## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

[MT-926-06-1910-BJ-5REW]

#### Montana: Filing of Plat of Survey

**AGENCY:** Bureau of Land Management, Montana State Office, Interior.

**ACTION:** Notice of filing of plat of survey.

**SUMMARY:** The Bureau of Land Management (BLM) will file the plat of survey of the lands described below in the BLM Montana State Office, Billings, Montana, thirty (30) days from the date of publication in the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:**

Steve Toth, Cadastral Surveyor, Branch of Cadastral Survey, Bureau of Land Management, 5001 Southgate Drive, Billings, Montana 59101-4669, telephone (406) 896-5121 or (406) 896-5009.

**SUPPLEMENTARY INFORMATION:** This survey was executed at the request of the Northern Cheyenne Agency, through the Rocky Mountain Regional Director, Bureau of Indian Affairs and was necessary to determine Trust and Tribal lands. The lands we surveyed are:

**Principal Meridian, Montana**

T. 3 S., R. 44 E.

The plat, in 2 sheets, representing the dependent resurvey of a portion of the subdivisional lines, the adjusted original meanders of the former left bank of the Tongue River through sections 10 and 15, portions of the subdivision of sections 10 and 15, and the subdivision of sections 10 and 15, and the survey of portions of the meanders of the present left bank of the Tongue River through sections 10 and 15, Township 3 South, Range 44 East, Principal Meridian, Montana, was accepted April 24, 2006.

We will place a copy of the plat, in 2 sheets, and related field notes we described in the open files. They will be available to the public as a matter of information.

If BLM receives a protest against this survey, as shown on this plat, in 2 sheets, prior to the date of the official filing, we will stay the filing pending our consideration of the protest.

We will not officially file this plat, in 2 sheets, until the day after we have accepted or dismissed all protests and they have become final, including decisions or appeals.

Dated: May 2, 2006.

**Thomas M. Deiling,**

*Chief Cadastral Surveyor, Division of Resources.*

### Bureau of Land Management

[MT-926-06-1420-BJ-TRST]

#### Montana: Filing of Plat of Survey

**AGENCY:** Bureau of Land Management, Montana State Office, Interior.

**ACTION:** Notice of Filing of Plat of Survey.

**SUMMARY:** The Bureau of Land Management (BLM) will file the plats of survey of the lands described below in the BLM Montana State Office, Billings, Montana, thirty (30) days from the date of publication in the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:**

Randy Thomas, Cadastral Surveyor, Branch of Cadastral Survey, Bureau of Land Management, 5001 Southgate Drive, Billings, Montana 59101-4669, telephone (406) 896-5134 or (406) 896-5009.

**SUPPLEMENTARY INFORMATION:** This survey was executed at the request of the Rocky Mountain Regional Director, Bureau of Indian Affairs, and was necessary to determine Trust and Tribal land.

The lands we surveyed are:

**Principal Meridian, Montana**

T. 27 N., R. 53 E.

The plat, in two sheets, representing the dependent resurvey of portions of the east, west, and north boundaries, a portion of the subdivisional lines, the adjusted original meanders of the former left bank of the Missouri River, downstream, through sections 1, 2, and 6, and a portion of the subdivision of sections 1, 2, and 6, the subdivision of sections 1 and 2, and the survey of the meanders of the present left bank of the Missouri River, downstream, through sections 1, 2, and 6, and certain division of accretion lines, in Township 27 North, Range 53 East, Principal Meridian, Montana, was accepted April 26, 2006.

We will place a copy of the plats, in two sheets, and related field notes we described in the open files. They will be available to the public as a matter of information.

If BLM receives a protest against these surveys, as shown on these plats, in two

sheets, prior to the date of the official filing, we will stay the filing pending our consideration of the protest.

We will not officially file these plats, in two sheets, until the day after we have accepted or dismissed all protests and they have become final, including decisions or appeals.

Dated: May 3, 2006.

**Thomas M. Deiling,**

*Chief Cadastral Surveyor, Division of Resources.*

## DEPARTMENT OF THE INTERIOR

### Minerals Management Service

#### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** Minerals Management Service (MMS), Interior.

**ACTION:** Notice of extension of an information collection (1010-0154).

**SUMMARY:** To comply with the Paperwork Reduction Act of 1995 (PRA), we are inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) concerns the paperwork requirements under the Endangered Species Act Biological Opinions, issued by the Fish and Wildlife Service (FWS) and National Oceanic and Atmospheric Administration Fisheries (NOAA Fisheries) and is titled: "Notices to Lessees and Operators (NTLs)—Implementation of Seismic Survey Mitigation Measures and Protected Species Observer Program, NTL—Vessel Strike Avoidance and Injured/Dead Protected Species Reporting; and NTL—Marine Trash and Debris Awareness and Elimination."

