IV. Commission's Findings and Order Granting Accelerated Approval of a Proposed Rule Change

After careful consideration, the Commission finds that the proposed rule change is consistent with the Exchange Act and the rules and regulations thereunder applicable to a national securities exchange.¹⁵ In particular, the Commission believes that the proposal is consistent with section 6(b)(5) of the Exchange Act,¹⁶ which requires that the rules of an exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to and protect investors and the public interest. The Commission believes that the proposed rule is reasonably designed to provide additional flexibility in listing ICUs under the Exchange's generic listing standards. The Commission further believes that the proposed rule change will serve to protect investors and the public interest by maintaining the size and liquidity requirements applicable to the securities underlying the relevant index or portfolio.

Under section 19(b)(2) of the Exchange Act,¹⁷ the Commission may not approve any proposed rule change

¹⁵ In approving this proposal, the Commission has considered its impact on efficiency, competition, and a capital formation. See 15 U.S.C. 78c(f).

¹⁶ 15 U.S.C. 78f(b)(5).

¹⁷ 15 U.S.C. 78s(b)(2).

prior the thirtieth day after the date of publication of the notice of filing thereof, unless the Commission finds good cause for so doing. The Commission hereby finds good cause for approving the proposed rule change prior to the thirtieth day after publishing notice of the filing thereof in the **Federal Register**. The Commission notes that it has previously approved similar proposals by the American Stock Exchange LLC ("Amex"), and Chicago Board Options Exchange, Incorporated ("CBOE") to increase to 30 percent the permissible weight of the most heavily weighted component stock in an underlying index.¹⁸

For the reasons set forth above, the Commission finds good cause to accelerate approval of the proposed rule change pursuant to section 19(b)(2) of the Exchange Act.

V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Exchange Act, that the proposed rule change (SR-NYSEArca-2006-22) is hereby approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁹

Jill M. Peterson,

Assistant Secretary.
