

(§§ 325.14(b) of the Regulations, 15 CFR 325.14(b)). Failure to submit a complete Annual Report may be the Basis for Revocation (§§ 325.10(a) and 325.14(c) of the Regulations, 15 CFR 325.10(a)(3) and 325.14(c)). On June 30, 2005, the Secretary of Commerce sent to Aires Group, Ltd., a letter containing Annual Report questions stating that its annual report was due on August 25, 2005. A reminder was sent on October 21, 2005 with a due date of April 17, 2006. The Secretary has received no written response from Aires Group, Ltd., to any of these letters. On March 17, 2006, and in accordance with § 325.10(c)(1) of the Regulations, (15 CFR 325.10(c)(1)), the Secretary of Commerce sent a letter by Certified Mail to notify Aires Group, Ltd., that the Secretary was formally initiating the process to revoke its Certificate for failure to file an annual report. The Secretary received notification that the letter was received by Aires Group, Ltd., on March 22, 2006. Pursuant to § 325.10(c)(2) of the Regulations (15 CFR 325.10(c)(2)), the Secretary considers the failure of Aires Group, Ltd., to respond to be an admission of the statements contained in the notification letter. The Secretary has determined to revoke the Certificate issued to Aires Group, Ltd., for its failure to file an annual report. The Secretary has sent a letter, dated April 28, 2006 to notify the Aires Group, Ltd., of its final determination.

The Revocation is effective thirty (30) days from the date of publication of this notice (§ 325.10(c)(4) of the Regulations, 15 CFR 325.10(c)). Any person aggrieved by this decision may appeal to an appropriate U.S. District Court within 30 days from the date of publication of this notice in the **Federal Register** “(§ 325.11 of the Regulations, 15 CFR 325.11).”

SUPPLEMENTARY INFORMATION:

Background

Recovery plans describe actions considered necessary for the conservation and recovery of species listed under the Endangered Species Act of 1973 (ESA), as amended (16 U.S.C. 1531 *et seq.*). An "evolutionarily significant unit" (ESU) of Pacific salmon (Waples 1991) and a "distinct population segment" (DPS) of steelhead (71 FR 834, January 5, 2006) are considered to be "species", as defined in Section 3 of the ESA. The ESA requires that recovery plans incorporate: (1) Site-specific management actions necessary to achieve the plan's goals; (2) objective, measurable criteria which, when met, would result in a determination that the species is no longer threatened or endangered; and (3) estimates of the time required and costs to implement recovery actions. The ESA requires the development of recovery plans for listed species unless such a plan would not promote the recovery of a particular species.

NMFS' goal is to restore endangered and threatened Pacific salmon and steelhead ESA-listed species to the point that they are again secure, self-sustaining members of their ecosystems and no longer need the protections of the ESA. NMFS believes it is critically important to base its recovery plans on the many state, regional, tribal, local, and private conservation efforts already underway throughout the region. Therefore, the agency supports and participates in locally led collaborative
