(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The proposed rule change relates to DTC's SMART/Track for Buy-Ins service as it pertains to the retransmittal of buy-ins in the National Securities Clearing Corporation ("NSCC")'s Continuous Net Settlement ("CNS") system.

Since 2003, DTC has made several rule filings relating to a service that was originally known as Universal Hub and that is now known as SMART/Track.⁵ With its rule filing SR-DTC-2005-19,⁶ DTC implemented the fourth phase of SMART/Track, "SMART/Track for Buy-Ins," that provides automated communication, warehousing and tracking of various types of buy-in related notices pertaining to buy-ins governed by the rules of either NSCC or other self-regulatory organizations.

The phase-in of SMART/Track for Buy-In functionality pertaining to NSCC CNS Buy-Ins was commenced on November 14, 2005, for CNS buy-in executions and completed on February 10, 2006, with the addition of CNS notices of intent to buy-in and CNS buy-in orders. The buy-in functionality of DTC's PEX platform relating to NSCC CNS buy-ins was discontinued on March 13, 2006.⁷

In 2005, NSCC submitted rule filing SR-NSCC-2005-15 which modified NSCC's Rules with regard to CNS buy-ins, creating a new buy-in retransmittal procedure that may be utilized by NSCC members receiving buy-in notices initiated outside of the CNS system (a "Buy-In Retransmittal Notice").⁸

Pursuant to that rule change, the NSCC member originating a Buy-In Retransmittal Notice will be provided with five additional fields that will be used for identification of the entity (or entities, as appropriate) that initiated the buy-in against the member. At least one such entity other than the

originating member must be identified or the Buy-In Retransmittal Notice will be rejected. NSCC members with short positions will be advised of their potential buy-in liability through DTC's SMART/Track for Buy-Ins. Concurrent with NSCC's implementation of the changes set forth in rule filing SR-NSCC-2005-15, DTC will make corresponding changes to SMART/Track for Buy-Ins to activate the CNS Retransmittal Buy-In functionality.⁹

As the NSCC CNS Retransmittal Buy-In functionality is an added feature to an existing DTC service that will conform the functionality of DTC's service to that which is required by NSCC's rules, DTC believes that the proposed rule change effects a change in an existing service of DTC that (i) does not adversely affect the safeguarding of securities or funds in the custody or control of DTC and (ii) does not significantly affect the respective rights or obligations of DTC or those participants using the service. The proposed rule change is therefore consistent with Section 17A of the Act¹⁰ and the rules and regulations thereunder applicable to DTC. Moreover, DTC has represented that the proposed rule change will be implemented consistently with the statutory obligation to safeguard securities and funds in its possession or control or for which it is responsible.

(B) Self-Regulatory Organization's Statement on Burden on Competition

DTC does not believe that the proposed rule change will have any impact or impose any burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments relating to the proposed rule change have not yet been solicited or received. DTC will notify the Commission of any written comments received by DTC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to section 19(b)(3)(A)(iii) of the Act¹¹ and Rule 19b-4(f)(4)¹² thereunder because the proposed rule effects a change in an existing service of DTC that (i) does not

adversely affect the safeguarding of securities or funds in the custody or control of DTC or for which it is responsible and (ii) does not significantly affect the respective rights or obligations of DTC or persons using the service. At any time within sixty days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-53806; File No. SR-ISE-2006-20]

Self-Regulatory Organizations; International Securities Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Extend Until June 5, 2007, a Pilot Program for Listing Options on Selected Stocks Trading Below \$20 at One-Point Intervals

May 15, 2006.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 18, 2006, the International Securities Exchange, Inc. (“ISE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the ISE. The ISE filed the proposal pursuant to section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The ISE proposes to amend Supplementary Material .01 to ISE Rule 504, “Series of Options Contracts Open for Trading,” to extend until June 5, 2007, its pilot program for listing options series on selected stocks trading below \$20 at one-point intervals (“Pilot Program”). The text of the proposed rule

change is available on the ISE’s Web site (<http://www.iseoptions.com>), at the ISE’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the ISE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The ISE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On June 16, 2003, the Commission approved the ISE’s Pilot Program, which allows the ISE to list series with \$1 strike price intervals on equity option classes that overlie up to five individual stocks, provided that the strike prices are \$20 or less, but not less than \$3, subject to the terms of the Pilot Program.⁵ The Pilot Program, after being extended on three prior occasions,⁶ is set to expire on June 5, 2006.⁷ The Exchange may currently select up to five individual stocks to be included in the Pilot Program. The Exchange, however, is also permitted to list options on other individual stocks at \$1 strike price intervals if other options exchanges listed those series pursuant to their respective rules. The Exchange has selected the following five options classes to participate in the Pilot Program: AMR Corp. [AMR], Clapine Corp. [CPN], EMC Corp. [EMC], El Paso Corp. [EP], and Sun Microsystems Inc. [SUNW]. The ISE believes the Pilot

⁵ See Securities Exchange Act Release No. 48033 (June 13, 2003), 68 FR 37036 (June 20, 2003) (order approving File No. SR-ISE-2003-17) (“Pilot Program Approval Order”).

⁶ See Securities Exchange Act Release Nos. 49827 (June 8, 2004), 69 FR 33966 (June 17, 2004) (notice of filing and immediate effectiveness of File No. SR-ISE-2004-21) (extending the \$1 Strike Pilot Program until August 5, 2004); 50060 (July 22, 2004), 69 FR 45864 (July 30, 2004) (notice of filing and immediate effectiveness of File No. SR-ISE-2004-26) (extending the \$1 Strike Pilot Program until June 5, 2005); and 51769 (May 31, 2005), 70 FR 33232 (June 07, 2005) (notice of filing and immediate effectiveness of File No. SR-ISE-2005-22) (extending the \$1 Strike Pilot Program until June 5, 2006) (collectively, “Pilot Extension Notices”).

⁷ See Securities Exchange Act Release No. 51769, *supra* note 6.

Program has been successful and well received by its members and the investing public. Thus, the ISE proposes to extend the Pilot Program until June 5, 2007.

In support of this proposed rule change, and as required by the Pilot Program Approval Order and the Pilot Extension Notices, the Exchange is submitting to the Commission a report (“Pilot Program Report”), attached as Exhibit 3 to the proposal, that details the Exchange’s experience with the Pilot Program. Specifically, the Pilot Program Report contains data and written analysis regarding the five options classes included in the Pilot Program for the period between May 2, 2005, and February 28, 2006.

The Exchange believes there is sufficient investor interest and demand to extend the Pilot Program for another year. The Exchange continues to believe that the Pilot Program has provided investors with greater trading opportunities and flexibility and the ability to more closely tailor their investment strategies and decisions to the movement of the underlying security. Furthermore, the Exchange has not detected any material proliferation of illiquid options series resulting from the narrower strike price intervals.

2. Statutory Basis

The ISE believes the proposed rule change is consistent with the Act and the rules and regulations thereunder and, in particular, the requirements of section 6(b) of the Act.⁸ Specifically, the ISE believes the proposed rule change is consistent with the requirements under section 6(b)(5) of the Act⁹ that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The ISE believes that extension of the Pilot Program until June 5, 2007 will result in a continuing benefit to investors by allowing them to more closely tailor their investment decisions, and will allow the ISE to further study investor interest in \$1 strike price intervals.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The ISE believes that the proposed rule change does not impose any burden on competition that is not necessary or
