for comments regarding a renewal to an
existing OMB clearance.

SUMMARY: Under the provisions of the
Paperwork Reduction Act of 1995 (44
U.S.C. Chapter 35), the General Services
Administration has submitted to the
Office of Management and Budget
(OMB) a request to review and approve
an extension of a currently approved
information collection requirement
regarding Art-in Architecture Program
National Artist Registry. A request for
public comments was published at 71
FR 10688, March 2, 2006. No comments
were received. This OMB clearance
expires on July 31, 2006.

The Art-in-Architecture Program is
the result of a policy decision made in
January 1963 by GSA Administrator
Bernard L. Boudin who had served on
the Ad Hoc Committee on Federal
Office Space in 1961-1962.

The program has been modified over
the years, most recently in 2000 when
a renewed focus on
commissioning works of art that are an
integral part of the building's
architecture and adjacent landscape was
instituted. The program continues to
commission works of art from living
American artists. One-half of one
percent of the estimated construction
cost of new or substantially renovated
Federal buildings and U.S. courthouses
is allocated for commissioning works of
art.
