DEPARTMENT OF JUSTICE

Bureau of Alcohol, Tobacco, Firearms and Explosives

Agency Information Collection Activities: Proposed Collection; Comments Requested

ACTION: 30-Day notice of information collection under review: National Corrections Reporting Program.

The Department of Justice (DOJ), Bureau of Justice Statistics/OJP has

submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The proposed information collection is published to obtain comments from the public and affected agencies. This proposed information collection was previously published in the **Federal Register** Volume 71, Number 12, pages 3119-3120 on January 19, 2006, allowing for a 60 day comment period.

The purpose of this notice is to allow for an additional 30 days for public comment until June 19, 2006. This process is conducted in accordance with 5 CFR 1320.10.

Written comments and/or suggestions regarding the items contained in this notice, especially the estimated public burden and associated response time, should be directed to The Office of Management and Budget, Office of Information and Regulatory Affairs, Attention Department of Justice Desk Officer, Washington, DC 20503. Additionally, comments may be submitted to OMB via facsimile to (202) 395-5806.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

(1) *Type of Information Collection:* Extension of a currently approved collection.

(2) *Title of the Form/Collection:* National Corrections Reporting Program. The collection includes the forms: Prisoner Admission Report, Prisoner

Release Report, Parole Release Report, Prisoner in Custody at Year-end.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form number(s): NCRP-1A, NCRP-1B, NCRP-1C, and NCRP-1D. Corrections Statistics Unit, Bureau of Justice Statistics, Office of Justice Programs, United States Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* The National Corrections Reporting Program (NCRP) is the only national data collection furnishing annual individual-level information for State prisoners admitted or released during the year, those in custody at year-end, and persons discharged from parole supervision. The NCRP collects data on sentencing, time served in prison and on parole, offense, admission/release type, and demographic information. BJS, the Congress, researchers, and criminal justice practitioners use these data to describe annual movements of adult offenders through State correctional systems. Providers of the data are personnel in the State Departments of Corrections and Parole.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* BJS anticipates 41 respondents for report year 2006 with a total annual burden of 2,298 hours. Magnetic media or other electronic formats are expected from 40 respondents and 2 respondents are expected to report manually. The respondents who have an automated data system will require an estimated 24 hours of time to supply the information for their annual caseload and an additional 2 hours documenting or explaining the data. The estimate of respondent burden for these States includes time required for modifying computer programs, preparing input data, and documenting the tape format and record layout.

The estimated average amount of time required to manually complete the NCRP-1A, NCRP-1B, and NCRP-1C questionnaires are 10 minutes, 5 minutes, and 3 minutes per inmate, respectively. The respondent burden is directly related to the number of cases reported. For 2000, the two manually reporting States submitted about 2,600 completed questionnaires for the NCRP-1A; about 2,400 for the NCRP-1B; and about 400 for the NCRP-1C. The estimated total burden for these respondents who submitted data manually was 654 hours. We expect no additional manual reporters in the future; and we expect an insignificant

amount of increase in the number of prison admissions, prison releases and parole exits in the three States that currently report manually.

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 2,298 total burden hours associated with this collection.

DEPARTMENT OF LABOR

Office of Disability Employment Policy

[SGA 06-07]

Self-Employment for Adults and Youth With Disabilities Research and Technical Assistance; Solicitation for Cooperative Agreements

Announcement Type: New notice of Availability of Funds and Solicitation for Grant Applications (SGA) for cooperative agreements for Self-Employment for Adults and Youth with Disabilities Research and Technical Assistance.

Funding Opportunity Number: SGA 06-07.

Catalogue of Federal Domestic Assistance (CFDA) Number: 17.720.

Executive Summary: The U.S. Department of Labor ("DOL" or "Department"), Office of Disability Employment Policy ("ODEP"), announces the availability of up to \$5,000,000 to fund both a national technical assistance and research cooperative agreement, and multiple cooperative agreements for sub-national research and technical assistance pilot projects to investigate, develop and validate systems models likely to increase self-employment opportunities for people with disabilities.

- The national technical assistance and research cooperative agreement award will be funded for up to \$1.5 million for a 36 month period of performance.

- The sub-national research and technical assistance pilot cooperative agreement award(s) will be funded for a total of up to \$3.5 million. Awards may range from \$800,000-1,200,000, with an average of \$1 million for a 36 month period of performance.

ODEP'S unique mission is to provide national leadership by developing and influencing disability-related employment policy and practice affecting the employment of people with disabilities. Congress designated these monies to ODEP to further the development of self-employment policy for individuals with disabilities. A critical element of this endeavor will be the generation of data and information to validate systems capacity-building strategies and systems change models for successfully increasing self-employment opportunities for individuals with disabilities, to document the systems-related difficulties and challenges that may be encountered, and to develop and test mechanisms for addressing these challenges. This data, obtained as a result of research and technical
