

industry and violation of section 337 by reason of patent infringement with respect to the nine respondents that were found in default. On November 14, 2005, the Commission investigative attorney ("IA") filed a response in support of Lilly's motion.

On December 6, 2005, the presiding administrative law judge ("ALJ") issued an ID (Order No. 10) granting Lilly's motion for a summary determination of violation of section 337. At the same time the ALJ made his recommendations on remedy and the amount of bond to be imposed during the Presidential period of review provided for in section 337(j), 19 U.S.C. 1337(j). No party petitioned for review of the ID. On January 4, 2006, the Commission determined not to review the ID, thereby allowing it to become the Commission's final determination on violation. 71 FR 1452 (Jan. 9, 2006). With respect to remedy, the ALJ recommended the issuance of a general exclusion order under section 337(g)(2), 19 U.S.C. 1337(g)(2). The ALJ also recommended that the bond permitting importation during the Presidential review period be set at 100 percent of the value of the infringing imported products.

Pursuant to the Commission's notice, Lilly and the IA submitted main briefs on the issues of remedy, the public interest, and bonding on January 17, 2006, with draft general exclusion orders attached. The IA filed a reply submission on January 24, 2006. Lilly filed a motion to file a surreply with surreply attached on February 9, 2006. The Commission has determined to grant Lilly's motion to file a surreply.

Having reviewed the record in this investigation, including the recommended determination of the ALJ and the written submissions of the parties, the Commission has determined that the public interest factors listed in section 337(d)(2) do not preclude issuance of a general exclusion order that prohibits the unlicensed entry for consumption of tadalafil salt or solvate thereof and products containing same that infringe one or more of claims 1-4, 6-8, 12, and 13 of the '006 patent during the term of that patent. The Commission has further determined that the appropriate bond during the period of Presidential review pursuant to section 337(j) should be set at 100 percent of the value of the infringing products. The Commission's general exclusion order was delivered on the date of its issuance to the President and to the United States Trade Representative, pursuant to the Presidential Memorandum of July 21, 2005. 70 FR 43251 (July 26, 2005).

This action is taken under authority of section 337 of the Tariff Act of 1930, 19 U.S.C. § 1337, and sections 210.41, 210.49, and 210.50 of the Commission's Rules of Practice and Procedure, 19 CFR 210.41, 210.49, and 210.50.

Issued: June 13, 2006.

By order of the Commission.
