

On June 12, 2006, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—West, granted the request for blanket approval under part 34. The Director's order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by the Receiver should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Notice is hereby given that the deadline for filing motions to intervene or protest is July 12, 2006.

Absent a request to be heard in opposition by the deadline above, the Receiver is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of the Receiver, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of the Receiver's issuances of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document. Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Magalie R. Salas,
Secretary.

Xcel Energy Services Inc.; Notice Allowing Post-Technical Conference Comments

June 13, 2006.

A technical conference was convened on Monday, June 12, 2006, from 10 a.m. to 11:30 p.m. at the offices of the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. The technical conference addressed, among other things, the two issues related to Xcel Energy Services Inc.'s (XES) proposed Service Schedules H and I, as discussed in the Commission's order issued on May 5, 2006.¹ Prior to the technical conference, a notice was issued on May 31, 2006, that set forth two questions; namely, why the transfer price proposed in Service Schedule H is different from the transfer price proposed in Service Schedule I, and why XES needs both service schedules. These questions were discussed at the technical conference.

Take notice that the Commission will accept comments pursuant to the discussion at the technical conference. Initial comments are due no later than 5 p.m. Eastern Time on Wednesday, July 19, 2006. Reply comments are due no later than 5 p.m. Eastern Time on Friday, August 4, 2006.

For further information please contact Christopher Daignault at (202) 502-8286 or e-mail christopher.daignault@ferc.gov.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.

Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Project No. 516-418]

South Carolina Electric & Gas Company; Notice of Availability of Environmental Assessment

June 12, 2006.

An environmental assessment (EA) is available for public review. The EA was prepared for an application filed by South Carolina Electric & Gas Company (licensee) on February 21, 2006 requesting commission approval for non-project use of project lands and waters at the Saluda Hydroelectric

Project. The project is located on Lake Murray in Saluda County, South Carolina. The non-project use would include a water withdrawal of 15.0 million gallons per day for public drinking water, and a conveyance of 0.23 acres of project property along with a 40-foot wide ingress and egress easement for the purpose of constructing a raw-water pumping station and associated facilities. The water withdrawal would involve an inter-basin transfer from the Saluda River basin for use and discharge into the Lower Savannah River basin and the Edisto River basin.

The EA evaluates the environmental impacts that would result from approving the licensee's proposed water withdrawal and the construction of associated facilities. Some land disturbance and lake-bottom excavation would occur, but impacts to the terrestrial and aquatic resources are expected to be minor and short term. The EA finds that approval of the application for non-project use of project lands and waters would not constitute a major Federal action significantly affecting the quality of the human environment.

A copy of the EA is attached to a Commission order titled "Order Modifying and Approving Non-Project Use of Project Lands and Waters" issued June 9, 2006 and is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link.
