

Intrusion, and 302 Flammability of Interior Materials.

The petitioner also contends that the vehicles are capable of being altered to comply with the following standards, in the manner indicated:

Standard No. 101 Controls and Displays: (a) Substitution of a lens marked "Brake" for a lens with a noncomplying symbol on the brake failure indicator lamp; (b) replacement of the speedometer to read in miles per hour; (c) replacement of the instrument cluster with a U.S.-model component; and (d) reprogramming and initialization of the vehicle control system to integrate the new instrument cluster and activate required warning systems.

Standard No. 108 Lamps, Reflective Devices and Associated Equipment: (a) Installation of U.S.-model taillamp assemblies; (b) installation of U.S.-model headlamps; and (c) installation of front and rear U.S.-model sidemarker lamps.

Standard No. 110 Tire selection and Rims for Motor Vehicles With a GVWR of 4,536 Kilograms (10,000 pounds) or Less: installation of a tire information placard and tire inflation pressure labeling.

Standard No. 111 Rearview Mirrors: replacement of the passenger side rearview mirror with a U.S.-model component or inscription of the required warning statement on the mirror's surface.

Standard No. 114 Theft Protection: reprogramming of the vehicle control systems to comply with the standard.

Standard No. 118 Power-Operated Window, Partition, and Roof Panel Systems: reprogramming of the vehicle control systems to comply with the standard.

Standard No. 208 Occupant Crash Protection: programming of the vehicle control systems to activate the required seat belt warning system. The petitioner states that the vehicles are equipped with driver's and passenger's air bags and knee bolsters, and with combination lap and shoulder belts that are self-tensioning and that release by means of a single red push button at the front and rear outboard seating positions.

Standard No. 225 Child Restraint Anchorage Systems: installation of U.S.-model child seat anchorage components.

Standard No. 301 Fuel System Integrity: The petitioner states that the vehicle's fuel system must be modified with U.S.-model parts to meet U.S. Environmental Protection Agency (EPA) requirements.

The petitioner also states that a vehicle identification plate must be affixed to the vehicle near the left windshield post and a reference and certification label must be affixed in the area of the left front door post to meet the requirements of 49 CFR Part 565.

Interested persons are invited to submit comments on the petitions described above. Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 am to 5 pm]. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Claude H. Harris,

Director Office of Vehicle Safety Compliance.

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket: PHMSA-99-6355]

Request for Public Comments and Office of Management and Budget (OMB) Approval of an Existing Information Collection (2137-0604)

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

SUMMARY: This notice requests public participation in the OMB approval process regarding the renewal of an existing PHMSA collection of information. This renewal of information complies with the integrity management rule for hazardous liquid pipelines for operators with more than 500 miles of pipeline. PHMSA is requesting OMB approval for renewal of this information collection under the Paperwork Reduction Act of 1995. With this notice, PHMSA invites the public to submit comments over the next 60 days on ways to minimize the burden associated with the collection of information related to an operator's

Integrity Management Program on line segments that could affect High Consequence Areas.

DATES: Comments must be submitted on or before August 15, 2006.

ADDRESSES: Comments should reference Docket No. PHMSA-99-6355 and may be submitted in the following ways:

- DOT Web Site: <http://dms.dot.gov>.

To submit comments on the DOT electronic docket site, click "Comment/Submissions," click "Continue," fill in the requested information, click "Continue," enter your comment, then click "Submit."

- Fax: 1-202-493-2251.

- Mail: Docket Management System: U.S. Department of Transportation, 400 Seventh Street, SW., Nassif Building, Room PL-401, Washington, DC 20590-0001.

- Hand Delivery: DOT Docket Management System; Room PL-401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

- E-Gov Web Site: <http://www.Regulations.gov>.

This site allows the public to enter comments on any **Federal Register** notice issued by any agency.

Instructions: You should identify the docket number, PHMSA-99-6355, at the beginning of your comments. If you submit your comments by mail, you should submit two copies. If you wish to receive confirmation that PHMSA received your comments, you should include a self-addressed stamped postcard. Internet users may submit comments at <http://www.regulations.gov>, and may access all comments received by DOT at <http://dms.dot.gov> by performing a simple search for the docket number.

Note: All comments will be posted without changes or edits to <http://dms.dot.gov> including any personal information provided.

Privacy Act Statement: Anyone may search the electronic form of all comments received for any of our dockets. You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477) or you may visit <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: William Fuentesvilla at (202) 366-6199, or by e-mail at William.Fuentesvilla@dot.gov.

