SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Development of Nutrition Education Messages and Materials for the General Public/CNPP.

OMB Number: 0582-0523.

Expiration Date: December 31, 2006.

Type of Request: Revision of a currently approved information collection.

Abstract: The Dietary Guidelines for Americans, issued jointly by the U.S. Departments of Agriculture and Health and Human Services, are the cornerstone of Federal nutrition policy and form the basis for nutrition education efforts of these agencies. The

U.S. Department of Agriculture's CNPP develops and promotes nutrition education materials to help consumers understand and use the *Dietary Guidelines for Americans* as well as MyPyramid, the tool designed to help consumers implement the *Dietary Guidelines*. Additional materials (hard copy and electronic) will be developed to help consumers understand and use the *Dietary Guidelines*, many of which may be geared toward various special population groups. Publications that have become obsolete since the release of the 2005 *Dietary Guidelines for Americans* and MyPyramid will also need to be updated and replaced. With the increased prevalence of overweight and obesity in the United States, it has become increasingly important to communicate clear and useful nutrition education information related to the *Dietary Guidelines* on food choices, weight, and physical activity. The USDA will have the lead responsibility for the 2010 *Dietary Guidelines* revision process from which new messages and materials may be developed, including a new consumer bulletin.

Educational messages and materials in support of the *Dietary Guidelines for Americans* and MyPyramid will be developed by the Center for Nutrition Policy and Promotion which may include:

1. Messages and materials related to the 2005 *Dietary Guidelines for*

Americans that aim to teach the general public about proper nutrition and physical activity;

2. Enhancement of the MyPyramid Web site to include additional components such as nutrition and physical activity personalized tracking and other interactive tools as well as more consumer and professional support materials;

3. Nutrition education and Internet-based materials to help combat overweight and obesity in America;

4. Materials relaying the 2005 *Dietary Guidelines for Americans* and MyPyramid for special population groups that might be identified; and

5. New policy, messages and materials that might be developed as a result of the 2010 *Dietary Guidelines for Americans* revision process.

The materials for these initiatives will be tested using qualitative consumer research techniques, which may include focus groups (with general consumers, educators, students, etc.), interviews (i.e., intercept, individual, diads, triads, usability testing, etc.) and Web-based surveys. Participants in the testing will provide information regarding the clarity, understandability, and acceptability of the messages and materials during the developmental process and during the final product development stage.

Submission for OMB Review; Comment Request

June 14, 2006.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the

agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB),

OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Farm Service Agency

Title: 7 CFR 1965-A, Servicing of Real Estate Security for Farmer Program Loans and Certain Note-Only Cases.

OMB Control Number: 0560-0158.

Summary of Collection: The Farm Service Agency's (FSA) Farm Loan Program (FLP) provides supervised credit in the form of loans to family farmers and ranchers to purchase land and finance agricultural production. This regulation is promulgated to implement selected provisions of sections 331 and 335 of the Consolidated Farm and Rural Development Act. Section 331 authorizes the Secretary of Agriculture to grant releases from personal liability where security property is transferred to approve applicants who, under agreement, assume the outstanding secured indebtedness. This section also authorizes the Secretary of Agriculture to grant partial releases and subordinations of mortgages, subject to certain conditions, and to consent to leases of security and transfers of security property.

Need and Use of the Information: FSA will collect information on program benefit recipient or loan borrower requesting action on security which they own, which was purchased with FSA loan funds, improved with FSA loan funds or has otherwise been mortgaged to FSA to secure a government loan. The information to be collected will primarily be financial data not already on file, such as borrower asset values.

Description of Respondents: Farms; Individuals or households; Business or other for-Profit.

Number of Respondents: 28,106.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 12,143.

Ruth Brown,

Departmental Information Collection Clearance Officer.

SUPPLEMENTARY INFORMATION: The Secretary of Agriculture is authorized by the Agricultural Marketing Act of 1946 (AMA), as amended (7 U.S.C. 1621 *et seq.*), to provide voluntary Federal dairy grading and inspection services to facilitate the orderly marketing of dairy products and to enable consumers to obtain the quality of dairy products they desire. One means of facilitating international marketing of domestically produced dairy products is through the issuance of export certificates.

Many importing countries require shipment specific certificates attesting to the acceptability of products and/or the manufacturing operations that produce these products. Some countries accept generic export certificates issued by the Dairy Grading Branch. Other countries have accepted certificates issued by the Dairy Grading Branch that include country specific information. The Dairy Grading Branch coordinates the content of these certificates with other Department of Agriculture (USDA) and Federal agencies when the statements made in these certificates are based on responsibilities of those agencies.

The manufacturing operations that produce products eligible for export certification include those operations participating in the USDA approved plant program administered by the Dairy Grading Branch (7 CFR part 58) and operations identified by the Food and Drug Administration. The AMA provides for the collection of reasonable fees from users of the services provided by the Dairy Grading Branch. Manufacturers and exporters requesting certificates are charged fees commensurate with costs associated with this service.

In order to prepare an export certificate, it is necessary that the manufacturer or exporter provide shipment specific information. This is accomplished by completing a worksheet developed by the Dairy Grading Branch then mailing or faxing this completed worksheet to the Washington, DC office. In some instances a Certificate of Conformance
