Cheyenne Plains states in its filing, that the proposed Yuma Lateral is being constructed in response to the existing demand for pipeline capacity to transport natural gas from production areas in the Niobrara Reservoir to additional markets. Furthermore, Cheyenne Plains believes that further development of the Niobrara Reservoir gas supply will help replace lost production resulting from disruptions to Gulf of Mexico natural gas production caused by Hurricanes Katrina and Rita; thus helping to alleviate current nationwide gas supply concerns. Cheyenne Plains indicates the proposed Yuma Lateral will prevent the shutting in of natural gas production and help avoid the permanent loss of future production. Finally, Cheyenne Plains states that these proposed facilities will have no significant adverse environmental impacts.

Any person or the Commission's Staff may, within 45 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and, pursuant to Section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

Any questions regarding this application should be directed to Richard Derryberry, Director of Regulatory Affairs Department, Cheyenne Plains Gas Pipeline Company, L.L.C., Post Office Box 1087, Colorado Springs, CO 80944, or call (719) 520-3782.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

Magalie R. Salas,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP06-242-000]

Dominion Transmission, Inc.; Notice of Application

May 10, 2006.

Take notice that on May 3, 2006, Dominion Transmission, Inc. (DTI), 120 Tredegar Street, Richmond, VA 23219, filed in Docket No. CP06-242-000, an application pursuant to section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations, for authorization to drill a new storage injection/withdrawal (I/W) well within the existing limits of the Oakford Storage Complex (Oakford Complex) in Westmoreland County, Pennsylvania at a total estimated cost of approximately \$565,000, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is accessible online at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail *FERCOnlineSupport@ferc.gov*, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Any questions regarding this application should be directed to Matthew R. Bley, Manager, Gas Transmission Certificates, Dominion Transmission, Inc. 120 Tredegar Street, Richmond, VA 23219, at (804) 819-2877 or fax (804) 819-2064 and e-mail: *Matthew_R_Bley@dom.com*.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the

Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link at <http://www.ferc.gov>. The Commission strongly encourages intervenors to file electronically. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Comment Date: May 31, 2006.

Magalie R. Salas,
Secretary.
