

operative for 30 days after the date of filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>12</sup> and subparagraph (f)(6) of Rule 19b-4 thereunder.<sup>13</sup> The Exchange has requested that the Commission waive the five-day pre-filing notice and the 30-day operative delay for “non-controversial” proposals and make the proposed rule change effective and operative upon filing. The Commission believes that waiver of the five-day pre-filing notice and the 30-day operative delay is consistent with the protection of investors and the public interest. By waiving the five-day pre-filing notice and the 30-day operative delay, the continued availability of current Index values may be assured, notwithstanding any unavailability of Bridge Data to calculate and disseminate those values. For this reason, the Commission designates the proposal to be effective and operative upon filing with the Commission.<sup>14</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in the furtherance of the purposes of the Act.
