

biological resources (vegetation, wildlife, fisheries, special status species, wetland/riparian areas), cultural resources, Native American concerns, land use (land use planning, public facilities, recreation, agricultural practices and prime and unique farmland), infrastructure, public health, waste management, visual resources, noise, social and economic values, environmental justice, and cumulative impacts.

Additionally, the RUS must grant or deny a loan to GRE to finance its portion of the proposed Project. Also, the U.S. Army Corps of Engineers (USACE) must consider issuing a permit under Section 10 of the Rivers and Harbors Act and Section 404 of the Clean Water Act to the co-owners to construct the proposed Project within or across navigable waters and waters of the United States. Therefore, RUS and USACE are cooperating agencies on the EIS.

Western maintains a mailing list of those interested in the Big Stone II Project EIS. Copies of the complete Draft EIS or the Executive Summary have been distributed to all persons any groups on the mailing list that requested a copy. A distribution has been made to various libraries in the project area.

Oral comments on the Draft EIS will be accepted only during the public hearings scheduled for the dates and locations provided above. Those wishing to make oral comments may do so at the scheduled public hearings. Speakers will be asked to register at the door prior to the beginning of the hearing. Speakers are encouraged to provide a written version of their oral comments for the record. Each speaker will be allowed 5 minutes to present comments unless more time is requested and available. Comments will be recorded by a court reporter at each hearing and will become part of the public hearing record. Western will conduct open house information sessions 2 hours prior to each public hearing to field questions and provide information to the public.

Copies of the Draft EIS are available for public review at the offices and public libraries listed below:

Public Libraries

Ortonville Public Library, 412 Second Street Northwest, Ortonville, Minnesota.
 Morris Public Library, 102 East 6th Street, Morris, Minnesota.
 Granite Falls Public Library, 155 7th Avenue, Granite Falls, Minnesota.
 Appleton Public Library, 322 W. Schlieman Avenue, Appleton, Minnesota.

Canby Public Library, 110 Oscar Avenue North, Canby, Minnesota.
 Willmar Public Library, 410 5th Street Southwest, Willmar, Minnesota.
 Kerkhoven Public Library, 208 10th Street North, Kerkhoven, Minnesota.
 Benson Public Library, 200 13th Street South, Benson, Minnesota.
 Grant Public Library, 207 Park Avenue East, Milbank, South Dakota.
 Watertown Regional Library, 611 Bruhn Avenue, NE., Watertown, South Dakota.

The Draft EIS is also available at DOE Reading Rooms at the following addresses: U.S. Department of Energy, Forrestal Building, Reading Room 1E-190, 1000 Independence Avenue, SW., Washington, DC 20585; Western Area Power Administration, Corporate Services Office, 12155 West Alameda Parkway, Lakewood, Colorado 80228; and Western Area Power Administration, Upper Great Plains Customer Service Region, South Dakota Maintenance Office, 200 4th Street, SW., Huron, South Dakota 57350.

MRES (Applicant), on behalf of the Big Stone II Project co-owners has applied to Western to interconnect the proposed Project to Western's power transmission system. Additionally, MRES and HCPD have requested transmission service contract modifications to deliver power from the proposed Big Stone II plant to their service territories on Western's transmission system. Western must consider allowing the applicant an interconnection to Western's transmission system at the Morris and Granite Falls substations, including required modifications to these substations and other Western facilities, and decide to modify transmission service contracts with MRES and HCPD. The RUS must consider providing a loan to GRE to finance its portion of the proposed Project. The USACE must consider issuing a permit for Section 10 of the Rivers and Harbors Act of 1899 and Section 404 of the Clean Water Act to the co-owners for construction of the proposed Project within or across navigable waters and waters of the United States.

Western will consider all written comments postmarked or received during the public comment period in preparing the Final EIS. Decisions by each of the involved Federal agencies will be made after considering comments on the Draft and Final EIS. The decisions to be made by Western, RUS, and USACE regarding the proposed Big Stone II Power Plant and Transmission project will be issued following the Final EIS in the form of

separate records of decision for each agency.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OW-2006-0369; FRL-8173-2]

Agency Information Collection Activities: Proposed Collection; Comment Request; National Estuary Program; EPA ICR No. 1500.06; OMB Control No. 2040-0138

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). This ICR is scheduled to expire on November 30, 2006. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before July 24, 2006.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OW-2006-0369 by one of the following methods:

- <http://www.regulations.gov>: Follow the on-line instructions for submitting comments.
- E-mail: OW-Docket@epa.gov.
- Mail: U.S. Environmental Protection Agency, EPA Docket Center (EPA/DC), Water Docket—Mail Code 4101T, 1200 Pennsylvania Avenue NW., Washington, DC 20460.
- Hand delivery: Office of Water Docket, Environmental Protection Agency, Public Reading Room, Room B102, 1301 Constitution Ave. NW., Washington, DC 20004. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OW-2006-0369. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>

www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means that EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov> your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

FOR FURTHER INFORMATION CONTACT: John McShane, Oceans and Coastal Protection Division, Office of Wetlands, Oceans, and Watersheds, Mail Code 4504T, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 566-1381; fax number (202) 566-1336; e-mail address: mcshane.john@epa.gov.

