

the time limit for filing case briefs. Parties who submit arguments in this proceeding are requested to submit with the argument: (1) statement of the issues, and (2) a brief summary of the argument. Case and rebuttal briefs must be served on interested parties in accordance with section 351.303(f) of the Department's regulations.

Also, pursuant to section 351.310(c) of the Department's regulations, within 30 days of the date of publication of this notice, interested parties may request a public hearing on arguments raised in the case and rebuttal briefs. Unless the Secretary specifies otherwise, the hearing, if requested, will be held two days after the date for submission of rebuttal briefs. Parties will be notified of the time and location.

The Department will publish the final results of this administrative review, including the results of its analysis of issues raised in any case or rebuttal brief, no later than 120 days after publication of the preliminary results, unless extended. *See* section 351.213(h) of the Department's regulations.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under section 351.402(f) of the Department's regulations to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are issued and published in accordance

with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 31, 2006.

Assistant Secretary for Import Administration.

² If one of the below named companies does not qualify for a separate rate, all other exporters of shrimp from Vietnam that have not qualified for a separate rate are deemed to be covered by this review as part of the single Vietnam entity of which the named exporter is a part.

³ In the less than fair value investigation, the Department treated Minh Phat Seafood, Minh Phu Seafood Corporation and Minh Qui Seafood as one combined entity.

⁴ See Footnote 3.

⁵ See Footnote 3.

⁶ Petitioners requested that the Department conduct an administrative review of this company, but provided two different addresses for the same company. Therefore, we have listed them twice as it is possible that they are two distinct companies. If, however, they are separate companies, then one of the two did not in fact receive a separate rate in the investigation.

⁷ The Department believes the correct company name is Special Aquatic Products Joint Stock Company (Seaspimex), but we are using the name directly from Petitioners' February 28, 2006, request for reviews.

⁸ If one of the above named companies does not qualify for a separate rate, all other exporters of shrimp from the PRC that have not qualified for a separate rate are deemed to be covered by this review as part of the single PRC entity of which the named exporter is a part.

⁹ In the original investigation, the Department found that the following companies comprised a single entity, the Allied Pacific Group: Allied Pacific Food (Dalian) Co., Ltd., Allied Pacific (HK) Co., Ltd., King Royal Investments, Ltd., Allied Pacific Aquatic Products (Zhanjiang) Co., Ltd., and Allied Pacific Aquatic Products (Zhongshan) Co., Ltd. On February 28, 2006 Allied Pacific Food (Dalian) Co., Ltd., Allied Pacific Aquatic Products (Zhanjiang) Co., Ltd., Zhanjiang Allied Pacific Aquaculture Co., Ltd., Allied Pacific (HK) Co., Ltd., and King Royal Investments, Ltd., submitted a request for review, referring to themselves collectively as Allied Pacific Group.

¹⁰ See footnote 9.

¹¹ See footnote 9.

¹² See footnote 9.

¹³ See footnote 9.

¹⁴ In the original investigation, the Department found that the following companies comprised a single entity: Yelin Enterprise Co. Hong Kong, Yangjiang City Yelin Hoiat Quick Frozen Seafood Co., Ltd., Fuqing Yihua Aquatic Products Co., Ltd., and Yelin Frozen Seafood Co. On February 28, 2006, Yelin Enterprise Co. Hong Kong, Shantou Yelin Frozen Seafood Co., Ltd., Yangjiang City Yelin Hoiat Quick Frozen Seafood Co., Ltd., and Fuqing Yihua Aquatic Products Co., Ltd. submitted a request for review referring to themselves collectively as Yelin.

¹⁵ See footnote 9.

¹⁶ This company has the same address listed as Red Garden Foodstuff above. However, if they are separate companies, then one of the two did not in fact receive a separate rate in the investigation.

¹⁷ This company has the same address listed as Red Garden Food above. However, if they are separate companies, then one of the two did not in fact receive a separate rate in the investigation.

¹⁸ See footnote 14.

¹⁹ See footnote 14.

²⁰ See footnote 14.

²¹ See footnote 14.

²² The Department is placing an asterisk by this company's name because it was requested as part of the Allied Pacific Group. See Footnote 9.

* These companies received a separate rate in the prior segment (the less-than-fair-value investigation) of this proceeding.

