

structure with respect to the operation of the equities and options business of the Exchange that is designed to help prevent fraudulent and manipulative acts and practices; to promote just and equitable principals of trade; to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities; and to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (1) Significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A)³⁷ of the Act and Rule 19b-4(f)(6) thereunder.³⁸ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The Exchange has asked the Commission to waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Because the current exception

with respect to Mr. Putnam's ownership of TNT is set to expire on March 31, 2006, such waiver will allow TNT to remain in compliance with ownership and voting limitations in the NYSE Arca Holdings Certificate of Incorporation. The Commission notes that the Exchange has represented that Mr. Putnam signed a definitive agreement to reduce his ownership interest in TNT on March 30, 2006. However, Mr. Putnam needs an extension of time to receive necessary regulatory approvals and complete the sale. The extension is limited in scope and duration, and Mr. Putnam will continue to be subject to the TNT Conditions described in this rule filing during the extension period. Further, the Commission notes that the following protections are and will continue to be in place during the interim period: TNT is a member of the NASD (as well as NYSE Arca); the NASD is the DEA for TNT pursuant to Rule 17d-1 under the Act; and TNT is and will continue to be covered by the scope of the 17d-2 Agreement.

For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.³⁹

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Schedule, effective February 1, 2006, to reflect (i) charges and credits applicable to transactions by LMMs, (ii) an increase of transaction fees and elimination of market data revenue sharing credits for transactions in ETFs listed on the NYSE, (iii) the amended requirement of investigation fees associated with the review and approval of persons associated with an ETP Holder,⁸ (iv) removal of the fee for fingerprint card submission to the Exchange, and (v) an exemption of transaction fees for ETP Holder transactions occurring during the Closing Auction.⁹ The Schedule incorporating these changes may be found at the following Web address: http://www.arcaex.com/traders/equities_fees.asp.

LMM Transaction Charges and Credits

For LMMs, the exclusive Market-Maker in primary listings on the Exchange and who will be eligible to receive orders in the NYSE Arca, L.L.C.’s (“NYSE Arca”) Directed Order Process, the Exchange proposes to offer a \$0.004 per share credit for orders submitted by LMMs that provide liquidity to the NYSE Arca Book, but not allow these transaction to be eligible for the Market Data Revenue Sharing Credit. Additionally, the Exchange will exempt LMMs from the transaction fees and credits for orders executed as a Direct Order against a Directed Fill¹⁰ but will charge \$0.0025 per share for orders that remove liquidity from the NYSE Arca Book. Directed Fills will be eligible for Market Data Revenue Sharing Credit.

Fees and Credits for NYSE Listed ETF Securities

To maintain competitive fees, the Exchange proposes to amend the Schedule for ETP Holder transactions in NYSE listed ETF securities. With this, the Exchange proposes to implement a credit of \$0.002 per share for limit orders of such securities residing on the NYSE Arca Book that execute against inbound marketable orders, but will eliminate the current Market Data Revenue Sharing Credit for Cross Orders¹¹ involving NYSE listed ETFs. Additionally, current charges for NYSE

listed ETFs are \$0.001 per share for orders that execute against orders residing on the NYSE Arca Book and for orders that are routed away and executed by another market center or participant. The Exchange proposes to increase these fees to \$0.003 and \$0.004 per share, respectively.

ETP Holder Registration Fees

Currently, the Schedule reflects ETP Application Fees for investigations and fingerprints. Use of these fees, \$125 and \$35, respectively for each person¹² requiring approval by the Exchange, has become outdated as the Exchange now utilizes and is a participant of the Central Registration Depository (“Web CRD®”) system for electronic registration and review of criminal and disclosure background information. Previously, PCX was responsible for receipt and processing of fingerprint cards submitted for registration with the Exchange and for this would collect a \$35 processing fee directly from the ETP Holder. Now, ETP Holders are required to maintain registration information electronically on Web CRD® and submit fingerprint information directly to the National Association of Securities Dealers, Inc. (“NASD”) which maintains Web CRD®. All fees relating to registrations and fingerprint information available on Web CRD® are collected by NASD by deducting these fees from ETP Holders’ Web CRD® Daily Account. Individuals for whom information is not available on Web CRD® and who must be reviewed and approved by the Exchange will continue to be required to pay the \$125 investigation fee per individual.

Closing Auction Transaction Fee Exemption

In order to be consistent with its practices, the Exchange proposes to clarify that ETP Holder transactions during the Closing Auction are exempted from Exchange transaction fees noted on the Schedule.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b)¹³ of the Act, in general, and Section 6(b)(4)¹⁴ of the Act, in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among its ETP Holders, issuers, and other persons using its facilities.

¹² See Arca Equities Rules 1.1(c) and 1.1(d) for Allied Persons and Approved Persons, respectively, requiring approval by the Exchange.

⁸ See Arca Equities Rule 1.1(n).

⁹ See Arca Equities Rule 7.35.

¹⁰ See Arca Equities Rule 7.31(j).

¹¹ See Arca Equities Rule 7.31(s).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,¹⁵ and paragraph (f)(2) of Rule 19b-4 thereunder¹⁶ because it establishes or changes a due, fee, or other charge. At any time within 60-days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹⁷
