

utero to mitigate the effects of hyperthyroidism. The referring physician and patient were notified of the medical event.

Cause(s)—The cause of the event was human error. At the time of the administration, the patient was unaware of her pregnancy status and completed forms indicating that she was not pregnant.

Actions Taken to Prevent Recurrence Licensee—The licensee has implemented a policy performing a serum pregnancy test and receiving the results within 80 hours of administration of therapeutic amounts of I-131. This test will be performed on all women 13 to 50 years of age, unless the women have been surgically sterilized.

State Agency—The Ohio Department of Health performed an on-site investigation on January 28, 2005 and determined that the licensee followed all required procedures. The State agency will conduct periodic inspections to ensure that the licensee's actions taken to prevent recurrence were implemented.

This event is closed for the purpose of this report.

Dated at Rockville, Maryland this 28th day of April, 2006.

Notice of Meeting of the Cultural Property Advisory Committee

There will be a meeting of the Cultural Property Advisory Committee on Thursday, June 8, 2006, from approximately 9 a.m. to 5 p.m., and on Friday, June 9, from approximately 9 a.m. to 2 p.m., at the Department of State, Annex 44, Room 840, 301 4th St., SW., Washington, DC. During its meeting the Committee will review a proposal to extend the Memorandum of Understanding Between the Government of the United States of America and the Government of the Republic of Bolivia Concerning the Imposition of Import Restrictions on Archaeological Material from the Pre-Columbian Cultures and Certain Ethnological Material from the Colonial and Republican Periods of Bolivia. The Government of the Republic of Bolivia has notified the Government of the United States of America of its interest in such an extension.

The Committee's responsibilities are carried out in accordance with provisions of the Convention on Cultural Property Implementation Act (19 U.S.C. 2601 *et seq.*). The text of the Act and subject Memorandum of Understanding, as well as related information may be found at <http://exchanges.state.gov/culprop>. Portions of the meeting on June 8 and 9 will be closed pursuant to 5 U.S.C. 552b(c)(9)(B) and 19 U.S.C. 2605(h).

However, on June 8, the Committee will hold an open session from approximately 10 a.m. to 11:30 a.m., to receive oral public comment on the proposal to extend. Persons wishing to attend this open session should notify the Cultural Heritage Center of the Department of State at (202) 453-8800 by Thursday, June 1, 2006, 3 p.m. (EDT) to arrange for admission. Seating is limited.

Those who wish to make oral presentations at the public session should request to be scheduled and must submit a written text of the oral comments by May 24 to allow time for distribution to Committee members prior to the meeting. Oral comments will be limited to allow time for questions from members of the Committee and must specifically address the determinations under section 303(a)(1) of the Convention on Cultural Property Implementation Act, 19 U.S.C. 2602, pursuant to which the Committee must make findings. This citation for the determinations can be found at the Web site noted above.

The Committee also invites written comments and asks that they be submitted no later than May 24 to allow time for distribution to Committee members prior to the meeting. All written materials, including the written texts of oral statements, may be faxed to (202) 435-8803. If five pages or more, 20 duplicates of written materials must be sent by express mail to: Cultural Heritage Center, Department of State, Annex 44, 301 4th Street, SW., Washington, DC 20547; tel: (202) 453-8800.

Dated: April 21, 2006.

Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: Highway Safety Improvement Program.

OMB Control No: 2125-0025.

Background: The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) amended Section 148 of Title 23 U.S.C. to establish a new "core" Highway Safety Improvement Program (HSIP) that provides funds to State Departments of Transportation (DOTs) to improve conditions at hazardous highway locations and hazardous railway-highway grade crossings on all public roads, including those maintained by Federal, State and local agencies. The existing provisions of Title 23 U.S.C. Sections 130, Railway-Highway Crossings Program, and 152, Hazard Elimination Program, as well as implementing regulations in 23 CFR 924, remain in effect. Included in these combined provisions are requirements for State DOTs to annually produce and submit to FHWA by August 31 three reports related to the conduct and effectiveness of their HSIPs, that are to include information on: (a) Progress being made to implement HSIP projects and the effectiveness of these projects in reducing traffic crashes, injuries and fatalities [Sections 148(g) and 152(g)]; (b) progress being made to implement the Railway-Highway Crossings Program and the effectiveness of the projects in that program [Sections 130(g) and 148(g)], which will be used by FHWA to produce and submit biennial reports to Congress required on April 1, beginning April 1, 2006; and, (c) description of at least 5 percent of the State's highway locations exhibiting the most severe safety needs, including an estimate of the potential remedies, their costs, and impediments to their implementation other than cost for each of the locations listed (*i.e.* the "5 percent report") [Section 148(c)(1)(D)]. To be able to produce these reports, State DOTs must have crash data and analysis systems capable of identifying and determining the relative severity of hazardous highway locations on all public roads, and determining the "before" and "after" crash experiences at HSIP project locations. This information provides FHWA with a means for monitoring the effectiveness of these programs and may be used by Congress for determining the future HSIP program structure and funding levels. Per SAFETEA-LU, State DOTs have much flexibility in the methodology they use to rank the relative severity of their public road locations in terms of
