Saint-Gobain Advanced Ceramics Microelectronics Division, Sanborn, NY; Saint-Gobain Advanced Ceramics Microelectronics Division, East Granby, CT; Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273), as amended, the Department of Labor herein presents the results of its investigation regarding certification of eligibility to apply for worker adjustment assistance.

In order to make an affirmative determination and issue a certification of eligibility to apply for Trade Adjustment Assistance, the group eligibility requirements in either paragraph (a)(2)(A) or (a)(2)(B) of section 222 of the Trade Act must be met. It is determined in the case of Saint-Gobain Advanced Ceramics, Microelectronics Division, Sanborn, New York that the requirements of (a)(2)(A) of section 222 have been met.

The investigation was initiated on April 20, 2006 in response to a petition filed by a company official on behalf of workers of Saint-Gobain Advanced Ceramics, Microelectronics Division, Sanborn, New York (TA-W-59,247) and Saint-Gobain Advanced Ceramics, Microelectronics Division, East Granby, Connecticut (TA-W-59,247A). The workers at the Sanborn facility produce aluminum nitride substrates, while the workers at the East Granby facility produce silicon-nitrate bearings.

With regard to the Sanborn, New York facility, the investigation revealed that sales, production and employment at the facility all declined absolutely upon its shutdown, which occurred on February 28, 2006.

The Department of Labor surveyed the subject facility's primary customers regarding purchases of aluminum nitride substrates in 2004, 2005 and during the period of January through March of 2006. The survey revealed that from 2004 to 2005 when the subject firm's sales declined, respondents became increasingly reliant on imports of aluminum nitride substrates. Customer imports also were sustained with the closure of the plant in 2006.

With regard to the East Granby, Connecticut location, the petitioner has requested that the petition be
