SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-53780; File No. SR-NYSE-2006-24]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing of Proposed Rule Change Relating to Exchange Rule 104(d) Governing Specialist Trading in the NYSE Hybrid Market

May 10, 2006.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 7, 2006, the New York Stock Exchange LLC (“NYSE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Exchange Rule 104(d) governing specialist trading in the NYSE HYBRID MARKETSM (“Hybrid Market”).³ Specifically, the Exchange proposes to amend Exchange Rule 104(d) to provide that specialists shall have the ability to maintain undisplayed reserve interest on behalf of the dealer account at the Exchange best bid and offer, provided at least 1,000 shares of dealer interest is displayed at that price, on the same side

of the market as the reserve interest. The text of the proposed rule change is available on the Exchange’s Web site (<http://www.nyse.com>), at the Exchange’s Office of Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange notes that the Hybrid Market was approved by the Commission on March 22, 2006.⁴ In the Hybrid Market, Exchange Rule 104(d) provides that specialists may, but are not required to, have non-displayed “reserve” interest at the best bid and offer. Reserve interest is interest at the best bid or offer that is not displayed. Reserve interest will participate in automatic executions after displayed interest on that side trades. Currently, the specialist must have a minimum amount of 2,000 shares displayed at the best bid or offer in order to have reserve interest on that side of the quote. Floor brokers also are permitted to have reserve interest.⁵ However, Floor brokers are only required to display 1,000 shares at the best bid or offer in order to have reserve interest. Accordingly, the Exchange proposes to conform the minimum display requirements for reserve interest for specialists and Floor brokers. Therefore, the Exchange proposes to amend Exchange Rule 104(d)(i) to provide that specialists shall have the ability to maintain undisplayed reserve interest on behalf of the dealer account at the Exchange best bid and offer, provided at least 1,000 shares of dealer interest is displayed at that price, on the same side of the market as the reserve interest.

In addition, the Exchange proposes to amend Exchange Rule 104(d)(ii) to

conform it to the 1,000 share minimum display requirement. Thus, this rule will require that after an execution, if specialist interest remains at the best bid or offer, the amount of such displayed interest will be replenished by the specialist’s reserve interest, if any, so that at least a minimum of 1,000 shares (instead of the current 2,000 shares) of specialist interest is displayed or whatever specialist interest remains at the best bid or offer, if less than 1,000 shares (instead of the current 2,000 shares).

The Exchange believes that it is best to have a uniform standard for the minimum amount of interest required to be displayed at the best bid or offer in order to have reserve interest as it will deter market participants from trying to deduce if a certain amount of liquidity on the Display Book[®] is associated with a Floor broker versus a specialist.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b)(5) of the Act⁶ because it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the proposed rule change also is designed to support the principles of section 11A(a)(1) of the Act⁷ in that it seeks to assure economically efficient execution of securities transactions, make it practicable for brokers to execute investors’ orders in the best market, and provide an opportunity for investors’ orders to be executed without the participation of a dealer.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

In the Hybrid Market Approval Order, the Commission approved the Exchange’s plan to implement the Hybrid Market in multiple phases. To date, the Exchange has not implemented the approved changes to Exchange Rule 104(d). The Commission notes that in this proposal, the Exchange proposes to amend the text of Rule 104(d) as approved in the Hybrid Market Approval Order. SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-53782; File No. SR-NYSE-2006-07]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing of Proposed Rule Change and Amendment No. 1 Thereto To Amend Exchange Rule 104 Regarding the Requirement That Specialists Obtain Floor Official Approval for Destabilizing Dealer Account Transactions That Match the National Best Bid or Offer

May 10, 2006.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 16, 2006, the New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the NYSE. On April 27, 2006, NYSE filed Amendment No. 1 to the proposed rule change.³ The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend NYSE Rule 104 (Dealings by Specialists) to permit specialists to effect destabilizing dealer account transactions when matching the

national best bid or offer without requiring that they obtain Floor Official approval.

The text of the proposed rule change is below. Proposed new language is in italics; proposed deletions are in [brackets].

Dealings by Specialists

Rule 104

No change in (a) through .10(4)

(5)(i) Transactions on the Exchange for his own account of a member acting as specialist are to be effected in a reasonable and orderly manner in relation to the condition of the general market, the market in the particular stock and the adequacy of the specialist's position to the immediate and reasonably anticipated needs of the round-lot and the odd-lot market. The following types of transactions to establish or increase a position are not to be effected except when they are reasonably necessary to render the specialist's position adequate to such needs:

(A) A purchase at a price above the last sale in the same session;

(B) The purchase of more than 50% of the stock offered in the market at a price equal to the last sale where such transaction would be on a "zero plus tic" (i.e., the last sale price was above the previous different regular way sale price); and

(C) Failing to reoffer or rebid where necessary after effecting transactions described in (A) and (B) above.

Transactions of these types may, nevertheless, be effected with the approval of a Floor Official or in less active markets where they are an essential part of a proper course of dealings and where the amount of stock involved and the price change, if any, are normal in relation to the market.

(ii) Notwithstanding the provisions of subparagraphs (5)(i)(A) and (B) above, whenever a specialist effects a principal purchase of a [speciality] *specialty* stock, in another participating market center through ITS, at or above the price at which he holds orders to sell that stock, such orders which remain unexecuted on the Floor must be filled by the specialist buying the stock for his own account, at the same price at which he effected his principal transaction through ITS unless, effecting such a principal transaction on the Floor, at that price, would (a) be inconsistent with the maintenance of fair and orderly markets; or (b) result in the election of stop orders.

(iii) Whenever a specialist effects a principal sale of a specialty stock, in