SUPPLEMENTARY INFORMATION:

How Can I Access the Docket and/or Submit Comments?

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OW-2006-0369, which is available for online viewing at <http://www.regulations.gov>, or in person viewing at the Water Docket in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744 and the telephone number for the Water Docket is (202) 566-2426.

Use <http://www.regulations.gov> to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

What Information Is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

- (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (iii) Enhance the quality, utility, and clarity of the information to be collected; and
- (iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25 people) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What Should I Consider When I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used to support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Offer alternative ways to improve the collection activity.
6. Make sure to submit your comments by the deadline identified under **DATES**.
7. To ensure proper receipt by EPA, be sure to identify the docket ID number

assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What Information Collection Activity or ICR Does This Apply to?

Affected entities: Entities potentially affected by this action are those state or local agencies or nongovernmental organizations in the National Estuary Program (NEP) who receive grants under section 320 of the Clean Water Act.

Title: National Estuary Program.
ICR Numbers: EPA ICR No. 1500.06, OMB Control No. 2040-0138.

ICR Status: This ICR is currently scheduled to expire on November 30, 2006. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract

Annual Workplans

The NEP involves collecting information from the state or local agency or nongovernmental organizations that receive funds under section 320 of the Clean Water Act. The regulation requiring this information is found at 40 CFR part 35. Prospective grant recipients seek funding to develop or oversee and coordinate implementation of Comprehensive Conservation Management Plans (CCMPs) for estuaries of national significance. In order to receive funds, grantees must submit an annual workplan to EPA. The workplan consists of two parts: (a) Progress on projects funded previously; and (b) new projects proposed with dollar amounts and completion dates. The workplan is reviewed by EPA and also serves as the scope of work for the grant agreement. EPA also uses these workplans to track performance of each of the 28 estuary programs currently in the NEP.

Implementation Reviews

EPA provides funding to NEPs to support long-term implementation of CCMPs if such programs pass an implementation review process. Implementation reviews are used to

determine progress each NEP is making in implementing its CCMP and achieving environmental results. In addition to evaluating progress, the results are used to identify areas of weakness each NEP should address for long-term success in protecting and restoring their estuaries. EPA will also compile successful tools and approaches as well as lessons learned from all implementation reviews to transfer to the NEPs and other watershed programs. For this ICR cycle, implementation reviews will be required for seven programs in FY2006, 12 programs in FY2007, and nine programs in 2008.

Government Performance Results Act

EPA requests that each of the 28 NEPs receiving section 320 funds report information that can be used in the GPRA reporting process. This reporting is done on an annual basis and is used to show environmental results that are being achieved within the overall NEP Program. This information is ultimately submitted to Congress along with GPRA information from other EPA programs.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 218 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 28.

Frequency of response: Annual.

Estimated total average number of responses for each respondent: 2.

Estimated total annual burden hours: 6,113.

Estimated total annual costs: \$409,349.

Are There Changes in the Estimates From the Last Approval?

There are no changes in burden from the last approval.

What is the Next Step in the Process for This ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** Notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: May 17, 2006.

Director, Office of Wetlands, Oceans and Watersheds.

I. Obtaining Electronic Copies of Documents

EPA makes available an electronic copy of this Notice on the Office of Transportation and Air Quality (OTAQ) homepage (<http://www.epa.gov/OTAQ>). Users can find this document by accessing the OTAQ homepage and looking at the path entitled "Federal Register Notices." (This service is free of charge, except any cost you already incur for Internet connectivity. Users can also get the official **Federal Register** version of the Notice on the day of publication on the primary Web site: (<http://www.epa.gov/docs/fedrgstr/EPA-AIR/>) Please note that due to differences between the software used to develop the documents and the software into which the documents may be downloaded, changes in format, page length, etc., may occur.

Additionally, an electronic version of the public docket is available through the Federal government's electronic public docket and comment system. You may access EPA dockets at <http://www.regulations.gov>. After opening the <http://www.regulations.gov> Web site, select "Environmental Protection Agency" from the pull-down Agency list, then scroll to Docket ID EPA-HQ-OAR-2004-0404 to view documents in the record of the large offroad spark ignition engine authorization request. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

II. Background

(A) Nonroad Authorizations

Section 209(e)(1) of the Act addresses the permanent preemption of any State, or political subdivision thereof, from adopting or attempting to enforce any standard or other requirement relating to the control of emissions for certain
