Equilon Enterprises LLC dba Shell Oil Products US—Los Angeles QF, Equilon Enterprises LLC DBA Shell Oil Products US—Martinez QF, Shell Chemical LP and Motiva Enterprises LLC (Shell Companies) filed applications for market-based rate authority, with accompanying tariffs. The proposed market-based rate tariffs provide for the sale of energy, capacity and ancillary services at market-based rates. On May 22, 2006, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—West, granted the request for blanket approval under part 34. The Director's order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by the Shell Companies should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Absent a request to be heard in opposition by the deadline above, the Shell Companies are authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of the Shell Companies, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of the Shell Companies' issuances of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426.
