

collection will remain available to the public in microform in the Public Search Facility. Thus, all information currently available will remain available in non-electronic format.

For the reasons discussed above, the USPTO believes that removal of the paper search collection of marks that include designs will not negatively impact the public. All existing paper records will remain available in microform. Design coding errors will be reduced through checking by applicants and internal training and quality review procedures. The creation of the on-line dual design coding system will benefit the public because it will be available to all members of the public through the Internet.

Any interested member of the public is invited to provide comments on this modified plan to eliminate the trademark paper search collection of marks that includes design elements. Once all comments have been reviewed and addressed, and any necessary modifications have been made, the USPTO will submit another report to Congress detailing its plan. The paper collection of marks containing designs will not be removed until the USPTO has certified that the implementation of such plan will not negatively impact the public. An additional notice to the public will be issued 60 days prior to removal.

Dated: June 15, 2006.

#### **Draft Environmental Assessment for the Transformation of the 49th Fighter Wing at Holloman Air Force Base, NM**

**AGENCY:** Department of the Air Force, Air Combat Command, Department of Defense

**ACTION:** Notice of Availability (NOA) to announce that a Draft Environmental Assessment at Holloman Air Force Base, New Mexico for transforming the 49th Fighter Wing through retirement of the F-117A, and T-38A, and beddown of the F-22A is available for review.

**SUMMARY:** The United States Air Force is issuing this NOA to announce that a Draft Environmental Assessment (EA) addressing the proposed transformation of the 49th Fighter Wing (49 FW) at

Holloman Air Force Base (AFB), New Mexico is available for review. The Draft EA addresses the potential environmental consequences of a proposal to transform the combat capability of the 49th Fighter Wing and maximize the use of available infrastructure at Holloman AFB by replacing the retiring F-117A aircraft and T-38A aircraft supporting the F-117A mission with two new F-22A squadrons. The transformation would enhance the low observable, precision weapons system capability of the 49th Fighter Wing. The Draft EA is issued in compliance with the National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321-4347), the Council on Environmental Quality NEPA Regulations (40 CFR 1500-1508); and the Air Force's Environmental Impact Analysis Process (EIAP) (Air Force Instruction 32-7061 as promulgated at 32 CFR 989). The Draft EA analyzes the following actions at Holloman AFB:

1. Retire F-117A and T-38A aircraft currently based at Holloman AFB.
2. Beddown and operate two F-22A aircraft squadrons.
3. Renovate existing facilities and construct new facilities to support the F-22A squadrons.
4. Adjust base manning to reflect F-22A beddown requirements.
5. Conduct F-22A training routinely in airspace within 100 miles of Holloman AFB, to include supersonic operations.
6. Create on Air Traffic Control Assigned Airspace (ATCAA) and modify the Cowboy ATCAA.
7. Expand chaff and flare use in military airspace.

Alternative airspace training and the No Action Alternative are addressed in the Draft EA. The Draft EA is available for review at the following: Online at <http://www.a7zpin Integrated Planning.org>; Alamogordo Public Library, Artesia Public Library, Branigan Memorial Library, Carlsbad Municipal Library, Cloudcroft Library, Dona Ana Community College Library, El Paso Community College-Rio Grande Campus Library and Transmountain Campus Library, El Paso Public Library, Las Cruces Public Library, New Mexico State University Branson Library, New Mexico State University Alamogordo Library, Ruidoso Public Library, Truth or Consequences Public Library, Village of Carrizozo, Holloman AFB Library, National Technical Information Service, and Mescalero Community Library; or you may also request a copy of the Draft EA from Holloman AFB Public Affairs at 505-572-5406.