SUPPLEMENTARY INFORMATION: Comments are invited on whether the proposed collection of information is necessary for the proper performance of the functions of the Department. These

include (1) whether the information will have practical utility; (2) the accuracy of the Department's estimate of the burden of the proposed information collections; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Through the Integrity Management Program (49 CFR 195.452), PHMSA requires operators to develop and follow integrity management programs to assess, evaluate, repair, and validate pipeline segments that could impact high consequence areas in the event of leak or failure. The programs must provide for continual assessment of pipeline segments that could affect populated areas, areas unusually sensitive to environmental damage and commercially navigable waterways. Pipeline operators must keep updated written records associated with their programs and have them available for inspection, and submit relevant notices to PHMSA as specified by the regulation.

As used in this notice, the term "information collection" includes all work related to preparing and disseminating information related to this recordkeeping requirement including completing paperwork, gathering information, and conducting telephone calls.

Type of Information Collection Request: Renewal of Existing Collection.

Title of Information Collection: Pipeline Integrity Management in High Consequence Areas (Operators with

more than 500 Miles of Hazardous Liquid Pipelines).

Respondents: 71 hazardous liquid pipeline operators with more than 500 miles of pipes.

Estimated Total Annual Burden on Respondents: 57,510 hours.

Issued in Washington, DC on June 9, 2006.

Florence L. Hamm,

Director of Regulations, Office of Pipeline Safety.

BILLING CODE 4910-60-P

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

Office of Hazardous Materials Safety; Notice of Applications for Modification of Special Permit

AGENCY: Pipeline and Hazardous Materials Safety Administration, DOT.

ACTION: List of applications for modification of special permit.

SUMMARY: In accordance with the procedures governing the application for, and the processing of, special permits from the Department of Transportation's Hazardous Material Regulations (49 CFR part 107, subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the application described herein. This notice is abbreviated to expedite docketing and public notice. Because the sections affected, modes of transportation, and the nature of application have been shown in earlier **Federal Register** publications, they are

not repeated here. Request of modifications of special permits (e.g., to provide for additional hazardous materials, packaging design changes, additional mode of transportation, etc.) are described in footnotes to the application number. Application numbers with the suffix "M" denote a modification request. These applications have been separated from the new applications for special permits to facilitate processing.

DATES: Comments must be received on or before July 3, 2006.

Address Comments to: Record Center, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate. If confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the special permit number.

FOR FURTHER INFORMATION CONTACT: Copies of the application are available for inspection in the Records Center, Nassif Building, 400 7th Street, SW., Washington, DC or at <http://dms.dot.gov>.

This notice of receipt of applications for modification of special permits is published in accordance with part 107 of the Federal hazardous materials transportation law (49 U.S.C. 5117(b); 49 CFR 1.53(b)).

Issued in Washington, DC, on June 12, 2006.

R. Ryan Posten,

Chief, Special Permits Program, Office of Hazardous Materials, Special Permits & Approvals.

MODIFICATION SPECIAL PERMITS

Application No.	Docket No.	Applicant	Regulation(s) affected	Nature of special permit thereof
3121-M	Department of the Army, Ft. Eustis, VA.	49 CFR 172.101 (Column 8(c)); 177.841.	To modify the special permit to authorize the transportation in commerce of dinitrogen tetroxide without an updated emergency response plan.
7887-M	Estes-Cox Corporation, Penrose, CO.	49 CFR 172.101; 175.3	To modify the special permit to allow igniters, Division 1.4S, to be shipped in the same inner and outer packaging as model rocket motors and with non-hazardous materials needed to construct model rockets.
10646-M	Schlumberger, Sugar Land, TX.	49 CFR 173.302	To modify the special permit to authorize design improvements to the bleed valve and construction materials.
11536-M	Boeing, Los Angeles, CA ..	49 CFR 173.102 Spec. Prov. 101; 173.24(g); 173.62; 173.202; 173.304; 175.3.	To modify the special permit to authorize an additional spacecraft shipping package containing Class 3 and 8, and Division 2.2 materials.
12068-M	3850	Sea Launch, Long Beach, CA.	49 CFR Part 172, Subparts C, D, E and F; 173.62; Part 173, Subparts E, F and G.	To modify the special permit to authorize the transportation in commerce of a launch vehicle containing Division 1.4 and Class 3 hazardous materials, in non-DOT specification packaging.