Selection of Respondents

Section 777A(c)(1) of the Act directs the Department to calculate individual dumping margins for each known exporter and producer of the subject merchandise. Where it is not practicable to examine all known producers/exporters of subject merchandise because of the large number of such companies, section 777A(c)(2) of the Act permits the Department to limit its examination to either (1) a sample of exporters, producers, or types of products that is statistically valid based on the information available at the time of selection; or (2) exporters and producers accounting for the largest volume of subject merchandise from the exporting country that can be reasonably examined.

Due to the large number of firms requested for these administrative reviews and the resulting administrative burden to review each company for which a request has been made, the

Department is considering exercising its authority to limit the number of respondents selected for review. See Section 777A(c)(2) of the Act.

The Department has not yet determined the appropriate methodology to employ in limiting respondent selection. As discussed above, the Department may either use a statistically valid sample or examine the largest exporters and producers by volume. Should the Department determine to sample the exporters, it will employ the following procedures: the Department will (1) issue a letter to the interested parties detailing the proposed sampling methodology; (2) after analyzing the parties' comments, finalize its sampling methodology; (3) notify the parties and invite them to send a representative to witness the sampling selection; (4) conduct the sampling exercise; (5) notify all interested parties of the selection outcome of the sampling exercise

(selected respondents will be issued the full antidumping duty questionnaire); and (6) record the results in a memorandum to the file.

Withdrawal of Request For Administrative Review

19 CFR 351.213(d)(1) provides that the Secretary will rescind an administrative review if the party that requested the review withdraws the request within 90 days of the date of publication of the notice in the **Federal Register**. Although the regulation provides that the Secretary may extend this deadline, it is unlikely that the Department will be able to grant any such extensions for these particular administrative reviews, due to the time constraints imposed by our statutory deadlines.²³

²³ Should the Department use sampling, the need to preserve the statistical validity of the sampling

Separate Rates

In proceedings involving non-market economy ("NME") countries, the Department begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single antidumping duty deposit rate. It is the Department's policy to assign all exporters of merchandise subject to investigation in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.

To establish whether a firm is sufficiently independent from government control of its export activities to be entitled to a separate rate, the Department's analysis mirrors that established in the *Final Determination of Sales at Less Than Fair Value: Sparklers from the People's Republic of China*, 56 FR 20588 (May 6, 1991) ("*Sparklers*"), as amplified by *Final Determination of Sales at Less Than Fair Value: Silicon Carbide from the People's Republic of China*, 59 FR 22585 (May 2, 1994) ("*Silicon Carbide*"). In accordance with the separate rate criteria, the Department assigns separate rates to companies in NME cases only if respondents can demonstrate the absence of both *de jure* and *de facto* government control over export activities.

The Department recently modified the process by which exporters and producers may obtain separate rate status in NME investigations. See Policy Bulletin 05.1 Separate Rates Practice and Application of Combination Rates in Antidumping Investigations Involving Non-Market Economy Countries, (April 5, 2005), available on the Department's website at <http://ia.ita.doc.gov/policy/bull05-1.pdf>. The process now requires the submission of a separate rate status application.

Due to the large number of companies subject to administrative reviews in both the Vietnam and the PRC proceedings, the Department is requiring all companies listed above that wish to qualify for separate rate status in these administrative reviews to complete, as appropriate, either a separate rate status application or certification, as described below.

If the Department determines to select the mandatory respondents through sampling in these administrative reviews, the Department will require all potential respondents to demonstrate their eligibility for a separate rate. The Department will then make the separate

rate determinations for each company and allow only those respondents with separate rate status to be included in the sampling pool should the Department decide to sample. However, for any respondent that is determined later in this segment to have provided inaccurate information regarding its separate rate status, the Department may apply facts otherwise available with an adverse inference if it determines that such respondent failed to cooperate by not acting to the best of its ability.

If the Department determines to select the mandatory respondents by selecting the largest exporters/producers accounting for the largest volume of subject merchandise exported to the United States, the Department will also require all potential respondents to demonstrate their eligibility for a separate rate. For those respondents not representing the largest volume of subject merchandise exported to the United States, the Department will make the separate rate determinations for each company. Only those respondents with separate rate status will be included in the group receiving the weighted-average margin calculated from the selected respondents. However, for any respondent that is determined later in this segment to have provided inaccurate information regarding its separate rate status, the Department may apply facts otherwise available with an adverse inference if it determines that such respondent failed to cooperate by not acting to the best of its ability.

