National Agricultural Statistics Service

Title: 2007 Census of Agriculture.

OMB Control Number: 0535-0226.

Summary of Collection: The National Agricultural Statistics Service (NASS) is responsible for conducting the Census of Agriculture under the authority of the Census of Agriculture Act of 1997, Public Law 105-113. The census of agriculture is required by law every five years and is the primary source of statistics concerning the nation's agricultural industry. It provides the only basis of consistent, comparable data throughout the more than 3,000 counties in the 50 States and Puerto Rico. For the outlying areas of American Samoa, Commonwealth of the Northern Mariana Islands, Guam and U.S. Virgin Islands, it is the only source of consistent, comparable agricultural data.

Need and Use of the Information: The information collected will serve as the basis for many agriculturally-based decisions. The data collection for the censuses of agriculture will be conducted primarily by mail-out/mail-back procedures and direct enumeration methods for Guam, the U.S. Virgin Islands and Commonwealth of the Northern Mariana Islands (CNMI). Collecting this information less frequently would hinder Federal, State, and local governments' ability to monitor the farm programs and environmental regulations affecting the agricultural economy.

Description of Respondents: Farms; Individuals or households.

Number of Respondents: 3,525,700.

Frequency of Responses: Reporting: Other (Every 5 years).

Total Burden Hours: 1,267,650.

Departmental Information Collection Clearance Officer.
