

a notice of proposed rulemaking may be published with a new comment period.

### Comments Invited

Interested parties are invited to participated in this rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2006-24869/Airspace Docket No. 06-ACE-4." The postcard will be date/time stamped and returned to the commenter.

### Agency Findings

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

This rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority since it contains aircraft executing

instrument approach procedures to Wellington Municipal Airport, KS.

### General Order Concerning Mayrow General Trading and Related Entities

**AGENCY:** Bureau of Industry and Security, Commerce.

**ACTION:** Final rule.

**SUMMARY:** The Bureau of Industry and Security is amending the Export Administration Regulations (EAR) by issuing a general order to impose a license requirement for exports and reexports of all items subject to the Export Administration Regulations (EAR) where the transaction involves Mayrow General Trading or entities related, as follows: Micatic General Trading; Majidco Micro Electronics; Atlinx Electronics; Micro Middle East Electronics; Narinco; F.N. Yaghmaei; and H. Ghasir. Mayrow General Trading and all entities related are located in Dubai, United Arab Emirates. This order also prohibits the use of License Exceptions for exports or reexports of any items subject to the EAR involving these entities. This final rule also adds a reference to the new general order in the part of the EAR that sets forth end-use and end-user license requirements.

**DATES:** *Effective Date:* This rule is effective June 5, 2006.

**FOR FURTHER INFORMATION CONTACT:** Michael D. Turner, Director, Office of Export Enforcement, Bureau of Industry and Security, Department of Commerce, P.O. Box 273, Washington, DC 20044; Phone: (202) 482–2252; E-mail: [rp22@bis.doc.gov](mailto:rp22@bis.doc.gov); Fax: (202) 482–0964.

#### SUPPLEMENTARY INFORMATION:

#### Background

The United States Government, including the United States Department of Commerce, Bureau of Industry and Security (BIS), has come into the possession of information giving reason to believe, based on specific and articulable facts, that Mayrow General Trading and its related entities have acquired electronic components and devices capable of being used to construct Improvised Explosive Devices (IEDs). These commodities have been, and may continue to be, employed in IEDs or other explosive devices used against Coalition Forces in Iraq and Afghanistan.

To curtail such use of these commodities in order to protect

Coalition Forces operating in Iraq and Afghanistan, the Department of Commerce is issuing General Order No. 3, set forth in Supplement No. 1 to part 736, imposing a license requirement for export and reexports of all items subject to the Export Administration Regulations (EAR) (15 CFR parts 736 and 744) to Mayrow General Trading and entities related to or controlled by 6it, as follows:

Mayrow General Trading, Flat 401—Bin Yas Center—Al Maktum Road, P.O. Box 42340, Dubai, UAE; Shops 3–4, Sharafia Ahmed Ali Building, al-Nakheel, Deira, Dubai, UAE; P.O. Box 42340, Deira, Dubayy, UAE and P.O. Box 171978, Deira, Dubayy, UAE;

Micatic General Trading, Flat 401—Bin Yas Center—Al Maktum Road, P.O. Box 42340, Dubai, UAE; and Shops 3–4, Sharafia Ahmed Ali Building, al-Nakheel, Deira, Dubai, UAE;

Majidco Micro Electronics, Flat 401—Bin Yas Center—Al Maktum Road, P.O. Box 42340, Dubai, UAE; and Shops 3–4, Sharafia Ahmed Ali Building, al-Nakheel, Deira, Dubai, UAE;

Atlinx Electronics, Flat 401—Bin Yas Center—Al Maktum Road, P.O. Box 42340, Dubai, UAE; and Shops 3–4, Sharafia Ahmed Ali Building, al-Nakheel, Deira, Dubai, UAE;

Micro Middle East Electronics, Flat 401—Bin Yas Center—Al Maktum Road, P.O. Box 42340, Dubai, UAE; and Shops 3–4, Sharafia Ahmed Ali Building, al-Nakheel, Deira, Dubai, UAE; Narinco, Flat 401—Bin Yas Center—Al Maktum Road, P.O. Box 42340, Dubai, UAE; and Shops 3–4, Sharafia Ahmed Ali Building, al-Nakheel, Deira, Dubai, UAE;

F.N. Yaghmaei, Flat 401—Bin Yas Center—Al Maktum Road, P.O. Box 42340, Dubai, UAE; and Shops 3–4, Sharafia Ahmed Ali Building, al-Nakheel, Deira, Dubai, UAE; and

H. Ghasir, Flat 401—Bin Yas Center—Al Maktum Road, P.O. Box 42340, Dubai, UAE; and Shops 3–4, Sharafia Ahmed Ali Building, al-Nakheel, Deira, Dubai, UAE.

Under this order, a BIS license is required for the export or reexport of any item subject to the EAR to any of the above-named entities, including any transaction in which any of the above-named entities will act as purchaser, intermediate consignee, ultimate consignee, or end-user of the items. This order also prohibits the use of License Exceptions (*see* part 740 of the EAR) for exports and reexports of items subject to the EAR involving such entities.

