

These should include strengths and limitations of the program. If you had the opportunity, what would you have done differently?

(iii) If an innovative approach was used successfully, the Grantee should describe their program in detail so that other organizations might consider replication in their areas.

2. Copies of supporting documentation for completed tasks. The supporting documentation for completed tasks includes, but is not limited to, feasibility studies, marketing plans, business plans, copies of surveys conducted and survey results, and research reports.

The final performance report is due within 90 days of the completion of the project.

D. Form SF-272, "Report of Federal Cash Transactions." If the Grantee receives advance payments, the Grantee shall submit a listing expenditures according to agreed upon budget categories, on a quarterly basis. Reporting periods end each March 31, June 30, September 30, and December 31. Reports are due 15 calendar days after the reporting period ends.

Materials Technical Advisory Committee; Notice of Partially Closed Meeting

The Materials Technical Advisory Committee will meet on June 29, 2006, 10:30 a.m., Herbert C. Hoover Building, Room 3884, 14th Street between Constitution & Pennsylvania Avenues, NW., Washington, DC. The Committee advises the Office of the Assistant Secretary for Export Administration with respect to technical questions that affect the level of export controls applicable to materials and related technology.

Agenda

Public Session

1. Opening remarks and introductions.
2. Discussion of the status of the composites working group.
3. Discussion of outcome of Australia Group Plenary session.
4. New Business.

Closed Session

5. Discussion of matters determined to be exempt from the provisions relating to public meetings found in 5 U.S.C. app. 2 section 10(a)(1) and 10(a)(3).

A limited number of seats will be available during the public session of the meeting. Reservations are not accepted. To the extent time permits,

members of the public may present oral statements to the Committee. Written statements may be submitted at any time before or after the meeting.

However, to facilitate distribution of public presentation materials to Committee members, the materials should be forwarded prior to the meeting to Ms. Yvette Springer at Yspringer@bis.doc.gov.

The Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined on June 6, 2006, pursuant to Section 10(d) of the Federal Advisory Committee Act, as amended, that the portion of the meeting dealing with matters the premature disclosure of which would likely frustrate the implementation of a proposed agency action as described in 5 U.S.C.

552b(c)(9)(B) shall be exempt from the provisions relating to public meetings found in 5 U.S.C. app. 2 section 10(a)(1) and 10(a)(3). The remaining portions of the meeting will be open to the public.

For more information, call Yvette Springer at (202) 482-4814.

Dated: June 8, 2006.

Yvette Springer,

Committee Liaison Officer.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

2006 Record of Decision (ROD) on the Canaan Valley Institute (CVI) Office Complex Final Environmental Impact Statement (FEIS)

AGENCY: Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice; Record of Decision.

SUMMARY: NOAA is issuing this notice to advise the public that an ROD has been approved and issued for the CVI Office Complex FEIS. NOAA signed the ROD on June 1, 2006.

ADDRESSES: Requests for copies of the ROD may be directed to Mr. Jim Rawson of the CVI at 800.922.3601. The ROD is available for public review (upon request) at the CVI, Buxton and Landstreet Building, Douglas Road, Thomas, WV 26292. Arrangements to review this information during, as well as outside of standard business hours, may be made by contacting Mr. Jim Rawson of the CVI at the number listed above.

FOR FURTHER INFORMATION CONTACT:

Requests for further information concerning the FEIS or the ROD may be directed to Mr. Jim Rawson of the CVI at 800.922.3601. Copies of the 2006 ROD were mailed directly to those persons who requested they be on the project mailing list and who provided comments on the FEIS.

SUPPLEMENTARY INFORMATION: The Selected Alternative for the CVI Office Complex is Alternative G and the Yellow Creek Site. This alternative was identified as the Recommended Preferred Alternative in the Draft Environmental Impact Statement (DEIS) and as the Selected Alternative in the FEIS. The proposed project is the construction of a new facility that would consist of offices, classrooms, laboratories, a 250-seat auditorium, parking facilities, outdoor classrooms, and interpretive areas. As part of the project, a roadway will be constructed to access the facility from a major highway. The physical footprint of the facility complex will require approximately 4 acres of earth disturbance. The access roadway construction would disturb approximately 5 acres. The facility will be "zero discharge", incorporating Clivus Multrum, Inc. composting (<http://www.clivusmultrum.com/compostingtoilet.html>) and living machine/drip irrigation systems to treat waste and waste water. Natural gas turbines will be the primary electricity source. Natural gas will be purchased from local producers. Rainwater will be collected through a series of cisterns and used for non-potable uses such as irrigation. Locally obtained building materials will be used when possible. Energy efficient materials and designs will be incorporated throughout the entire facility. Storm water discharge features will include vegetated swales, rain gardens, and "green" or vegetated roofs.

Based upon its ability to meet the identified project needs; upon engineering parameters, environmental effects, public input, and environmental resource agency input, Alternative G and the Yellow Creek Site is the environmentally preferable alternative and has been identified as the Selected Alternative in the FEIS.

Dated: June 7, 2006.

Sharon Schroeder,

Program Policy Division, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration.
