At the upcoming meeting, between 9:15 a.m. and 10:15 a.m., the committee will discuss ongoing NSTAC task force work of the Emergency Communications & Interoperability Task Force, Telecommunications and Electric Power Interdependency Task Force, Legislative and Regulatory Task Force, and Research and Development Task Force. Basis for Closure: The Executive Session will likely include discussions of sensitive infrastructure information concerning system threats and explicit physical/cyber vulnerabilities related to current emergency communications capabilities and the use of national security and emergency preparedness services over the next generation networks. The Executive Session will occur between 10:30 a.m. and 3:30 p.m. and will involve sensitive information. Pursuant to Section 10(d) of the Federal Advisory Committee Act, Public Law 92–463, as amended (5 U.S.C. App. 1 *et seq.*), the Department has determined that this discussion will concern matters which, if disclosed, would be likely to frustrate significantly the implementation of a proposed agency action. Accordingly, the relevant portion of this meeting will be closed to the public pursuant to the authority set forth in 5 U.S.C. 552b(c)(9)(B).

Dated: April 5, 2006.
