SUPPLEMENTARY INFORMATION:

Description

The information collection submitted for OMB review contains the following:

1. *Collection of Information:* FERC-716 "Good Faith Request for Transmission Service and Response by Transmitting Utility under sections 211(a) & 213(a) of the FPA".
2. *Sponsor:* Federal Energy Regulatory Commission.
3. *Control No.:* 1902-0170.

The Commission is now requesting that OMB approve and extend the expiration date for an additional three years with no changes to the existing collection. The information is not filed with the Commission but is used in conjunction with FERC-716A which is mandatory.

4. *Necessity of the Collection of Information:* Submission of the information is necessary for the Commission to carry out its responsibilities in implementing the statutory provisions of sections 211 and 213 of the Federal Power Act (FPA) as amended and added by the Energy Policy Act of 1992. The information is not filed with the Commission, however, the request and response may be analyzed as a part of a section 211 proceeding. This collection of information covers the information that must be contained in the request and in the response.

The Energy Policy Act of 1992 amended section 211 of the FPA and expanded the Commission's authority to order transmission service. Under the revised section 211, the Commission may order transmission services if it finds that such action would be in the public interest, would not unreasonably impair the continued reliability of electric systems affected by the order, and would, meet the requirements of amended section 211 of the FPA.

The Commission's policy statement in Public Law 93-3, Policy Statement Regarding Good Faith Requests for Transmission Services and Responses by Transmitting Utilities under sections 211(a) and 213(a) of the Federal Power Act, as amended, implemented a data exchange between a transmission requester and a transmitting utility prior to the submission of a section 211 request with the Commission. Components of the data exchange are identified in the Code of Federal Regulations (CFR), 18 CFR 2.20. The general policy sets forth standards by which the Commission determines whether and when a valid good faith request for transmission has been made under section 211 of the FPA. In developing the standards, the Commission sought to encourage an open exchange of information with a reasonable degree of specificity and completeness between the party requesting transmission services and the transmitting utility. As a result, twelve components of a good faith estimate are identified under 18 CFR 2.20.

5. *Respondent Description:* The respondent universe currently comprises 8 companies (on average) subject to the Commission's jurisdiction.

6. *Estimated Burden:* 800 total hours, 8 respondents (average), 1 response per respondent, and 100 hours per response (average).

7. *Estimated Cost Burden to respondents:* 800 hours/2080 hours per years × \$112,767 per year = \$43,372. The cost per respondent is equal to \$5,421.

Statutory Authority: Sections 211 and 213 of the Federal Power Act as amended and added by the Energy Policy Act 1992.

Magalie R. Salas,

Secretary.

Federal Energy Regulatory Commission

[Docket No. ER02-1656-000]

California Independent System Operator Corporation; Notice Announcing Electronic Service

April 3, 2006.

Take notice that the Federal Energy Regulatory Commission is establishing electronic service (eService) for the above-captioned docket. In Order No. 653, the Commission revised its regulations to, among other things, provide that service of documents by the Secretary of the Commission shall be by electronic means, unless such means are impractical, and also to foster the use of electronic methods of service among parties on service lists in all proceedings. Moreover, for proceedings initiated on or after March 21, 2005, Order No. 653 required that any person or entity requesting inclusion on a service list must comply with all procedures for eService. *Electronic Notification of Commission Issuances*, 110 FERC ¶ 61, 110 (2005), *order on reh'g*, 111 FERC ¶ 61,021 (2005); *see also Notice That The Commission Secretary Will End Duplicate Paper Service of Commission Issuances*, Docket No. RM04-9-000 (June 17, 2005).

Participants in the above-captioned proceeding have expressed to Commission staff an interest in electronic service. Accordingly, to facilitate the electronic service of filings

among participants in this proceeding, the Commission will establish eService for this docket effective May 8, 2006.

To participate in eService for this proceeding, participants must follow the instructions set out in the attachment to this Notice and submit the information requested by April 17, 2006. Participation in eService for this proceeding is not mandatory, but participants are encouraged to take advantage of this opportunity to serve and receive service of documents in a prompt and cost-effective manner.

Magalie R. Salas,
Secretary.

Attachment—Use of Eservice for ER02-1656-000

Participants who will use eService in this proceeding must meet the following two requirements by April 17, 2006.

1. eRegister using FERC Online (the following link may be used <http://www.ferc.gov/docs-filing/eregistration.asp>).

2. Send an e-Mail to ER02-1656-eService@ferc.gov that includes the following information:

a. The e-Mail subject line 'ER02-1656-eService.'

b. In the e-Mail body, include the e-Mail address with which the participant eRegistered with FERC Online and the name of the organization on whose behalf they previously intervened in the proceeding.

On May 8, 2006, the Commission will issue a notice announcing the establishment of the WebService list for ER02-1656-000 based on the information received by participants in this proceeding. Thereafter, a participant serving a document by e-mail should:

1. Retrieve and download the Web Service List for ER02-1656-000 using the participant's eRegistered FERC Online e-mail address and password (the following link may be used <http://www.ferc.gov/docs-filing/eservice.asp>). The participant can specify the type of e-mail address as 'E-mail' and use the 'Download List' function on the Web Service List page.

2. After opening the saved list using any text editor, the participant may copy the downloaded list to their clipboard, paste it into the "To:" line of the e-mail editor and enter an appropriate subject and e-mail body. To avoid e-mail delivery problems to companies who bar attachments or limit attachment size, a participant using eService should include in the e-mail body the link to the document in the FERC eLibrary system. The participant will receive this link to the document by
