[Docket No. RP06-297-000]

Tennessee Gas Pipeline Company; Notice of Petition for Declaratory Order

April 12, 2006.

Take notice that on March 31, 2006, Tennessee Gas Pipeline Company (Tennessee) filed a petition for declaratory order under Rule 207(a)(2) of the Commission's regulations (18 CFR 385.207(a)(2)) requesting that the Commission find that: (1) Columbia Gulf Transmission Company (Columbia Gulf) is violating the Commission's Orders issued in Docket No. RP04-215-000¹ by refusing to allow installation of two taps necessary for the Commission-directed interconnection on the Blue Water Project, (2) Columbia Gulf must permit the taps to be installed and in service no later than ten days after the upstream facilities have been constructed by Tennessee; and (3) Columbia Gulf's compliance with (1) and (2), is not conditioned upon any other requirement.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's regulations (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance on or before the date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on Tennessee. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than Tennessee.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the

"eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible online at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). [Project No. 2204-024, Colorado]

City and County of Denver; Notice of Availability of Environmental Assessment

April 12, 2006.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for exemption from licensing for the Williams Fork Reservoir Hydroelectric Project, a small hydroelectric project of less than 5 megawatts, located on the Williams Fork River near its confluence with the Colorado River at Parshall, in Grand County, Colorado, and has prepared an Environmental Assessment (EA) for the project.

The EA contains the staff's analysis of the potential environmental impacts of the project and concludes that issuing an exemption from licensing for the project, with appropriate environmental protective measures, would not constitute a major Federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public

Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link.