For these administrative reviews, in order to demonstrate separate rate eligibility, the Department requires companies for which a review was requested that were assigned a separate rate in the previous segment of this proceeding to certify that they continue to meet the criteria for obtaining a separate rate. The certification form will be available on the Department's website at <http://ia.ita.doc.gov/> on the date of publication of this **Federal Register** notice. In responding to the certification, please follow the "Instructions for Filing the Certification" in the Separate Rate Certification. Certifications for both Vietnam and China are due to the Department by close of business on April 28, 2006. The deadline and requirement for submitting a certification applies equally to NME-owned companies, wholly foreign-owned companies, and foreign resellers who purchase the subject merchandise and export it to the United States.

The Department requires, to demonstrate eligibility for a separate rate, a separate rates status application for companies that have not previously

been assigned a separate rate. The separate rate status application will be available on the Department's Web site at <http://ia.ita.doc.gov/> on the date of publication of this **Federal Register** notice. In responding to the separate rate status application, please refer to instructions contained within the application. Separate rate status applications are due to the Department by close of business on May 19, 2006. The deadline and requirement for submitting a separate rate status application applies equally to NME-owned companies, wholly-foreign owned companies, and foreign resellers that purchase the subject merchandise and export it to the United States. Further, due to the time constraints imposed by our statutory deadlines, the Department may be unable to grant any extensions for the submission of separate rate certifications or separate rate status applications.

Quantity and Value ("Q&V") Questionnaire

In advance of issuing of the antidumping questionnaire, we will also be requiring all parties for whom a review is requested to respond to a Q&V questionnaire, which will request information on the respective quantity and U.S. dollar sales value of all exports of shrimp to the United States during the period July 16, 2004, through January 31, 2006. The Q&V questionnaire will be available on the Department's website at <http://ia.ita.doc.gov/> on April 3, 2006. The responses to the Q&V questionnaire are due to the Department by close of business on April 28, 2006. Due to the time constraints imposed by our statutory and regulatory deadlines, the Department may be unable to grant any extensions for the submission of the Q&V questionnaire responses. In responding to the Q&V questionnaire, please refer to the instructions contained in the Q&V questionnaire.

Notice

This notice constitutes public notification to all firms requested for review and seeking separate rate status in these administrative reviews that they must submit a separate rate status application (as appropriate) as described above, and a complete response to the Q&V questionnaire, within the time limits established in this notice of initiation in order to receive consideration for separate rate status. For parties that fail to timely respond to the requisite separate rate status application or certification, or to the Q&V questionnaire, the Department may

methodology will further limit the Department's ability to grant such extensions.

resort to the use of facts otherwise available, and may employ an adverse inference. The Department notes that if any of the due dates for separate rate filings and/or Q&V responses fall on a weekend, holiday, or any other day the Department is closed, the due date will be the next business day. *See Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005). All information submitted by respondents in this administrative review is subject to verification. As discussed above, due to the large number of parties in these proceedings, and the Department's need to complete its proceedings within the statutory deadlines, the Department will be limited in its ability to extend deadlines on the above submissions. As noted above, the separate rate certification, the separate rate status application, and the Q&V questionnaire will be available on the Department's Web site at <http://ia.ita.doc.gov/> on April 3, 2006.

Interested parties must submit applications for disclosure under administrative protective orders in accordance with 19 CFR 351.305. Instructions for filing such applications may be found on the Department's website at <http://ia.ita.doc.gov/>.

This initiation and notice are in accordance with section 751(a)(1) of the Act and 19 CFR 351.221(c)(1)(i).

SUPPLEMENTARY INFORMATION:

Background

The Department received timely requests from Petitioners¹ and certain individual companies, in accordance with 19 CFR 351.213(b), during the anniversary month of February, for administrative reviews of the antidumping duty orders on shrimp from Brazil, Ecuador, India, and Thailand covering 54 companies for

Brazil, 72 companies for Ecuador, 348 companies for India, and 145 companies for Thailand. Subsequently, Petitioners withdrew one request for review for Ecuador. *See* Petitioners' letter dated March 1, 2006.
