DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

May 8, 2006.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *Pamela_Beverly_OIRA_Submission@OMB.EOP.GOV* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

Agricultural Marketing Service

Title: Reporting Requirements Under Regulations Governing Inspection and Grading Services of Manufactured or Processed Dairy Products.

OMB Control Number: 0581-0126.

Summary of Collection: The Agricultural Marketing Act (AMA) of 1946 (7 U.S.C. 1621-1627), directs and authorizes the Department to develop standards of quality, condition, quantity, grading programs, and services to enable a more orderly marketing of agricultural products. The Government, industry and consumer will be well served if the Government can help ensure that dairy products are produced under sanitary conditions and that buyers have the choice of purchasing the quality of the product they desire. The dairy grading program is a voluntary user fee program. In order for a voluntary inspection program to perform satisfactorily with a minimum of confusion, information must be collected to determine what services are requested.

Need and Use of the Information: The information collected is used to identify the product offered for grading, to identify and contact the individuals responsible for payment of the grading fee and to identify the person responsible for administering the grade label program. The Agriculture Marketing service will use forms to collect essential information to carry out and administer the inspection and grading program.

Description of Respondents: Business or other for profit.

Number of Respondents: 400.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 360.

Charlene Parker,

Departmental Information Collection Clearance Officer.

Continuation of Antidumping and Countervailing Duty Orders: Sulfanilic Acid from the People's Republic of China and India

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (the "Department") and the International Trade Commission (the "ITC") that revocation of the antidumping duty ("AD") orders on sulfanilic acid from the People's Republic of China ("PRC") and India would likely lead to continuation or recurrence of dumping, that revocation of the countervailing duty ("CVD") order on sulfanilic acid from India would likely lead to continuation or recurrence of a countervailable subsidy, and that revocation of these AD and CVD orders would likely lead to a continuation or recurrence of material injury to an industry in the United States, the Department is publishing this notice of the continuation of these AD and CVD orders.

EFFECTIVE DATE: May 11, 2006.

FOR FURTHER INFORMATION CONTACT: Robert Bolling (PRC Order), Tipten Troidl (Indian AD/CVD Orders), AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3434 and (202) 482-1767, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 2, 2005, the Department initiated and the ITC instituted sunset reviews of the AD and CVD orders on sulfanilic acid from the PRC and India, pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended (the "Act"), respectively. *See Notice of Initiation of Five-Year ("Sunset") Reviews*, 70 FR 22632 (May 2, 2005). As a result of its reviews, the Department found that revocation of the AD orders would likely lead to continuation or recurrence of dumping and that revocation of the CVD order would

likely lead to continuation or recurrence of subsidization, and notified the ITC of the margins of dumping and the subsidy rates likely to prevail were the orders revoked. *See Sulfanilic Acid from India and the People's Republic of China; Notice of Final Results of Expedited Sunset Reviews of Antidumping Duty Orders*, 70 FR 53164 (September 7, 2005) and *Final Results of Expedited Sunset Review of Countervailing Duty Order: Sulfanilic Acid from India*, 70 FR 53168 (September 7, 2005) (collectively, "Final Results").

On April 27, 2006, the ITC determined that revocation of the AD and CVD orders on sulfanilic acid from the PRC and India would likely lead to continuation or recurrence of material injury within a reasonably foreseeable time. *See Sulfanilic Acid from China and India*, 71 FR 24860 (April 27, 2006) ("ITC Determination") and USITC Publication 3849 (April 2006), entitled *Sulfanilic Acid from China and India* (Inv. Nos. 701-TA-318 and 731-TA-538 and 561 (Second Review)).

Scope of the Orders

The merchandise covered by the AD and CVD orders is all grades of sulfanilic acid, which include technical (or crude) sulfanilic acid, refined (or purified) sulfanilic acid and sodium salt of sulfanilic acid (sodium sulfanilate).

