**Proposed Data Collections Submitted for Public Comment and Recommendations**

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404-639-5960 and send comments to Seleda Perryman, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-D74, Atlanta, GA 30333 or send an e-mail to [omb@cdc.gov](mailto:omb@cdc.gov).

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the

use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

**Proposed Project**

Resources and Services for the CDC National Prevention Information Network—(OMB Control No. 0920-0255)—Extension—National Center for HIV, STD, & TB Prevention (NCHSTP), Centers for Disease Control and Prevention (CDC).

*Background and Brief Description*

The National Center for HIV, STD, and TB Prevention (NCHSTP) proposes to continue data collection for the Resources and Services Database on CDC National Prevention Information Network.

The CDC, NCHSTP program has the primary responsibility within the CDC and the U.S. Public Health Service for the prevention and control of HIV infection, sexually transmitted diseases (STDs), tuberculosis (TB), and related infections, as well as for community-based HIV prevention activities, syphilis and TB elimination programs. To support NCHSTP's mission and to link Americans to prevention, education, and care services, the CDC National Prevention Information Network (NPIN) serves as the U.S. reference, referral, and distribution service for information on HIV/AIDS, STDs, and TB. NPIN is a critical component of the network of government agencies, community organizations, businesses, health professionals, educators, and human services providers that educate the American public about the grave threat to public health posed by HIV/AIDS, STDs, and TB, and provides services for persons infected with human immunodeficiency virus (HIV).

Established in 1988, the NPIN Resources and Services Database contains entries on approximately

15,000 organizations and is the most comprehensive listing of HIV/AIDS, STD and TB resources and services available throughout the country. This database describes national, state and local organizations that provide services related to HIV/AIDS, STDs, and TB, services such as; counseling and testing, prevention, education and support. The NPIN reference staff relies on the Resources and Services Database to respond to thousands of requests each year for information or referral from community based organizations, state and local health departments, and health professionals working in HIV/AIDS, STD and TB prevention. The CDC-INFO (formerly the CDC National AIDS Hotline) staff also uses the NPIN Resources and Services Database to refer up to 500,000 callers each year to local programs for information, services, and treatment. The American public can also access the NPIN Resources and Services database through the NPIN Web site. More than 24 million hits by the public to the Web site are recorded annually.

A representative from each new organization identified will be administered the resource organization questionnaire via the telephone. Representatives may include registered nurses, social and community service managers, health educators, or social and human service assistants. As part of the verification process for organizations currently included in the Resources and Services Database, about 30 percent of the organization's representatives will receive a copy of their current database entry by electronic mail, including an introductory message and a list of instructions. The remaining 70 percent will receive a telephone call to review their database record. This request is for a 3-year renewal of clearance. There are no costs to respondents other than their time.

**Proposed Information Collection Activity; Comment Request**

*Title:* Form OCSE-396A: Financial Report; Form OCSE-34A: Quarterly Report of Collections.

*OMB No.:* 0970-0181.

*Description:* Each State agency administering the Child Support Enforcement Program under Title IV-D of the Social Security Act is required to provide information to the Office of Child Support Enforcement concerning its administrative expenditures and its receipt and disposition of child support payments from non-custodial parents. These quarterly reporting forms enable each State to provide that information, which is used to compute both the quarterly grants awarded to each State and the annual incentive payments earned by each State. This information is also included in a published annual statistical and financial report, which is available to the general public.

The Administration for Children and Families received no comments concerning these reporting forms in

response to an earlier **Federal Register** Notice (71 FR 19190). In addition, on February 8, 2006, Public Law 109-171, the “Deficit Reduction Act of 2005” was enacted, which contains several amendments to the Social Security Act that will directly affect the financial reporting for this program. Most of these amendment changes will be effective October 2007 and October 2008.

For these reasons, we are requesting that the existing forms be reapproved, without changes, through September 2008. During that time, we will continue to review the statutory changes and develop revisions to these forms that will comply with those changes.

*Respondents:* State agencies administering the Child Support Enforcement Program.

**ANNUAL BURDEN ESTIMATES**

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
OCSE-396A .....	54	4	8	1,728
OCSE-34A .....	54	4	8	1,728

*Estimated Total Annual Burden Hours:* 3,456.

*Additional Information:* Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L’Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection. E-mail address: [infocollection@acf.hhs.gov](mailto:infocollection@acf.hhs.gov).

*OMB Comment:* OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written

comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, 725 17th Street, NW., Washington, DC 20503, Attn: Desk Officer for ACF.

Dated: June 15, 2006.
