected Public:* Business or other for-profit and Federal government; *Number of Respondents:* 4,757; *Total Annual Responses:* 4,757; *Total Annual Hours:* 160,702.

2. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Medicare Disproportionate Share Adjustment Procedures and Criteria and Supporting Regulations in 42 CFR 412.106; *Use:* A hospital's disproportionate share adjustment is determined by its fiscal intermediary (FI) using a combination of Medicare Part A and Supplemental Security Income data provided by CMS, and Medicaid data calculated from the hospital's cost report. The data provided through these calculations are then compared to the qualifying criteria located in 42 CFR 412.106 to determine the final adjustment. If these calculations, based on the Federal fiscal year, do not allow the hospital to qualify for a disproportionate share adjustment, the hospital may request that the calculations be performed using its cost reporting period.; *Form Number:* CMS-R-194 (OMB#: 0938-0691); *Frequency:* Recordkeeping and Reporting—On occasion; *Affected Public:* Business or other for-profit and Not-for-profit institutions; *Number of Respondents:* 100; *Total Annual Responses:* 100; *Total Annual Hours:* 100.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, access CMS' Web site address at <http://www.cms.hhs.gov/PaperworkReductionActof1995>, or E-mail your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@cms.hhs.gov, or call the Reports Clearance Office on (410) 786-1326.

To be assured consideration, comments and recommendations for the proposed information collections must be received at the address below, no later than 5 p.m. on June 6, 2006. SUPPLEMENTARY INFORMATION:

I. Background

Sections 1866(a)(1)(I), 1866(a)(1)(N), and 1867 of the Social Security Act (the Act) impose specific obligations on Medicare-participating hospitals that offer emergency services. These obligations concern individuals who come to a hospital emergency department and request or have a request made on their behalf for examination or treatment for a medical condition. The Emergency Medical Treatment and Labor Act (EMTALA) applies to all these individuals, regardless of whether or not they are
