*Abstract:* The purpose of the on-site  
recreation survey is to characterize

existing users, characterize their use of  
the New Melones Project, assess their  
satisfaction with their experience and  
the facilities, and find out what other

like to see developed at the New  
Melones Lake Project. The purpose of  
the regional telephone survey is to  
characterize regional population, their  
outdoor recreation use, the demand for  
various types of outdoor recreation  
activities, trends in outdoor recreation  
use, and the extent to which regional  
population use New Melones Lake  
Project, Sonora, CA. Together the on-site

guidance on what recreational planning

New Melones Lake Project RMP/EIS.

*Description of respondents:* Persons
