

EPA notified the National Fuelsaver Corporation of its obligation to submit the Tier 1 report. On August 1, 2005 the Agency issued a notice of intent to cancel the registration of Platinum GaSaver to the National Fuelsaver Corporation, along with instructions for responding (Notice). The Notice stated that the Tier 1 report was necessary in order for the National Fuelsaver Corporation to maintain the registration of Platinum GaSaver. The Notice also provided 60 days from its receipt to submit written comments and/or the Tier 1 report, or to request an informal hearing.

The National Fuelsaver Corporation objected to the Notice, in a response dated September 19, 2005, and reiterated its posture that Platinum GaSaver is not a fuel additive under 40 CFR part 79. The National Fuelsaver Corporation further maintained that the registration of Platinum GaSaver was based on its fulfillment of the terms and conditions of various correspondence between the Agency and its attorney in 1989, instead of the requirements under 40 CFR part 79. Additionally, the National Fuelsaver Corporation maintained that none of the terms and conditions of these letters allowed for cancellation of the registration for Platinum GaSaver.

While the EPA accepted submission of the registration documentation by the National Fuelsaver Corporation on the condition that their submission would not constitute an admission by the National Fuelsaver Corporation that Platinum GaSaver is a fuel additive, as contemplated by 40 CFR part 79, there is nothing, in either the referenced letters, or elsewhere, indicating that EPA either waived or limited its authority under 40 CFR part 79. Similarly, there is also nothing in either these letters, or elsewhere, indicating that EPA either waived or limited the National Fuelsaver Corporation's obligations under 40 CFR part 79.

The Agency registered Platinum GaSaver as a fuel additive under sections 211(a), (b) and (e) of the Act, and the applicable requirements that are set forth at 40 CFR part 79. The National Fuelsaver Corporation was required to submit a Tier 1 Report for Platinum GaSaver by May 27, 1997 as a condition for maintaining this registration. To date the National Fuelsaver Corporation has yet to comply with this requirement.

This is a final cancellation order of the Agency's registration of Platinum GaSaver. A copy of this order has been sent to the National Fuelsaver Corporation through certified mail in the past several days. The cancellation order will become effective five days

after publication in the **Federal Register**.
