SUPPLEMENTARY INFORMATION:

Background Information

On September 28, 2005, the U.S. Department of Commerce ("the Department") published a notice of initiation of the administrative reviews of the countervailing duty orders on corrosion-resistant carbon steel flat products from France and the Republic of Korea covering the period of review January 1, 2004, through December 31, 2004. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 70 FR 56631 (September 28, 2005). The preliminary results are currently due no later than May 3, 2006.

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order or finding for which a review is requested. Section 751(a)(3)(A) of the Act further states that if it is not practicable to complete the review within the time period specified, the administering authority may extend the 245-day period to issue its preliminary results by up to 120 days.

We determine that completion of the preliminary results of these reviews within the 245-day period is not practicable for the following reason. These reviews are extraordinarily complicated because there are 17 programs being examined in the review covering France and 16 programs being examined in the review covering the Republic of Korea. Given the number of programs, which need to be thoroughly analyzed by the Department, and in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the preliminary results of reviews by 120 days. Therefore, the preliminary results are now due no later than August 31, 2006. The final results continue to be due 120 days after publication of the preliminary results.

This notice is issued and published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: April 11, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

I. Abstract

The National Marine Fisheries Service (NMFS) North Pacific Groundfish Observer Program (NPGOP) is managed by the Fisheries Monitoring and Analysis Division at the Alaska Fisheries Science Center (AFSC).
