

organization (if any) the individual will represent, and any requirements for audiovisual equipment (e.g., overhead projector, LCD projector, chalkboard). Oral comments before the HSRB are limited to 5 minutes per individual or organization. Please note that this limit applies to the cumulative time used by all individuals appearing either as part of, or on behalf of an organization. While it is our intent to hear a full range of oral comments on the science and ethics issues under discussion, it is not our intent to permit organizations to expand these time limitations by having numerous individuals sign up separately to speak on their behalf. If additional time is available, there may be flexibility in time for public comments. Each speaker should bring 25 copies of his or her comments and presentation slides for distribution to the HSRB at the meeting.

b. *Written comments.* Although you may submit written comments at any time, for the HSRB to have the best opportunity to review and consider your comments as it deliberates on its report, you should submit your comments at least 5 business days prior to the beginning of the meeting. If you submit comments after this date, those comments will be provided to the Board members, but you should recognize that the Board members may not have adequate time to consider those comments prior to making a decision. Thus, if you plan to submit written comments, the Agency strongly encourages you to submit such comments no later than noon, Eastern Time, June 21, 2006. You should submit your comments using the instructions in Unit 1.C. of this notice. In addition, the Agency also requests that person(s) submitting comments directly to the docket also provide a copy of their comments to the DFO listed under **FOR FURTHER INFORMATION CONTACT**. There is no limit on the length of written comments for consideration by the HSRB.

E. Background

EPA will be presenting for HSRB review the results of a completed study involving intentional exposure of human subjects to the pesticide active ingredient, chloropicrin. In addition, EPA will be seeking the Board's advice on: Draft guidelines for conducting research on the efficacy of insect repellent products; insect repellent human studies protocols and pesticide agricultural handler human studies protocols. EPA will also be providing an informational presentation of its proposed workshop on Best Practices for EPA, National Exposure Research

Laboratory Observational Human Exposure Measurement Studies. Finally, the Board may be reviewing draft HSRB reports for subsequent Board approval.

Dated: June 1, 2006.

George Gray,

Science Advisor.

BILLING CODE 6705-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Request for Applications for the National Faith-Based and National Community Cardiovascular Disease Prevention Programs for High-Risk Women

AGENCY: Office on Women's Health, Office of Public Health and Science, Office of the Secretary, DHHS.

Announcement Type: Competitive Cooperative Agreement FY 2006 Initial announcement.

Funding Opportunity Number: Not applicable.

OMB Catalog of Federal Domestic Assistance: The OMB Catalog of Federal Domestic Assistance number is pending.

DATES: Letter of Intent: June 21, 2006.

Application Deadline: July 6, 2006.

Anticipated Award Date: October 4, 2006.

SUMMARY: The Office on Women's Health (OWH) and the Office of Minority Health (OMH) within the Office of Public Health and Science, and the Office of Research on Women's Health (ORWH) within the National Institutes of Health (NIH), Department of Health and Human Services (DHHS), are interested in establishing national faith-based and/or national community cardiovascular disease (CVD) prevention programs.

The purpose of the programs is to reduce CVD mortality and morbidity among high-risk women in the United States through medical screening and risk behavior modification. The CVD prevention programs will be targeted towards high-risk racial and ethnic minority women, aged 40 years and older; however, all high-risk women shall be eligible to participate in the programs regardless of race, religion, or age.

Each grantee shall implement one program in 10 faith-based or community-based sites across the United States, including urban and rural areas. The main goal will be for program participants to increase their level of physical activity and establish or maintain a healthy weight over the course of the program. The educational phase of the program shall consist of eight bi-weekly sessions that shall counsel women on all of the major risk factors for CVD—smoking, Type 2