Sulfanilic acid is a synthetic organic chemical produced from the direct sulfonation of aniline with sulfuric acid. Sulfanilic acid is used as a raw material in the production of optical brighteners, food colors, specialty dyes, and concrete additive. The principal differences between the grades are the undesirable quantities of residual aniline and alkali insoluble materials present in the sulfanilic acid. All grades are available as dry free flowing powders.

Technical sulfanilic acid contains 96 percent minimum sulfanilic acid, 1.0 percent maximum aniline, and 1.0 percent maximum alkali insoluble materials. Refined sulfanilic acid contains 98 percent minimum sulfanilic acid, 0.5 percent maximum aniline, and 0.25 percent maximum alkali insoluble materials. Sodium salt of sulfanilic acid (sodium sulfanilate) is a granular or crystalline material containing 75 percent minimum sulfanilic acid, 0.5 percent maximum aniline, and 0.25 percent maximum alkali insoluble materials based on the equivalent sulfanilic acid content.

In response to a request from 3V Corporation, on May 5, 1999, the Department clarified that sodium sulfanilate processed in Italy from sulfanilic acid produced in India is within the scope of the AD and CVD

orders on sulfanilic acid from India. *See Notice of Scope Rulings*, 65 FR 41957 (July 7, 2000).

The merchandise is currently classifiable under Harmonized Tariff Schedule of the United States ("HTSUS") subheadings 2921.42.22 and 2921.42.24.90. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of the order is dispositive.

Determination

As a result of the determinations by the Department and the ITC that revocation of these AD and CVD orders would likely lead to continuation or recurrence of dumping or a countervailable subsidy, and of material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the AD and CVD orders on sulfanilic acid from the PRC and India. U.S. Customs and Border Protection will continue to collect cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of these orders is the date of publication in the **Federal Register** of this Notice of Continuation.

Pursuant to sections 751(c)(2) and 751(c)(6) of the Act, the Department intends to initiate the next five-year review of these orders not later than April 2011.

These five-year (sunset) reviews and notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: May 4, 2006.

David M. Spooner,

Assistant Secretary for Import Administration.

Certain Corrosion-Resistant Carbon Steel Flat Products From Japan: Preliminary Results of Antidumping Duty Administrative Review, and Preliminary Intent to Rescind, In part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("Department") is conducting an administrative review of the antidumping duty order on certain corrosion-resistant carbon steel flat

products ("CORE") from Japan. The period of review ("POR") is August 1, 2004, through July 31, 2005. This review covers imports of CORE from Kawasaki Steel Corporation ("Kawasaki") and Nippon Steel Corporation ("Nippon Steel"). We have preliminarily found that there were no entries of CORE produced by Kawasaki. Therefore, we preliminarily determine to rescind this review with respect to Kawasaki. Further, we preliminarily determine that sales of subject merchandise sold by Nippon Steel have been made at less than normal value.

If these preliminary results are adopted in our final results of this administrative review, we will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on entries of Nippon Steel's merchandise during the POR, in accordance with 19 CFR 351.106 and 351.212(b).

We invite interested parties to comment on these preliminary results. Parties who submit arguments in this segment of the proceeding should also submit with each argument: (1) a statement of the issue and (2) a brief summary of the argument. We will issue the final results not later than 120 days from the date of publication of this notice.

EFFECTIVE DATE: May 11, 2006.

FOR FURTHER INFORMATION CONTACT:

Christopher Hargett, George McMahon, or James Terpstra, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-4161, (202) 482-1167, or (202) 482-3965, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department published an antidumping duty order on CORE from Japan on August 19, 1993. *See Antidumping Duty Orders: Certain Corrosion-Resistant Carbon Steel Flat Products from Japan*, 58 FR 44163 (Aug. 19, 1993). On August 31, 2005, Nucor Corporation ("Nucor"), a domestic producer of the subject merchandise, requested an administrative review ("AR") of the antidumping order referenced above with respect to Kawasaki and Nippon Steel. *See Letter from Nucor Corporation Requesting Administrative Review*. On September 28, 2005, the Department published a notice of initiation of this antidumping duty AR. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in*
