BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice of Final Federal Agency Actions on Proposed Highway in California

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of limitation on claims for judicial review of actions by FHWA and other Federal agencies.

SUMMARY: This notice announces actions taken by the FHWA and other Federal agencies that are final within the meaning of 23 U.S.C. 139(l)(1). These actions relate to a proposed highway project, State Route 46 Corridor Improvement Project between Kilo Posts 51.8 to 90.6 (Post Miles 32.2 to 56.3) in San Luis Obispo County, State of California. These actions grant approvals for the project.

DATES: By this notice, the FHWA is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before December 5, 2006. If the Federal law that authorizes judicial review of a claim provides a time period of less than 180 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: Dominic Hoang, Project Development Engineer, Federal Highway Administration, 650 Capitol Mall, #4-100, Sacramento, CA 95814, weekdays between 7 a.m. and 4 p.m., telephone 916-498-5002, dominic.hoang@fhwa.dot.gov. John Luchetta, Senior Environmental Planner, California Department of Transportation, 50 Higuera Street, San Luis Obispo, CA 93402, weekdays between 8 a.m. and 4:30 p.m., (805) 549-3493, john_luchetta@dot.ca.gov.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the FHWA and other Federal agencies have taken final agency actions by issuing approvals for the following highway project in the State of California. This project would improve safety and provide congestion relief on State Route 46, San Luis Obispo County, California. This would

be accomplished by creating an additional travel lane in each direction (east and west), separating the east and west bound lanes by a median, improving inside and outside widths, and providing left-turn channelization at all public road intersections within the project limits. Safety would also be improved at the State Route 46/41 junction by replacing the at grade intersection with a new interchange for the connection. The FHWA project reference number is H240 00PE (006). The actions by the Federal agencies, and the laws under which such actions were taken, are described in the Environmental Assessment (EA)/ Finding of No Significant Impact (FONSI) for the project, approved on May 19th, 2006, and in other documents in the FHWA administrative record. The EA/FONSI, and other documents in the FHWA administrative record file are available by contacting the FHWA or the California Department of Transportation at the addresses provided above. The FHWA EA/FONSI can be reviewed and downloaded from the project Web site at <http://safer46.dot.ca.gov/>.

The notice applies to all Federal agency decisions as of the issuance date of this notice and all laws under which such actions were taken, including but not limited to:

BILLING CODE 4910-22-M

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA 2006-24322; Notice 2]

Yokohama Tire Corporation, Grant of Petition for Decision of Inconsequential Noncompliance

Yokohama Tire Corporation (Yokohama) has determined that certain tires that it produced in 2005 and 2006 do not comply with S4.3.2 of 49 CFR 571.109, Federal Motor Vehicle Safety Standard (FMVSS) No. 109, "New pneumatic tires." Pursuant to 49 U.S.C. 30118(d) and 30120(h), Yokohama has petitioned for a determination that this noncompliance is inconsequential to motor vehicle safety and has filed an appropriate report pursuant to 49 CFR part 573, "Defect and Noncompliance Reports." Notice of receipt of a petition was published, with a 30-day comment period, on April 7, 2006, in the **Federal Register** (71 FR 17954). NHTSA received no comments.

Affected are a total of approximately 1,918 Yokohama brand T155/70D17 110M Y870B temporary-use-only tires produced from August 2005 to February

2006. S4.3.2 of FMVSS No. 109 refers to 49 CFR 574.5, which requires $\frac{3}{4}$ inch maximum width spacing between the manufacturer's identification mark/tire size code grouping and the subsequent tire type code and date of manufacture. The subject tires have a spacing that exceeds $\frac{3}{4}$ inch. Yokohama has corrected the problem that caused these errors so that they will not be repeated in future production.

Yokohama believes that the noncompliance is inconsequential to motor vehicle safety and that no corrective action is warranted. Yokohama states that the noncompliant spacing "does not impair the purpose or the use of the identification number and does not pose a threat to motor vehicle safety." Yokohama says that all other aspects of the tire identification number comply with the standard.

NHTSA agrees with Yokohama that the noncompliance is inconsequential to motor vehicle safety. Although the spacing is incorrect, all the correct information required by FMVSS No. 109 is provided and therefore is likely to achieve the safety purposes of the requirement. All other informational markings are present, and the tires meet or exceed all of the performance requirements of FMVSS No. 109.

In consideration of the foregoing, NHTSA has decided that the petitioner has met its burden of persuasion that the noncompliance described is inconsequential to motor vehicle safety. Accordingly, Yokohama's petition is granted and the petitioner is exempted from the obligation of providing notification of, and a remedy for, the noncompliance.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Docket No. AB-290 (Sub-No. 266X)]

Norfolk Southern Railway Company— Abandonment Exemption—in McDowell County, NC

Norfolk Southern Railway Company (NSR) has filed a notice of exemption under 49 CFR part 1152 Subpart F—*Exempt Abandonments* to abandon approximately 3.5 miles of railroad between milepost SB 205.0 and

milepost SB 208.5, near Marion, in McDowell County, NC. The line traverses United States Postal Service Zip Code 28752.

NSR has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) any overhead traffic can be rerouted over other lines; (3) no formal complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Surface Transportation Board or with any U.S. District Court or has been decided in favor of complainant within the 2-year period; and (4) the requirements of 49 CFR 1105.7 (environmental report), 49 CFR 1105.8 (historic report), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

As a condition to this exemption, any employees adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.*—

Abandonment—Goshen, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on July 8, 2006, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,¹ formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),² and trail use/rail banking requests under 49 CFR 1152.29 must be filed by June 19, 2006. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by June 28, 2006, with: Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001.³

¹ The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board's Section of Environmental Analysis (SEA) in its independent investigation) cannot be made before the exemption's effective date. *See Exemption of Out-of-Service Rail Lines*, 5 I.C.C.2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption's effective date.

² Each OFA must be accompanied by the filing fee which as of April 19, 2006, is set at \$1,300. *See Regulations Governing Fees for Service Performed in Connection With Licensing and Related Services-2006 Update*, STB Ex Parte No. 542 (Sub-No. 13) (STB served Mar. 20, 2006). *See* 49 CFR 1002.2(f)(25).

³ On May 22, 2006, the City of Marion, NC filed a request for issuance of a notice of interim trail use and for imposition of a public use condition. The requests will be addressed in a separate decision.

A copy of any petition filed with the Board should be sent to NSR's representative: James R. Paschall, Three Commercial Place, Norfolk, VA 23510-2191.

If the verified notice contains false or misleading information, the exemption is void *ab initio*.

NSR has filed environmental and historic reports which address the effects, if any, of the abandonment on the environment and historic resources. SEA will issue an environmental assessment (EA) by June 13, 2006. Interested persons may obtain a copy of the EA by writing to SEA (Room 500, Surface Transportation Board, Washington, DC 20423-0001) or by calling SEA, at (202) 565-1539. [Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339.] Comments on environmental and historic preservation matters must be filed within 15 days after the EA becomes available to the public.

Environmental, historic preservation, public use, or trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

Pursuant to the provisions of 49 CFR 1152.29(e)(2), NSR shall file a notice of consummation with the Board to signify that it has exercised the authority granted and fully abandoned the line. If consummation has not been effected by NSR's filing of a notice of consummation by June 8, 2007, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

Decided: June 1, 2006.

By the Board, David M. Konschnik,
Director, Office of Proceedings.

Vernon A. Williams,
Secretary.
