#### SUPPLEMENTARY INFORMATION

##### I. Abstract

Under the Inventors' Rights Act of 1999, as found in 35 U.S.C. 297 and implemented by 37 CFR part 4, the United States Patent and Trademark Office (USPTO) is required to provide a forum for the publication of complaints concerning invention promoters and responses from the invention promoters to these complaints. An individual may

submit a complaint concerning an invention promoter to the USPTO, which will forward the complaint to the invention promoter for response. The complaints and responses will be published and made available to the public on the USPTO Web site. The USPTO does not investigate these complaints or participate in any legal proceedings against invention promoters or promotion firms.

Complaints submitted to the USPTO must identify the name and address of the complainant and the invention promoter or promotion firm, explain the basis for the complaint, and include the signature of the complainant. The identifying information is necessary so that the USPTO can forward the complaint to the invention promoter or promotion firm and also notify the complainant that the complaint has been forwarded. Complainants should understand that the complaints will be forwarded to the invention promoter for response and that the complaint and response will be made available to the public as required by the Inventors' Rights Act. If the USPTO does not receive a response from the invention promoter, the complaint will still be published without the response. The USPTO does not accept complaints under this program if the complainant requests confidentiality.

This information collection includes one form, Complaint Regarding Invention Promoter (PTO/SB/2048), which is used by the public to submit a complaint under this program. This form is available for download from the USPTO Web site. Use of this form is not mandatory as long as the complaint includes the necessary information and is clearly marked as a complaint filed under the Inventors' Rights Act. There is no associated form for submitting responses to the complaints.

##### II. Method of Collection

By mail, facsimile, or hand delivery to the USPTO.
