SUPPLEMENTARY INFORMATION: The FAA published this direct final rule with a request for comments in the **Federal Register** on March 7, 2006 (71 FR 11297). In addition, a correction to the direct final rule was published in the **Federal Register** on March 24, 2006, changing the effective date to June 8,

2006, to coincide with the IFR Enroute Low Altitude charting date. The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or written notice of intent to submit such an adverse comment, were received within the comment period, the regulation will become effective on June 8, 2006, as per the final rule correction. No adverse comments were received, and thus this notice confirms that this direct final rule will become effective on that date.

SOCIAL SECURITY ADMINISTRATION

20 CFR Part 404

RIN 0960-AG32

Filing of Applications and Requirements for Widow's and Widower's Benefits

AGENCY: Social Security Administration.

ACTION: Final rule.

SUMMARY: We are revising one of our regulations to clarify that we will protect a title II claimant's filing date as of the date the claimant or other proper applicant on the claimant's behalf completes and transmits to the Social Security Administration (SSA) the Personal Information Identification data on the Internet Social Security Benefit Application (ISBA). This revision addresses an aspect of implementing the ISBA to provide certain rights to Internet filers that we afford to other filers.

In addition, we are correcting one word in a different title II regulation. The revision is necessary to correctly reflect the circumstances under which a claimant for widow's or widower's benefits as the insured person's surviving divorced spouse would be considered "unmarried."

DATES: This final rule is effective on April 27, 2006.

Background

Various sections of the Social Security Act (Act) and § 404.603 of our regulations provide that filing an application with SSA is one of the requirements for entitlement to Federal old-age, survivors and disability insurance benefits. A valid application may only be signed by a proper applicant as defined in our regulations. Section 404.612 of our regulations specifies who may sign an application. If the claimant becomes entitled to any past-due benefits, we pay the past-due benefits in accordance with the Act based upon the filing date of the application. We have long recognized, however, that an individual might intend to file a claim for benefits but be unable to complete an application immediately.

Accordingly, § 404.630 of our regulations provides that any proper applicant may establish an earlier "protective" filing date based upon that individual's initial contact with us. If all of the requirements for a protective filing are satisfied, we will establish the date of the initial contact as the protective filing date of the application. Among the requirements for preserving the protective filing date, § 404.630(c) provides that a proper applicant must file a signed application with us within six months of the date we notify the claimant or other person listed in § 404.612 about the need to file an application. This protective filing date prevents a potential loss of any retroactive benefits.

Our regulations currently do not explain how we determine a claimant's application filing date when a proper applicant intends to file a benefit claim
