

Southern proposes to abandon in place a small segment of its 20-inch North Main Loop Line commencing at milepost 435.8 to milepost 454.8 located in Douglas and Fulton Counties, Georgia. Southern states that abandonment of the 20 inch North Main Loop segment described in its application will not affect its ability to meet the firm requirements of its firm transportation customers.

Any questions regarding this application should be directed to Patricia S. Francis, Senior Counsel, Southern Natural Gas Company, P.O. Box 2563, Birmingham, Alabama 35202-2563 at (205) 325-7696.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive

copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments protests and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

Comment Date: May 2, 2006.

[Docket No. OR06-7-000]

Eighty-Eight Oil LLC, Complainant, v. Tesoro High Plains Pipeline Company, Respondent; Notice of Complaint

April 11, 2006.

Take notice that on April 10, 2006, pursuant to Rule 206 of the Commission's Rules of Practice and Procedures, 18 CFR 385.206 (2005), and the Commission's Rules of Practice Procedure Applicable to Oil Pipelines, 18 CFR 343.1(a), Eighty-Eight Oil LLC (Eighty-Eight) filed a complaint in reference to Tesoro High Plains Pipeline Company's (THPPC) denial of service to Eighty-Eight for the interstate transportation of crude oil under THPPC's FERC Tariff No. 3.

Eighty-Eight certifies that copies of the complaint were served on THPPC's counsel.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as

appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible online at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on May 1, 2006.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2503-085—South Carolina]

Duke Power, a Division of Duke Energy Corporation; Notice of Availability of Environmental Assessment

April 11, 2006.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed an application for non-project use of project lands and waters at the Keowee-Toxaway Hydroelectric Project (FERC No. 2503), and has prepared an environmental assessment (EA) for the proposed non-project use. Duke Power is the licensee for the project. The project is located on the Little and Keowee Rivers in Oconee County, South Carolina.

In the application, Duke Power requests Commission authorization to lease to the Waterford Communities

Owners Association and Crescent Communities S.C., LLC 6.54 acres of project land for a commercial/residential marina. The proposed marina would consist of: (1) Three cluster docks with eight boat docking locations each, and one cluster dock with six boat docking locations for Waterford Ridge; (2) one cluster dock with fourteen boat docking locations, and two cluster docks with eight boat docking locations each for Waterford Farms; and (3) nine cluster docks with ten boat docking locations each for Waterford Pointe. The marina's docks would provide a total of 150 boat docking locations for the residents of the Waterford Communities. The EA contains the Commission staff's analysis of the probable environmental impacts of the proposal, and concludes that approving the licensee's application, with staff's recommended environmental measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

The EA is attached to a Commission order titled "Order Modifying and Approving Non-Project Use of Project Lands and Waters," which was issued April 7, 2006, and is available for review and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "elibrary" link. Enter the dock number (prefaced by P-), excluding the last three digits, in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or for TTY, contact (202) 502-8659.

[Project No. 2503-086—South Carolina]

Duke Power, a Division of Duke Energy Corporation; Notice of Availability of Environmental Assessment

April 11, 2006.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission)

regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed an application for non-project use of project lands and waters at the Keowee-Toxaway Hydroelectric Project (FERC No. 2503), and has prepared an environmental assessment (EA) for the proposed non-project use. The project is located on the Little and Keowee Rivers in Oconee and Pickens Counties, South Carolina.

In the application, Duke Power (licensee) requests Commission authorization to lease two parcels of project land to Crescent Communities S.C, LLC, and the Waterside Crossing Owners Association, Inc. (applicants) for the construction and operation of: (1) Two marinas consisting of a total of 12 cluster docks with 117 total boat slips; (2) a boat pump-out station; and (3) an irrigation intake. The proposed facilities would serve the residents of Waterside Crossing subdivision, located on a cove on Lake Keowee in Oconee County, South Carolina. No dredging is proposed for this development. The EA contains the Commission staff's analysis of the probable environmental impacts of the proposal, and concludes that approving the licensee's application, with staff's recommended environmental measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

The EA is attached to a Commission order titled "Order Modifying and Approving Non-Project Use of Project Lands and Waters," which was issued April 7, 2006, and is available for review and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "elibrary" link. BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2150-033]

Puget Sound Energy, Inc., Washington; Notice of Intent To Hold Public Meetings for the Baker River Hydroelectric Project

April 11, 2006.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for a license for the Baker River Hydroelectric Project (FERC No. 2150-033), located on the Baker River in Whatcom and Skagit counties, Washington and has prepared a Draft Environmental Impact Statement (EIS) for the project. The project occupies 5,207 acres of lands within the Mt. Baker-Snoqualmie National Forest managed by the U.S. Forest Service.

Copies of the draft EIS are available for review in the Commission's Public Reference Branch or may be viewed on the Commission's Web site at <http://www.ferc.gov> under the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or for TTY, (202) 502-8659.

You are invited to attend one or both public meetings we are holding to receive comments on the draft EIS. The time and location of these meetings are:

Date: Monday, May 1, 2006.

Time: 9 a.m.–5 p.m. (pst).

Place: U.S. Army Corps of Engineers District Office in Seattle, Washington.

Address: 4735 E. Marginal Way S., Seattle, Washington.

Room: Galaxy Meeting Room.

Date: Tuesday, May 2, 2006.

Time: 6 p.m.–9 p.m. (pst).

Place: Best Western Cotton Tree Inn.

Address: 2300 Market Street, Mt. Vernon, Washington.

At these meetings, resource agency personnel and other interested persons will have the opportunity to provide oral and written comments and recommendations regarding the draft EIS. The meetings will be recorded by a court reporter, and all statements (verbal and written) will become part of the Commission's public record for the project. These meetings are posted on
