C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Nasdaq has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act⁹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁰ Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days from the date of filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder. As required under Rule 19b-4(f)(6)(iii), Nasdaq provided the Commission with written notice of its intent to file the proposed rule change at least five business days prior to filing the proposal with the Commission or such shorter period as designated by the Commission. Nasdaq has requested that the Commission waive 30-day delayed operational date provisions contained in the above rule, based upon a representation that the proposed rule filing would ensure that INET users have the beneficial capability to enter larger size orders as soon as practicable. For this reason, the Commission designates the proposal to be effective and operative upon filing with the Commission.

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**1. Purpose**

Consistent with Rule 612 of Regulation NMS,⁷ as of January 31, 2006, the Nasdaq Market Center (“NMC”) and Nasdaq’s Brut and INET facilities accept quotes that are in increments of least \$0.0001 if these quotes are priced below \$1.00. Quotes priced above \$1.00 are accepted by the NMC, Brut, and INET in increments of at least \$0.01. These principles apply equally to Nasdaq-listed securities and to securities listed on other exchanges.

At the request of the Commission staff, in order to accommodate the NYSE and the Amex, the NMC continues to adjust all proper (*i.e.*, priced under \$1.00 and in increments of not less than \$0.0001) sub-penny quotes in NYSE- and Amex-listed securities as soon as it receives them.⁸ Offers are adjusted upwards to the next whole cent, while bids are adjusted downward to the next whole cent. However, Nasdaq’s INET and Brut facilities currently do not adjust proper sub-penny quotes in NYSE- or Amex-listed securities and instead allow sub-penny executions in such securities as contemplated under Rule 612.

The purpose of this filing is to implement within INET and Brut the same adjustment mechanism as was

⁷ 17 CFR 242.612.

⁸ See Securities Exchange Act Release No. 34–53203 (Jan. 31, 2006), 71 FR 6300 (Feb. 7, 2006) (rule change to enable the NMC to continue adjusting sub-penny quotes priced below \$1.00 in NYSE and Amex securities).

implemented earlier this year in the NMC. Specifically, proper (*i.e.*, priced under \$1.00 and in increments of not less than \$0.0001) sub-penny quotes in NYSE- and Amex-listed securities will be adjusted on receipt by the Brut and INET Systems. Offers will be adjusted upwards to the next whole cent, while bids will be adjusted downward to the next whole cent. The ability of Brut or INET to accept sub-penny quotes in Nasdaq-, NYSE-, or Amex-listed securities is not affected by this proposal.

As with the NMC sub-penny quote adjustments, Nasdaq views this rule change for Brut and INET, which is also being made at the request of the Commission staff, as temporary in nature because it will continue to deprive investors of the ability, envisioned in Rule 612, to trade in sub-pennies those NYSE- and Amex-listed stocks that are priced below \$1.00. When Nasdaq determines that this approach is no longer appropriate, it will change the rule described herein by making an immediately effective filing with the Commission.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A of the Act,⁹ in general, and with Section 15A(b)(6) of the Act,¹⁰ in particular, in that it is designed to promote just and equitable principles of trade.

B. Self-Regulatory Organization’s Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the

⁹ 15 U.S.C. 78o–3.

¹⁰ 15 U.S.C. 78o–3(b)(6).

protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹²

The Exchange has asked the Commission to waive the 30-day operative delay and allow the proposed rule change to become operative on May 1, 2006. The Commission hereby grants that request.¹³ The Commission believes that the Exchange's proposal to round away all proper sub-penny quotes in NYSE- and Amex-listed securities immediately upon receipt by Brut or INET raises no new regulatory issues, as Nasdaq implemented the same adjustment mechanism earlier this year in the NMC and Rule 612 does not require that accepted sub-penny quotes priced below \$1.00 be displayed, executed, or routed in sub-pennies. Furthermore, this rule change will bring the quoting conventions of two Nasdaq trading facilities, Brut and INET, into line with those of the NMC without any further delay, thereby reducing the possibility of investor confusion. Therefore, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