To assist readers in finding in the EAR these additional end-users subject to special restrictions with respect to exports and reexports, this rule also

adds a new Section 744.15 to part 744 of the EAR (Control Policy: End-User and End-Use Based) to provide a cross reference to the prohibitions contained in the general orders in Supplement No. 1 to part 736.

Consistent with section 6 of the Export Administration Act of 1979, as amended (50 U.S.C. app. 2401–2420) (the “Act”), a foreign policy report was submitted to Congress on May 30, 2006, notifying Congress of the imposition of a control in the form of a licensing requirement for exports and reexports of all items subject to the EAR destined to Mayrow General Trading and related entities.

Since August 21, 2001, the Act has been in lapse and the President, through Executive Order 13222 of August 17, 2001 (3 CFR, 2001 Comp. 783 (2002)), as extended most recently by the Notice of August 2, 2005, (70 FR 45273 (August 5, 2005)), has continued the EAR in effect under the International Emergency Economic Powers Act (50 U.S.C. 1701–1706 (2000)) (“IEEPA”). The BIS continues to carry out the provisions of the Act, as appropriate and to the extent permitted by law, pursuant to Executive Order 13222.

#### Rulemaking Requirements

1. This rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to nor be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by the OMB under control numbers 0694–0088, “Multi-Purpose Application,” which carries a burden hour estimate of 58 minutes to prepare and submit form BIS–748.

Miscellaneous and recordkeeping activities account for 12 minutes per submission. Total burden hours associated with the Paperwork Reduction Act and Office and Management and Budget control number 0694–0088 are expected to increase slightly as a result of this rule. Send comments regarding these burden estimates or any other aspect of this collection of information, including suggestions for reducing the burden, to David Rostker, OMB Desk Officer, by e-mail at [david\\_rostker@omb.eop.gov](mailto:david_rostker@omb.eop.gov) or by fax to (202) 395–7285; and to the Regulatory Policy Division, Bureau of

Industry and Security, Department of Commerce, P.O. Box 273, Washington, DC 20044, e-mail: [publiccomments@bis.doc.gov](mailto:publiccomments@bis.doc.gov).

3. This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military or foreign affairs function of the United States. (*See* 5 U.S.C. 553(a)(1)) Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 et. seq., are not applicable.

##### 40 CFR Part 52

[EPA–R05–OAR–2006–0012; FRL–8178–6]

#### Approval and Promulgation of Air Quality Implementation Plans; Minnesota; Alternative Public Participation Process

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The EPA is approving a revision to the Minnesota State Implementation Plan (SIP) that will establish, pursuant to regulations on public hearings, an alternative public participation process for certain SIP revisions. EPA is approving the Minnesota SIP revision because we believe that the procedures set forth in Minnesota's request afford the public adequate opportunity to comment on these noncontroversial SIP revisions. In its SIP revision, Minnesota has identified a limited number of types of SIP revisions that have been found to be noncontroversial and in which the public has historically shown little or no interest. For this limited number of SIP revisions, the Minnesota Pollution Control Agency (MPCA) will offer the opportunity for a public hearing, but will not hold a hearing if one is not requested. The EPA agrees that the SIP types that have been identified by the MPCA have historically been noncontroversial and that offering the public the opportunity to request a public hearing rather than holding one automatically does not limit or curtail the public participation process. Also, EPA is acknowledging that a public hearing held at the time of the MPCA rulemaking, which meets the criteria for a SIP public hearing, precludes the need for a separate public hearing solely for SIP purposes.

EPA proposed to approve these revisions to the Minnesota SIP on February 1, 2006 and no adverse comments were received on this proposal. We are also taking this opportunity to correct a typographical error made in that proposed approval.

**DATES:** This final rule is effective on July 5, 2006.

**ADDRESSES:** EPA has established a docket for this action under Docket ID No. EPA–R05–OAR–2006–0012. All documents in the docket are listed on the <http://www.regulations.gov> Web site. Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. #### SUPPLEMENTARY INFORMATION:

Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA. This supplementary information section is arranged as follows:

- I. Does This Action Apply to Me?
- II. What Public Comments Were Received and What Is EPA's Response?
- III. What Action Is EPA Taking Today?
- IV. Additional Information
- V. Statutory and Executive Order Reviews

#### I. Does This Action Apply to Me?

This action applies to anyone who participates in the public rulemaking process in Minnesota by submitting comments in writing or at public hearings held by the MPCA.

#### II. What Public Comments Were Received and What is EPA's Response?

No adverse comments were received. A comment from the State of Maryland was supportive of this approval. The comment stated that, “the revised administrative procedures will utilize the technological advances available today to save tax dollars while not compromising the public's ability to access and comment on SIP revisions.” Since this comment was supportive of the action being taken there is no need to respond to it.