**DATES:** Submit written comments by July 10, 2006.

**ADDRESSES:** You may submit comments by any of the following methods listed below. Please use the Information Collection Number 1010-0154 as an identifier in your message.

- Public Connect on-line commenting system, <https://occonnect.mms.gov>. Follow the instructions on the Web site for submitting comments.

- E-mail MMS at [rules.comments@mms.gov](mailto:rules.comments@mms.gov). Identify with Information Collection Number 1010-0154 in the subject line.

- Fax: 703-787-1093. Identify with Information Collection Number 1010-0154.

• Mail or hand-carry comments to the Department of the Interior; Minerals Management Service; Attention: Rules Process Team (RPT); 381 Elden Street, MS-4024; Herndon, Virginia 20170-4817. Please reference "Information Collection 1010-0154" in your comments.

**FOR FURTHER INFORMATION CONTACT:** Cheryl Blundon, Rules Processing Team at (703) 787-1600. You may also contact Cheryl Blundon to obtain a copy, at no cost, of the NTLs that require the subject collection of information.

**SUPPLEMENTARY INFORMATION:**

*Title:* Notices to Lessees and Operators (NTLs)—Implementation of Seismic Survey Mitigation Measures and Protected Species Observer Program, NTL—Vessel Strike Avoidance and Injured/Dead Protected Species Reporting; and NTL—Marine Trash and Debris Awareness and Elimination.

*OMB Control Number:* 1010-0154.

*Abstract:* The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition.

The Department of the Interior, MMS, as a Federal agency, has a continuing affirmative duty to comply with the Endangered Species Act (ESA). This includes a substantive duty to carry out any agency action in a manner that is not likely to jeopardize protected species as well as a procedural duty to consult with the FWS and NOAA Fisheries before engaging in a

discretionary action that may affect a protected species.

MMS follows these procedural requirements by conducting formal consultations with FWS and NOAA Fisheries prior to lease sales. Consultations on OCS lease sales 181, 184, and the 5-year multisale (2002-2007) program in the Central and Western Planning Areas of the Gulf of Mexico resulted in no-jeopardy biological opinions from the FWS and NOAA Fisheries. In their biological opinions, NOAA Fisheries determined that some activities associated with the proposed action (lease sale and related exploration, development, and production activities) may adversely affect (harm) marine wildlife, marine mammals including sperm whales, and sea turtles in the action area and that certain reasonable and prudent measures are necessary to minimize the potential for incidental take of these animals. To be exempt from the prohibitions of Section 9 of the ESA (Endangered Species Act) (which prohibits taking listed species), MMS must implement and enforce nondiscretionary terms and conditions. The ESA also requires monitoring and reporting. Monitoring programs resulting from ESA interagency consultations are designed to:

- (1) Detect adverse effects resulting from a proposed action,
- (2) Assess the actual level of incidental take in comparison with the level of anticipated incidental take documented in the biological opinion,
- (3) Detect when the level of anticipated take is exceeded, and
- (4) Determine the effectiveness of reasonable and prudent alternatives and their implementing terms and conditions.

To provide supplementary guidance and procedures, MMS issues NTLs on a regional or national basis. Regulation 30 CFR 250.103 allows MMS to issue NTLs to clarify, supplement, or provide more detail about certain requirements. To implement the nondiscretionary terms and conditions of these biological opinions, the MMS issued three NTLs:

• NTL 2004-G01—Implementation of Seismic Survey Mitigation Measures and Protected Species Observer Program,

• NTL 2003-G11—Marine Trash and Debris Awareness and Elimination, and

• NTL 2003-G10—Vessel Strike Avoidance and Injured/Dead Protected Species Reporting.

The MMS will use the information collected to report annually to NOAA Fisheries the effectiveness of mitigation, any adverse effects of the proposed action, and any incidental take, in accordance with 50 CFR 402.14(i)(3). The MMS engineers, geologists, geophysicists, environmental scientists, and other Federal agencies (FWS, NOAA Fisheries, etc.) will also analyze the information and data collected under these NTLs to better evaluate the potential impacts to listed species and to plan operations in a manner that will further reduce and/or avoid adverse impacts to protected species in the OCS.

We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2) and under regulations at 30 CFR parts 250, 251, and 252. No items of a sensitive nature are collected. Responses are mandatory or required to obtain or retain a benefit.

*Frequency:* On occasion and on the 1st and 15th of each month for the marine mammal observation reports.

*Estimated Number and Description of Respondents:* Approximately 130 Federal OCS lessees and operators.

*Estimated Reporting and Recordkeeping "Hour" Burden:* The currently approved annual reporting burden for this collection is 22,305 hours. The following chart details the individual components and respective hour burden estimates of this ICR. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

NTL	Reporting and recordkeeping requirement	Hour burden
Implementation of Seismic Survey Mitigation Measures and Protected Species Observer Program.	Submit marine mammal observation reports/forms (including observer, survey, sighting, shut-down, borehole, and passive acoustic monitoring reports).	1 hour/report.
	Actual visual observation on duty .....	8 hours/day 3 observers/ vessel = 24.
	Submit to MMS observer training requirement materials and information.	½ hour.
	Observer training. ....	8 hours.
	Training certification and recordkeeping .....	½ hour.
	Submit to MMS information on passive acoustic monitoring system before its use (voluntary program).	1 hour.

NTL	Reporting and recordkeeping requirement	Hour burden
Vessel Strike Avoidance and Injured/Dead Protected Species Rpting.	Submit injured/dead protected species report .....	½ hour/report.
Marine Trash and Debris Awareness and Elimination .....	Write to obtain training video (optional) ..... Submit annual report to MMS on training process and certification. Training recordkeeping .....	½ hour/request. ½ hour/record. ½ hour/record.
Post placards on vessels and structures. (Exempt from information collection burden because MMS is providing exact language for the trash and debris warning, similar to the "Surgeon General's Warning" exemption.)		

*Estimated Reporting and Recordkeeping "Non-Hour Cost"*

*Burden:* We have identified no "non-hour cost" burdens for this collection.

*Public Disclosure Statement:* The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

*Comments:* Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency " \* \* \* to provide notice \* \* \* and otherwise consult with members of the public and affected agencies concerning each proposed collection of information \* \* \*."

Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Agencies must also estimate the "non-hour cost" burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. You should not

include estimates for equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

*Public Comment Procedures:* MMS's practice is to make comments, including names and addresses of respondents, available for public review. If you wish your name and/or address to be withheld, you must state this prominently at the beginning of your comment. MMS will honor this request to the extent allowable by law; however, anonymous comments will not be considered. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

*MMS Information Collection Clearance Officer:* Arlene Bajusz (202) 208-7744.

Dated: May 3, 2006.

**William S. Hauser,**

*Acting Chief, Office of Offshore Regulatory Programs.*

**BILLING CODE 4310-MR-P**

**DEPARTMENT OF THE INTERIOR**

**National Park Service**

**Cape Cod National Seashore, Massachusetts; Draft Environmental Impact Statement for the Hunting Program**

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice of Availability of the Draft Environmental Impact Statement

for the Hunting Program at Cape Cod National Seashore.

**SUMMARY:** The National Park Service (NPS) announces the availability of the Draft Environmental Impact Statement for the Hunting Program at Cape Cod National Seashore (DEIS). The draft document describes and analyzes the environmental impacts of a preferred alternative, another action alternative, and a no action alternative.

**DATES:** The DEIS will be available for public review and comment for 60 days from the date of publication of the Environmental Protection Agency's Notice of Availability in the **Federal Register**. Comments will be accepted until the close of the 60-day review period. Public information meetings are scheduled for 7 p.m., Thursday, June 8, 2006, at the Salt Pond Visitor Center in Eastham, Massachusetts, and for 9 a.m., Saturday, June 10, 2006, at the Province Lands Visitor Center in Provincetown, Massachusetts.

**ADDRESSES:** The DEIS may be viewed online at <http://www.nps.gov/caco> through the "In Depth" link on the homepage under "Management". The DEIS will be available in hard copy at outer cape libraries and Marconi headquarters for onsite review. Comments may be submitted by mail to the address below, or by e-mail to [CACO\\_Hunt\\_EIS@nps.gov](mailto:CACO_Hunt_EIS@nps.gov) (please note the underscore between words).

**FOR FURTHER INFORMATION CONTACT:** Superintendent, Cape Cod National Seashore, 99 Marconi Site Road, Wellfleet, Massachusetts 02667. Telephone: (508) 349-3785. Fax: (508) 349-9052.

**SUPPLEMENTARY INFORMATION:** Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2), the NPS has prepared a DEIS that considers three alternatives for managing the hunting program at Cape Cod National Seashore. The draft document describes and analyzes the environmental impacts of a preferred alternative, another action alternative, and a no action alternative.
